## NEWS OF ATHENA

SOCIAL EVENT OF SEASON  
AT DR. PLAMONDON'S HOME.

New Dentist Has Settled in Athena—Snow and Twenty Degrees Below Zero—Juror in United States Court—Improvements on the Opera House.

Athena, Nov. 18.—One of the sweetest social events of the season was given at the pleasant home of Dr. J. D. Plamondon, Monday evening. It was given by Dr. and Mrs. Plamondon, in honor of their guest, Miss Agnes Fletcher, one of Pendleton's very accomplished and pleasant mannered young women who is visiting at their home for a few days. Everything was announced in readiness at eight o'clock, and the following persons were present as invited guests:

Mr. and Mrs. C. A. Barrett, grand-ma Barrett, Mr. and Mrs. William McCullom, Mr. and Mrs. F. S. Le Grow, Mr. and Mrs. Austin Foss, Misses Manasse, Nellie Foss, Ada Brown, Mrs. Roberts, and Messrs. Will M. Peterson, William Lyons, Lewis Probst, Henry Barrett and Ord Bostwick.

About two hours was given to playing "Winch," "Stock Exchange," and other games at cards, causing many outbreaks of laughter and joyous merriment. Supper was then announced and all marched to the dining room to find it elegantly decorated with flowers of the sweetest perfume, and the table gorgeously spread and sumptuously provided with the choicest cakes, fruits and liquors.

In fact, it was a meal that would have done honor to the ambrosia of the Gods. At the close thereof, Mrs. Austin Foss gave a classic toast to the host and hostess and the parlor was the happy recipient of all.

Mrs. Plamondon and Miss Fletcher alternately played the piano, and to more clarion and dulcet music we have never listened. It was the music of the happy long ago polished with the essence of the spirited to-day and everyone's heart was gladdened with song. This was followed by a recitation from Mrs. Roberts and that did credit to elocution's charm. And at twelve o'clock, which had come like a swift wind, making four hours seem like two, pleasant "good evenings" were heard and all separated in joy.

### New Dentist Arrived.

Dr. Walter Anderson arrived in Athena, Monday, for location. The doctor is from The Dalles, is highly recommended as a young dentist of skilled mechanism and business ability. He is a recent graduate of the Portland Dental School and has worked in some of the best offices in the state. They will make their home for the winter in the former residence of E. L. Barnett, and the Dr. will open his dental parlors on Main street.

E. L. Barnett has gone to Portland as a federal juror in the U. S. District Court. Mrs. Barnett and son, Roy, will join him in Portland where they will make their home for the winter.

Two inches of snow, and the thermometer registering 20 degrees below, and the wind blowing furiously is the grand opening with which winter greeted us.

George Brady has returned from Pendleton and other places where he has been on business for several days. His pleasant smile would indicate that he has had a good time. Warren Raymond, one of the largest wheat growers of Umatilla and Walla Walla counties is in Athena for a few days.

The opera house was painted last week and presents a favorable appearance for theatrical work. Shields will show there on Saturday night.

Thomas J. Kirk will attend the U. S. District Court at Portland this week and visit among his many friends in the Willamette valley.

## RHEUMATISM NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antitoxins and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.
