OREGON MUST TAKE INTEREST
IN LIVESTOCK CONVENTION.

Douglas Belts, President of Oregon
Woolgrowers' Association, Urges
All Stockmen to Attend Meeting of
National Association in January—
It is Oregon's Opportunity.

Douglas Belts, president of the
Oregon Woolgrowers' association,
was in the city yesterday evening,
from his home on Birch Creek, and
reports the weather very favorable
for feeding.

Mr. Belts says stock are in good
condition to begin the winter, and
the stockmen are very glad to see
an early spell of cold weather, as
it usually presages open weather,
later in the winter or an early spring.
Sheep on the foothills in the Birch
Creek country are being fed now,
and the frozen ground make it excel-
lent feeding weather, as stock eat up
all the feed thrown out, and none is
wasted as in "soft" or muddy
weather.

Speaking of the coming meeting
of the National Livestock Association
in Portland, Mr. Belts said he expected
to go and take part in the delibera-
tions of that body, and hoped to
see a good attendance from this coun-
ty and all Eastern Oregon as mat-
ters of vital importance to every
stockman in the state would be con-
sidered at that meeting.

He especially hoped that all kind
of livestock would be fully represented
at that meeting and expressed the
wish to see cowmen from Eastern
Oregon, as well as sheepmen, lend-
ing their assistance to the great work
ahead of this organization.

At the meeting of this association
in the East, the southern and south-
western cattlemen predominate, but
the delegates from this state have
been principally sheepmen. He be-
lieves the movement to organize and
operate an Independent Packing
Company, by the stockmen of the
United States will be a great suc-
cess, for the reason that it is being
liberally supported from all parts of
the country.

The truth of the matter about the
Independent Packing Company, is
that the stock could have been ob-
tained in Kansas and Texas alone,
without calling upon another state,
but the promoters would not con-
centrate the business in this manner,
but wish to see every state represented
among the stockholders.

Mr. Belts thinks that Oregon stock-
men should attend this meeting en
masse, to show their appreciation of
the honor shown the state, and to
benefit from association with the
leading spirits in the greatest in-
dustry in the West, who will take
part in the deliberations of that
body. It will consider the questions
that most vitally concern stockmen,
and Oregon stockmen will be able
to hear these questions discussed
by moving spirits, and able men, and
will receive great benefit from the
meeting.

DOWIE'S VICTIMS.

Australia Paper Tells of "Zionists"
Queer Actions.

The Canterbury Times, published
in Australia, has the following to say
in regard to the actions of Dowie,
the "Zionist" before coming to the
United States.

"The Probate Court of Chicago has
ordered Dr. Dowie to repay ten
thousand sterling to the heirs of
Frederick Sutton, a New Zealander,
one of Dr. Dowie's converts.

"Rev. Alexander Dowie studied for
the ministry in the Presbyterian
church, but became possessor of pec-
uliar notions of his own about reli-
gion, and struck out a course for
himself apart from the church.

"He lectured through Australia and
New Zealand about twelve or four-
teen years ago, and since then has
exploited the United States with his
peculiar doctrines as to the power of
faith.

"Frederick Sutton, a wealthy New
Zealand advertiser, is said to have
come strongly under his influence,
and when he died Dowie claimed
that Sutton's fortune had been left
to him as an endowment for "Zion
church," that is, Dowie's church.
The heirs at law, however, did not
see eye to eye with Dowie on the
subject, and pressed their claim in
the United States courts, with the re-
sult that the "divine Dowie" has to
pay them £10,000, as above stated."

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or sore-
ness of the membrane or lining of the nose, discharge of mucus matter,
headaches, neuralgia and difficult breathing, and even in this early stage
is almost intolerable. But when the filthy secretions begin to drop back
into the throat and stomach, and the blood becomes polluted and the
system contaminated

I had a continual headache, my cheeks had grown
purple, my nose was always stopped up, my breath
had a sickening and disgusting odor, and I coughed
incessantly. I heard of S. S. S. and commenced to use
it and after taking several bottles I was cured and
have never since had the slightest symptom of the
disease.
Miss MARY L. STORM,
Northwest Cor. 7th and Felix Sts., St. Joseph, Mo.

It affects the kidneys
and stomach as well as other parts of the body. It is a constitutional
disease and as inhaling mixtures, salves, ointments, etc., are never more
than palliative or helpful, even in the beginning of Catarrh, what can
you expect from such treatment when it becomes chronic and the whole
system affected? Only such a remedy as S. S. S. can reach this obsti-
nate, deep-seated disease and purge the blood of the
catarrhal poison. S. S. S. purifies and builds up the
diseased blood, and the inflamed membranes are
healed and the excessive secretion of mucus ceases
when new, rich blood is coming to the diseased
parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for
Catarrh in all stages. Write if in need of medical advice; this will cost
you nothing.

ACT I
...per and fastidious
...addressed the
...ly: "I wish you
...to my order 2 pounds
...best Java and Moc-
...fresh roasted, and
...her fine. I want this
...good as we are giving
...so give me the
...them all up this
...and please be par-
...that coffee.

ACT II
Now the next question is,
what happens in Act 2. Does
the grocer dig into the two-bit
coffee next to the cod fish box,
grind up some six-weeks-old
coffee and charge it up as Java
and Mocha at 40c per lb? Or
does he really give the custom-
er what is ordered, a high grade
coffee, fresh roasted, and charge
at a fair profit.

WHAT WOULD YOU DO?
Supposing there were two grocers
in a well settled, prosperous com-
munity, one following the first plan
and the other the latter. Which do
you think at the end of a year's
time would have most of the well-
to-do customers? Which would
have the best and most profitable
coffee trade?
During the years that we have
been sending out high grade Java
and Mocha, we have watched the
profitable coffee trade moving slow-
ly but surely to the house that sells
the best coffee.
We offer you the best coffees that
money will buy. We ask you to try
them and be convinced.
