FOOTBALL LINE-UP

INTERESTING PRACTICE GAME PLAYED YESTERDAY.

Positions for the Season Will Be Assigned This Evening—Team Is Weak in Aggression, But Very Effective and Capable in a General Way—All Arrangements Are With a View to Playing Baker City.

Last evening the football team of Pendleton Academy and the high school met for a practice game on the high school grounds. The team from the academy proved to be easy for the high school boys as far as ground gaining was concerned, though they held them down as far as line plays were concerned. The high school could run the ends at will, but the line could not be broken. This evening the men will be lined up for the beginning of the end. Coach Smythe is not entirely pleased with the work of the guards and tackles and will begin to teach them the game in good earnest. The backs have been coached into pretty good shape, and all of the men have learned the signals and how to play them, but the line is weak in offensive play, and a good showing in this is much to be desired before they go up against the Baker City boys on Thanksgiving Day. It was the special effort of the coach to get the men into the line plays from now on, so that they will be able to get into the plays of the Baker City boys when the time comes.

The team from Baker is said to be better this year than it has been for some seasons, and the local boys will have to put up a good fight to take the game. However, the captain and coach are confident of a good showing, and expect to bring home the victory.

The line-up for the game has not yet been definitely settled, as there are some good men making hard fights for their places and the coach will not make a positive arrangement until late in the day. Although there has been some talk of bringing Baker City here, there is nothing now known that will cause such an action, as this is Pendleton's turn to take the trip, and it is expected that a large crowd will go with the team to the sister city to watch the Baker City boys get their needs.

"DUSTY" RHODES SHOT.

Crime Took Place in Portland—Victim Is Well Known Here. Bert Rhodes, who was shot in the

Horseshoe saloon in Portland, and who will in all probability lose his slight, if not his life, as the result, was formerly a bartender in the saloon of A. Nolte, of this city.

Rhodes was known in this city as "Dusty" Rhodes, and was well liked by the saloon men and by his other associates. He came to this city about two years ago from Walla Walla, and was here for nearly a year.

Sunday night Rhodes had a fight with a man who was creating a disturbance in his saloon, and after some time the stranger returned and shot the bartender in the back of the neck as he turned to ring up some change in the cash register. The ball went through the neck, the roof of his mouth and came out near the right temple, missing the arteries and brain. Rhodes was taken to St. Vincent's hospital and it is thought that he has a fair chance to recover, though he will be blind. Tex Langiver, of this city, was a witness to the tragedy.

TRIAL OF GEN. CRAWFORD.

In the Event of Disbarment, Governor Chamberlain Favors a Pendleton Man.

The disbarment proceedings against Attorney-General A. M. Crawford, came up today before a committee of the State Bar Association at Portland. He is accused by Judge Willis of having perjured himself, and the judge will attempt to prove his assertions. Mr. Crawford is represented by Judge Watson.

While in this city during the irrigation convention, Governor Chamberlain stated to some friends that in case that charges against the attorney-general were found to be well founded and he was relieved of his office, that a Pendleton man would get the position if it were in the appointing power of the governor to give it to him.

Serious Runaway.

U. G. Horn, of East Birch Creek, started to this city with a team yesterday and when a about a half mile from his home, the team scared and ran away, dragging the buggy for a half mile and severely bruising Mr. Horn. The buggy was pretty badly used up but the team was uninjured.

Eagles Banquet and Reception.

On the evening of next Friday the Eagles will give a banquet and reception to all the Eagles of the city, their wives and sweethearts. The affair will be held in Hendricks' hall, and will be managed by Messrs. Bogert, Al Koeppe and Ashton, as the committee appointed by the lodge.

BIG THEFT CHARGED

STRANGER ARRESTED LAST NIGHT AT ECHO.

Answers Description of Minnesota Fugitive, But Denies He Is the Man—Was Trying to Buy Farming Land—Arrest Made by Eit Spike.

A man was arrested last evening at Echo, answering the description of Alfred A. Buck, who is wanted in Mapleton, Minn., for the embezzlement of \$17,000 while cashier of the Mapleton State Bank, in October of this year. The arrest was made by Deputy Sheriff Eit Spike and the man is being held for identification, a telegram having been sent to the sheriff of the Minnesota town this morning.

The description of the man tallies in every important respect with that of the man wanted, though he claims to be from Seattle, and disclaims any knowledge of the town of Mapleton, or of the crime. He came to Echo a couple of days ago and was in Pendleton for a day or two. He stated that he was trying to buy a farm at Echo when he came to this city, and was arranging for such a transaction when the arrest was made.

Buck, the man wanted, was the cashier of the Mapleton bank, and was of a sporting disposition. After having created a shortage of \$17,000 he left the country, leaving behind him a note acknowledging the shortage, but stating that he would not be taken by the officers.

PUBLIC SCHOOL LIBRARIES.

Selection of Books Has Been Made by Messrs. Nowlin and Conklin.

Last week Prof. Nowlin finished the work of selecting the books for the various districts of the county, and has forwarded the last order to Gill & Co. of Portland from where they will be forwarded as soon as possible.

The law provides that the county court shall levy a tax amounting to not less than ten cents per capita, and the fund arising from which levy shall be used in purchasing books for a library for the use of the schools of the county.

According to the provisions of the law the county superintendent shall select, with the help of the school boards, the books which go to make up the libraries of the various schools. Most of the boards delegated this task of selecting the books of Superintendent Nowlin, and he made the choice.

The last school district to place its order was the Pendleton district, which was entitled to \$150 worth of books. On Friday last Superintendent Nowlin, with the assistance of City Superintendent Conklin, made the selections, and the books will be here in a short time. The works selected are wide in range, to meet the demands of the different grades of the city schools, and embrace literary, scientific and historical subjects, as well as the lighter form of literature adapted to the needs of the younger classes.

NEW LICENSE ORDINANCE.

City Attorney Carter Is Engaged on a Revision.

Charles H. Carter, the city attorney, is out again after being confined to his home for some time as the result of being thrown from his buggy in a runaway accident. He is carrying a bandaged hand and wrist, but is otherwise recovered from his experience.

Mr. Carter is now engaged in drafting an ordinance covering the license question in the city. For some time the ordinance now in effect have proven unsatisfactory and a general revision is wisened by the city government. In some cases the ordinances are defective, and other conditions are not covered at all. Merry-go-rounds and some other things of that nature have no tax to pay and can operate free of charge, while other shows are taxed more than is just in proportion.

The new ordinance will arrange licenses for all things coming to the city, and for all business in the city permanently it will attempt a just and equitable revision.

PAPERS OF ADOPTION.

Grandparents Become the Legal Parents of Sophia La Roque.

A petition has been filed in the county court by Peter LaCouse and Louisa LaCouse his wife, asking that they be allowed to adopt Sophia LaRoque. This child is 13 years of age and has lived with the petitioners for 11 years. Her father is living, but is single, and unable to provide a home for his child, while the mother died in 1893. Mrs. LaCouse is the grandmother of the child. The court granted the petition.

THE STORM IS GENERAL.

Snow All the Way From Pendleton to Denver—Three Feet at Meacham.

The snow storm which reached Pendleton yesterday evening and ended with an inch of snow, the first fall of the season in the city, is general all over the mountain country from the Blue mountains to Denver. There has been some snow from Bingham Springs to Hilgard, with a light fall in Grand Ronde valley for the past two weeks, but it was confined to the foothills in Umatilla county.

Yesterday evening's storm filled in the bare places and covered the ground over the entire area of the county. At Meacham today there is reported to be three feet of snow, with excellent sledding. Kamela boasts three feet. Huron one and a half foot, Elengham Springs about 10 inches, and Weston mountain two feet. It is not early for snow in the

wood camps, and the woodmen have been waiting for this slodding weather for a month. The first heavy rain in the mountains in the fall of the year, spoils the wagon roads, and the wood haulers would much rather see snow, after the first of November, than rain.

Passengers coming through on the O. R. & N. trains report snow all along the line of the Short Line and Union Pacific to Denver.

"Little St. Petersburg."

Walla Walla has a Russian settlement in the suburbs known as "Little St. Petersburg." There are about 300 Russians in the colony and many of the houses contain two large families. The Russian men are common laborers and work at any hard, manual labor to be found. They all speak broken English and have a Russian church, at which they all worship. In this district were found the Russians who were "naturalized" by Adam Schmitt for election purposes, and for which illegal "naturalization" Schmitt is now under \$5,000 bonds.

Too Wet to Seed.

The almost incessant wet weather of the last week is preventing farmers from seeding as they have been unable so far to get on even the dryer lands since the first showers made seeding impossible, says the Walla Walla Union. Slightly over half the county acreage is said to be sown and work on the remainder will commence as soon as it gets sufficiently dry.

Some Grip and Pneumonia.

Now that the cold weather has set in and one day is warm and the next cold, the usual number of bad colds have made their appearance, and grippe and pneumonia are claiming their usual tribute of suffering among the citizens. There have been several cases of pneumonia in the city, though almost all of them are doing well and no permanent ill effects are anticipated for the patients.

Judge Fitz Gerald Sick.

City Recorder Thomas Fitz Gerald is confined to his bed with a severe cold, and has not been able to be at his office today. He has been suffering with a cold for some time, but the recent change in the weather has added a little to the load already carried, and the judge is temporarily out of commission.

Severely Sprained Ankle.

Miss Ivy Younger had the misfortune last week to sprain her ankle while playing basket ball, and as a result will not be able to walk to several days. While playing she fell and sprained the ankle, one of the other players stepping on her foot at the same time, bruising the member and making the injury more painful.

Thrown From His Wagon.

Dan Crowley, a farmer living on the reservation, was thrown from his wagon last evening as he was starting for his home, by the shying of his horse at a street lamp, and he partly under the wagon, which passed over his right arm, breaking it. He was taken in charge by Dr. McFaul, who set the bone and this morning the patient was resting easily.

Death of an Infant.

Last night the infant son of Mr. and Mrs. George Schroeder, of Warren Station, died very suddenly. The child had been ruptured and the immediate cause of death was a rupture of the intestines. The burial will be held tomorrow from the family home.

Special Music.

Mr. and Mrs. Glenn Winflow will render a musical selection, and Professor Jones will sing a solo at the entertainment in the Congregational church this evening. Good social time and oyster supper.

On a Bear Hunt.

Engineer E. Jacobson, of the O. R. & N., is preparing to take an extended bear hunt, with a pack of trained hounds, in the mountains near Kamela.

A Son Born.

A son was born last night to the wife of Thomas Austin, at the family home on Jane street. Mr. Austin is an employe at the butcher shop of C. Platzoeder.

Maccabees Dance.

The Maccabees will give a dance at Music Hall tomorrow evening.

A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic and above all thorough treatment. A mere cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion. Why Scott's Emulsion? Because it stops the irritation, soothes the tissues and heals the affected membranes. When? Right away. Scott's Emulsion begins to help with the first dose.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

NOW FEEDING SHEEP.

It is the Result of the Recent Snow Storm.

Clarence Thessen returned yesterday from Mason prairie where 1,800 sheep are being fed for mutton, says the Lewiston Tribune. The storm this week has been the most severe on the Mason prairie ever known and all the sheep in this section are now being fed hay. It is expected that by the first of December feeding quarters will be established in Tammany and 2,600 sheep will be fed there for the market. All of the sheep fattened here will be sold in the local market or shipped to Seattle.

The feeding quarters for the stock sheep will be established on Sweetwater about the first of the year, but it is believed that the stock sheep will be carried through the winter with much less feed than last year.

The range has been good for stock sheep until the recent snow and it may be possible that after the melting of the snow on the ground that the herds will be carried over with very little feed except during the severe storms of January.

Guest of F. S. Younger.

While in the city yesterday, President P. L. Campbell, of the University of Oregon, was the guest of air, and Mrs. F. S. Younger, who are old acquaintances of President Campbell.

Notice.

Remember the St. Joe Store will give away absolutely free, \$100 in gold, December 24th. A ticket given with each dollar purchase. See that you get your tickets.
