GENERAL NEWS.

President Cabrera, of Guatemala, with emphasis and without hesitation indorsed the action of the United States in the Panama matter.

The public school teachers of New York have formed a union—(not in any sense an "association") with 12,000 members. Remuneration, qualification and other common interests prompted the organization.

At Valjeo, Cal., Wednesday morning, last, an explosion of gas in a restaurant, blew the sleeping proprietor, W. H. Williams, through a window and onto the walk outside. He was seriously but not dangerously hurt.

Five members of the Hickey family of six died on successive days of the past week in Brooklyn. The priest was at the bedside of each, died yesterday of the same disease—a virulent form of typhoid pneumonia.

A bridge went down over a gully 50 feet deep near Ukiah, Mendocino county, California. With it went a team of four horses and a load of freight upon which rode three men. The horses and one man were killed. The other two men were uninjured.

"Jersey Jim" Johnson is dead at Trenton, N. J., where he was born and raised. He died from exposure and starvation in the city jail, where he was imprisoned for stealing a pair of pants. He was a gambler and all-round crook and at one time had a fortune of several million dollars.

NORTHWEST NEWS.

The ironmolders of Spokane are on a strike, demanding a raise in wages from \$3.50 to \$4 per day.

The Idaho State Agricultural College football team defeated the Montana team at Moscow, Thursday, by a score of 28 to 0.

Joe Johns, of Cracker Creek, Baker county, won the Northwest drilling contest from the British Columbia representative, on Thursday, at Cracker Creek.

The Oregon Mineral Springs Association has filed articles of incorporation at Eugene and will manufacture medical salts from a mineral spring in that vicinity.

Charles, the 12-year-old son of Professor William Parker, principal of the Silverton high school, was drowned in Silver Creek, near his home, Thursday evening.

Special dispatches from Cokeville, Wyo., state that unless the blizzard now raging in that vicinity, does not abate, that 50,000 sheep will perish inside of two more days.

The case of 70 school teachers against Multnomah county, in which the teachers object to surrendering \$5 of their salaries for non-attendance at the county institute, will be heard in Portland on November 23.

The Salem Ministerial Association has taken an active part in the closing of gambling in that city, and now asks the electors in a set of resolutions, to elect men to the city council who will close down.

Frank L. Kipper, a sailor boarding house runner of Portland, was shot through the head in the tenderloin district in that city, Wednesday night, and while the bullet passed entirely through his head, there is every probability that he will live.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. NEWS OF ATHENA

SAW MILL ON WESTON

MOUNTAIN BURNED.

Owners of Mill That Burned Will Rebuild Next Spring—Moved to Pendleton—Moved From Kamela to Attend School—Little Child Burned by Concentrated Lye.

Athena, Nov. 18.—A big fire entirely destroyed the Johnson & Laur's saw mill on the Weston mountains. About 100,000 feet of lumber was in the yard, and about 50,000 feet was saved.

The mill was newly equipped last spring. It cut about 8,000 feet per day. The loss is estimated about \$3,000. It is thought the owner will rebuild in the spring.

Mrs. James and daughter Frankie, formerly of this city, but now of Pendleton, are visiting friends and relatives in this city.

Miss Ellen Owens of this city in a few days will go to Corvallis on a month's visit with friends in that city.

Lewis Bergevin and family of this city moved to Pendleton this week. Mrs. Charlton and sons Star, Chyle, Clyde and Otha of Kamela are moved to Athena and rented a house to get the benefit of the public schools.

Mrs. Willis Bush's nephew, Bryon Hawks, is ill at Mrs. Bush's home. Athena was visited with about an inch of snow Sunday night and Monday. The first snow to speak of this season. It has stopped plowing and seeding in this vicinity.

Brought Cattle Here to Feed.

Rosevee Dickinson and brother of Camas Prairie, on account of the shortage of feed have brought their cattle to the flat a few miles from Athena to winter them on straw.

Burned by Concentrated Lye.

Mr. and Mrs. George Titworth's baby, Helen, accidentally got hold of a can of concentrated lye. The little one attempted to eat it, and put it in her mouth, but did not swallow any of it. Her mouth and lips were badly burned. Grease and several other antidotes were used, which soon relieved the little sufferer.

NEW TRAIN TO GO ON.

Northern Pacific and W. & C. R. May Increase Service.

Walla Walla, Nov. 20.—It is reported the Northern Pacific railway Company is contemplating the re-establishment of the local passenger train between Seattle and Spokane. It is said that travel has increased to such an extent between these points that the extra train has been made a necessity. This train was

withdrawn some time ago, and ever since its withdrawal an effort has been made by the traveling public to have it put on again.

In the event of the train being put on again, it is believed that the W. & C. R. Railway Company could be prevailed upon to put on a passenger train between Dayton and Pasco to make connections with the Northern Pacific.

It has also been suggested that a through sleeper might be placed on the local train.

College Circus Opens.

Walla Walla, Nov. 20.—The mid-winter circus, by the Whitman College students and the Walla Walla band, opened in armory hall last night to a large audience. Every reserved seat in the house was occupied and the gallery was fairly well filled. The show went off without a hitch, and the entertainment furnished was first-class. The show was opened with a grand entry in which over 200 performers and the troupe of trained elephants participated.

Klondike Gold Output.

The amount of the season's shipments of Klondike gold from Dawson, while not as large as last year's output, is still very encouraging. They amounted to the sum of \$10,137,398, as compared with \$11,845,292 for 1902. From the American Yukon, through Canadian territory, by special permit which exempts such shipments from payment of the usual Canadian royalty of 2 1/2 per cent., a total of 13,361 ounces was shipped. While the season has been a profitable one present indications are that next year's total output will be still greater.

Perry Mills Close.

The lumber mills of the Grande Ronde Lumber Company, of Perry, have closed down, for the winter, owing to the ice blocking the log chutes from the river. The mill has engaged a continuous run of 202 days this year and will resume in the early spring. The river is filled with logs for the spring run.

T. S. B. Sotham, the Chillicothe, Mo., breeder of Hereford cattle, has gone bankrupt.
