## MORE DETAILS OF ROYAL SCANDAL

### A CASE OF ALL-ROUND TRYING TO PLAY EVEN.

Prince Frederick and a Saxon Nobleman Fought a Duel After the Princess Toured Europe With the Latter—Matern, a Late Acquisition.

Berlin, Nov. 25.—The elopement of Princess Alice is causing a greater sensation than the Louis Giron affair.

It is authentically stated today the princess ran away a year ago with a Saxon nobleman and toured the continent in an automobile, in retaliation of her husband's liaison with an actress. Prince Frederick challenged the Saxon, and they fought a duel.

The nobleman was badly wounded. He forgave his wife, but never resumed other than formal relations with her.

The princess picked up Matern in Italy last February.

### CONGRESSIONAL PROCEEDINGS.

### Carmack Roasts the Cuban Bill—Newland's Resolution Tabled.

Washington, Nov. 25.—The senate is presided over today by Keen, of New Jersey, in Frye's absence.

Senator Bate retired from the committee on public health and quarantines, and Senator Morgan was selected to fill the vacancy.

Newland's resolution inviting Cuba to join the United States, was brought up and tabled.

The Cuban bill came up in regular order of business. Mr. Carmack made a speech full of sarcasm. He declared the Cuban bill "a miserable bargain with the protected interests, a violation of solemn obligations, an conceived in a spirit of hostility to true reciprocity."

### GRAIN MARKETS.

### Quotations Furnished by Coe Commission Company—B. E. Kennedy, Local Manager.

Pendleton, Nov. 25.—The wheat market opened a little easier, but soon turned strong. Tomorrow being a holiday the scalpers were not inclined to carry over any long wheat.

Realizing by this element caused an easier market at this writing around yesterday's close.

Cables from Rosario says: Heavy returns general in Argentine. This is important news, as European buyers are relying on an early movement of Argentine wheat. If they have continued unfavorable weather during harvest, it will mean increased export demand here. Our wheat is in a strong position. Primary receipts today, 1,466,400, against 1,517,500 bushels a year ago.

### TURKEY DRAWINGS.

### Result of Guessing Contest a Matter of Considerable Interest.

The chief topic of interest in the down town district this afternoon is the turkey drawing at T. C. Taylor's hardware store and at Schmidt's drug store.

At the former place the weight of the turkey was 13 pounds and 10 ounces. There were two numbers who guessed 13 pounds and eight ounces, but up to this time no one has called with the numbers. The lucky tickets were No. 47 and 248. It was decided by Mr. Taylor that both numbers would be given a turkey.

There were three numbers which came second, and were therefore entitled to a chance at the turkey roasters. These were No. 6, No. 294 and No. 128, which was held by Carl Stewart. The first two numbers have not as yet been claimed.

The chopper was won by No. 31, held by G. I. LaDow.

At the drug store, where the monster turkey was kept, the "guesses" were somewhat wild, ranging all the way from 12 to 22 pounds. The weight of the turkey was 20 pounds and six ounces. The correct guesses were made by Lee Moorhouse and Mark Patton, who both guessed the correct weight of the bird. To settle the tie a coin was flipped and the lucky side fell to Mr. Moorhouse, who triumphantly bore the turkey home.

There were over 400 guesses at the hardware store, and 1,152 at the drug store.

## CHICAGO STREET CAR STRIKE IS CALLED OFF

### Agreement Reached Which is Virtual Defeat for the Car Men Although They Win Minor Contentions.

Treaty Provides for a Board of Arbitration, and Attempts to Put an End to Discrimination—Mayor Harrison and Aldermanic Committee Will Constitute a Buffer Between Company and Employees—Has Been An Expensive Strike.

Chicago, Nov. 25.—The striking street car men this morning went into a meeting which at noon ratified the strike settlement, thereby ending the great strike, and notified the company to take out its trains.

Operations will be commenced this afternoon. Fire is being laid under the big boilers and the pickets withdrawn. The men are assisting where possible to repair the switches and trolley wires.

The company expects by nightfall to have resumed regular traffic.

### Conditions of Agreement.

The agreement as finally ratified, provides for the appointment of a board of arbitration within 10 days to take up the wage question, its decision to date from today.

A day's work is to constitute from eight to 11 hours. Maximum watch is to be 15 hours.

Neither side can discriminate against union or non-union men.

A joint grievance committee will hereafter hear all complaints.

The most important guarantee in connection with the settlement was secured by Mayor Harrison and the aldermanic mediation committee, which is that if any man is unjustly treated in reference to being taken back, the mayor and his committee will stand by the carmen and see that justice is done by the company in their reinstatement. The company agrees to reinstate all except those guilty of violence.

The decision is practically a defeat for the union, as the greatest contention, that of the closed shop, is lost, although they gain minor points.

### An Expensive Affair.

The strike, which lasted 14 days, cost the company and strikers alone in excess of \$500,000, while the loss to the trade aggregated \$1,000,000. One department store reports a falling off in trade and nearly \$10,000 daily.

## C. S. JACKSON BRANDS REPORT AS FALSE

The friends of C. S. Jackson, in this city, who have read the false report in the Morning Tribune of November 24, to the effect that Mr. Jackson would be the main witness in the prosecution of Asa B. Thompson, have been wondering in what way Mr. Jackson could be connected with the case, and the following telegram from him this evening, explains the situation:

Portland, Nov. 25.—(To the East Oregonian.)—There is not a word of truth in the slanderous report in the Morning Tribune, to the effect that I am the main witness in the prosecution of Asa B. Thompson. I know nothing of the case further than the newspaper reports and am connected with it in no possible manner.  
C. S. JACKSON.

## NEW O. R. & N. SCHEDULE SATISFACTORY

Instead of being opposed to the new time card, now in effect on the O. R. & N., the merchants and business men interviewed on the subject today are heartily in favor of it.

Most of the mail concerning the current business in Pendleton comes from Portland and the East, and the arrival of the evening Portland train 25 minutes earlier is especially satisfactory, for the reason that it gives the postoffice time to distribute that mail and the merchants can get it on the way home to dinner at the close of business at 6 o'clock.

The change in the time of No. 1, from 8 a. m. to 9:10 a. m., is also especially pleasing to business men, who work late at night, and get up late in the morning. They can get a good night's sleep and then catch the Portland train, without rushing out at an unseasonable hour in the morning.

The change in the time of the Spokane evening train to 6:40 instead of 5:45 is one of the best changes on the schedule, from a local standpoint, as it induces people going east from Spokane and Palouse points and Walla Walla to lay over and transact business in this city without the loss of a full day and catch the early morning train east. No. 41 runs from Walla Walla in the afternoon in time to connect with the east-bound evening train and returns to Walla Walla earlier in the evening, to accommodate the people living on the branch.

So little important mail comes to Pendleton on the evening Spokane train that the business brought to Pendleton by the lay-over from the Spokane train until the morning train more than offsets this little delay. The expressions heard on all sides favor the new schedule and it is hoped the company sees fit to continue it.

## THANKSGIVING SERVICES IN PENDLETON

The 1,500 church communicants of Pendleton will worship in their separate churches tomorrow.

The good old custom of holding union Thanksgiving services will be passed by on this occasion, and five of the eight congregations in the city will hold separate services.

Those not holding a Thanksgiving services are the Christian, Presbyterian and Baptist churches, which are prevented by various causes from participating, as congregations, in Thanksgiving services on that day.

Rev. N. H. Brooks, of the Christian church, is absent at Elgin, attending a revival. Rev. R. W. King, of the Baptist church, is absent from the city, his successor not having been chosen yet, and Rev. R. J. Diven, of the Presbyterian church, is in poor health, hence these three congregations will celebrate the day at home and with other churches, according to personal choice.

No elaborate program has been planned by any of the churches which will hold Thanksgiving services. There will be a sermon and song service with no other program. Owing to the general suspension of business, and the observance of other special Thanksgiving attractions, the services held at the various churches will be well attended.

The time and place of Thanksgiving services are as follows:

Catholic church, celebration of mass at 8 a. m., Father Van der Velde; M. E. church, on Thompson street, sermon at 11 a. m., Rev. Robert Warnor; Methodist church, South, West Webb, sermon at 11 a. m., Rev. M. O. Howard; Church of the Redeemer, Episcopal, corner Johnson and Alta, sermon at 10:30, Rev. W. E. Potwine, rector; Congregational, corner Webb and Johnson, sermon at 11 a. m., Rev. Jonathan Edwards.

Strangers in the city having no regular place of worship, are invited to attend all these services.

The time of the change in the disease has not yet come, but it is the opinion of the physicians in charge that the young lady is not in greater danger than is usually the case in typhoid.

Walla Walla, Nov. 25.—Benjamin F. Wiseman, who is accused of raping his 14-year-old niece, is in the county jail, awaiting a preliminary hearing. The family came here from Kentucky two years ago. The girl is past 14 years, instead of 12 years old, as first reported. Wiseman is under \$2,000 bonds, which he cannot give.

## SURPRISE FOR THE GAMBLERS

### JUDGE EAKIN BUNDLES THEM OUT OF COURT

Orders Their Arrest for Dealing in Gambling Devices Contrary to the Law—Refused to Air the Details in Circuit Court.

Baker City, Nov. 25.—Circuit court is now in session in this city, Judge Eakin presiding. One of the most important cases to come before this term of the court is the case of William Wild, alias Carver, for horse stealing. Carver has a host of confederates in this and Union counties, and it is expected that the case will develop some sensational features and make some valuable disclosures for the prosecuting attorney to act upon in apprehending the gang.

Judge Eakin sprung a surprise on the court house assembly this afternoon when the case of Val Bildner vs. Bond came up. It seems Bildner sold to Bond a roulette table and some other gambling paraphernalia, which was to be paid for in monthly installments. Bond neglected to pay the last \$200 and Bildner filed suit.

The case was to be tried before a jury this afternoon, but after the judge had listened to the evidence he unceremoniously bundled the whole case out of court and told the prosecuting attorney to proceed in a criminal action against the parties to the suit for selling and buying apparatus which they knew was to be used as a gambling device, contrary to the laws of the state. As for him, he said, he did not propose to stultify himself by listening to any such case.

### TEACHERS' MEETING CLOSSES.

Successful Session of the Eastern Oregon Division of the State Association.

Baker City, Nov. 25.—The meeting of the Eastern Oregon division of the State Teachers' association will close with an elaborate program at the opera house tonight.

The attendance today has been greater than that of any day during the session and the interest manifested on the opera house last night on "The Period of Transition" was a scholarly address, and was well attended by citizens and teachers.

Mrs. C. B. Wade, of Pendleton, addressed the afternoon session on the subject, "The Relation of the Federation of Women's Clubs to the Educational Interests of Oregon," and won the admiration of a large audience of teachers and friends of education, who came to hear this address.

The musical program arranged by the citizens of Baker, to be interspersed with the numbers on the official program, was highly appropriate and made the sessions interesting and entertaining.

Over 250 teachers were in attendance at the sessions today and the people of Baker City were warmly complimented on the manner in which they had entertained the visitors.

### PROTRACTED ILLNESS.

Not Worse Than the Average of Such Cases, According to the Physicians.

O. F. Thompson returned to his home at Echo this afternoon, after some days spent in the city at the bedside of his daughter who is at the hospital seriously ill with the typhoid fever. Mrs. Thompson, who has also been in the city, will remain near her daughter until all danger is passed.

The time of the change in the disease has not yet come, but it is the opinion of the physicians in charge that the young lady is not in greater danger than is usually the case in typhoid.
