GENERAL NEWS.

Mrs. Phoebe Gifford died Sunday at Providence, R. I., aged 101 years. She had been a Quaker minister over seventy years.

It is probable that the extra session of congress will be allowed to lap over and connect with the regular December session.

The new steamer Baltic, just launched at Belfast, has the largest carrying capacity—39,800 tons displacement—of any vessel in the world. She is only 720 feet long, and is exceeded in length by several steamers.

The senate committee has favorably reported upon ceding back to Cuba the Isle of Pines, and the senate will undoubtedly ratify the action. Cuba's liberality in giving to the United States grounds and harbor rights for a naval station at Guantanamo accounts for the recession of the island.

Daniel E. Zang, foreman of the press rooms of a Chicago publishing house, shot and killed Emilie Reichow, another pressman. Both were union men. Reichow was on strike, but Zang refused to go because the central union had not ordered the strike. Zang was attacked by several men and shot in self-defense.

Hinta, a Japanese, captain of the Tokai Maru, a steamer which was sunk by a collision in the Japan sea lately, is the hero of the hour. He deliberately chose to go down with the wreck rather than save his own life at the expense of some common sailors. He lifted his cap to sailors in boats as his ship made the last plunge.

NORTHWEST NEWS.

John Maginnis, a marine fireman, was drowned at Seattle, Monday, in attempting to board the steamer Indiana while he was in a drunken condition.

Salem mail carriers are dissatisfied with the present pay, and unless congress increases the salaries there will be trouble in keeping regular men on the routes.

Chris Thomas, a convict just released from the penitentiary, passed a bogus check on Ladd and Bush's bank, in Salem, Monday, and is now in hiding. Another term is in store for him.

David Higgins, the man who started the first daily paper in Seattle, died, Monday, in that city, aged 76 years. He was a pioneer of the state of Washington and had always been prominently connected with public affairs.

Francis M. Guye, one of the oldest pioneers of Seattle, is under arrest for attempted arson, having been detected in the act of setting fire to the residence of his stepson, Charles E. Plimpton, a clerk in the office of the county clerk. It was over a family row.

Deafness Cannot Be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

RIDGE AND VICINITY

MOVED TO PENDLETON
TO EDUCATE CHILDREN

Stock Feeding Around Ukiah and Alba—Deer Coming Down From the Mountains—Unusual Numbers of Coyotes—Several Students From Ridge at Pendleton Academy—P. E. Fletcher is Building an Addition.

Ridge, Nov. 24.—The Rust Bros. sold their lambs a short time ago to a Butter creek man.

Mr. and Mrs. Frank Kopp and family moved to Pendleton the first of the week to spend the winter for the schooling of their children.

Arno and Charles Futter of Ukiah passed through here Tuesday on their way out north of Pendleton to prepare for moving their cattle to the straw fields. They reported twenty inches of snow on the summit of the mountains and about six inches in the valleys. People are feeding in the vicinity of Ukiah and Alba.

The Ogles are weaning calves. P. A. Fletcher is building an addition on his new dwelling.

We have had foggy weather for the last four days and very cold, too, the mercury running down as low as 22 above.

Sam Carney and the Owingses moved their cattle from their mountain pastures a few days ago.

Ray Wachter is attending Pendleton Academy this winter.

Charles Reimer of Pendleton is spending the winter with John Kopp. Wednesday last as L. Wachter, Thomas Ogle and J. T. Ogle saw a large deer on the hillside at the old home ranch which the dogs scared and chased off down the country.

This was about three miles down from any mountain timber and has not happened for over thirty years, and is accounted for by the dense fog and heavy snow in the mountains near by.

Miss Ann Cate of Gurdane is attending Pendleton Academy this winter.

Telephone Line Finished.
The Fahrenwal Bros. have finished the telephone line between them and W. O. Owling's farm.

Unusual Number of Coyotes.
The coyotes are gathering around in large numbers of late. W. E. Baker saw nine in one bunch a few days ago. L. A. Linsner shot two Saturday and did not get either.

of Cuticura Soap

And Dressings of Cuticura the
Great Skin Cure

Purest, Sweetest, Most Effective Remedies
for Skin, Scalp and Hair.

This treatment at once stops falling hair, removes crusts, scales and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions of women now rely on Cuticura Soap assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itches and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, anti-septic purposes which readily suggest themselves, as well as for all the purposes of the toilet and nursery.

Cuticura remedies are the standard skin cures and humor remedies of the world. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, in the severer forms, take Cuticura Resolvent, to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring skin, scalp and blood humors, from pimples to scrofula, from infancy to age, when all else fails.
