GENERAL NEWS.

The country home of William Walsh Harrison, of Philadelphia, was a few days ago robbed of \$25,000 worth of jewelry.

Eastern Kansas and Eastern Nebraska, Western Iowa, Central and Southern Illinois and all Missouri were covered Thanksgiving with a heavy snow.

Ramon Atlas Ferand, Panama's consul at San Francisco, says it is impossible for Colombia to take an army by land to the isthmus at any time of year.

Whether Alexander Dowle "Elijah II" be the victim of stupendous self-delusion or a pretentious, over-blown liar, the fact remains that his moral character remains unimpaired, and his personal integrity is unquestioned.

President J. J. Hill, the Great Northern, declares that the Chinese, as a nation, are honest and liberal in their business dealings—that both these qualities are pre-eminently displayed toward foreigners who treat them fairly, honestly and frankly.

A reservoir belonging to the Los Angeles water works system broke Thursday and 1,250,000 gallons of water swept a portion of the town. Streets and alleys were scoured and many cellars flooded. The excitement that prevailed for some time was out of all proportion to the damage done.

The woolgrowers of the United States will make a tremendous effort to have the "Shoddy bill" passed by the next session of congress. Its essential provision is to compel the labeling of all shoddy, filled and otherwise imitation woolen goods as "shoddy," "filled," etc., in defense of those of the public who cannot distinguish for themselves.

NORTHWEST NEWS.

Andrew J. Dygert, a well known pioneer bookbinder of Portland, died at his home in that city Friday, aged 76 years.

James Nelson, a freighter of Belt, Mont., was found crushed to death under his wagon, near his home, Friday morning.

James Baxter, one of the pioneer prospectors of Montana, was found frozen to death in a deserted cabin, near Homestake, Friday morning.

Two highwaymen held up and robbed Al Harvey Friday morning, near University Park, in Portland. They secured \$20 in cash and his watch.

Phil Barry, who shot and killed Timothy Ahern, at Plush, Lake county, last Tuesday, has been held for murder, although the shooting was claimed to have been accidental.

Andrew Garnett, who shot and killed Major McClung, in the rooms of Mrs. Lillie M. Colt, in the Palace hotel in San Francisco, last week, has been held for murder in the first degree.

The coroner's jury has found that Charles Kuykendall, who was found drowned in Clark's Fork, near Missoula, last Wednesday, lost his life in getting water from the river to extinguish the fire which was destroying his property.

Ten new automobiles, from the smallest van to the largest freight car, are to be placed in use in the city of Portland by the City Messenger and Delivery Company. The machines are now being built at an average cost of \$4,400.

LIVE STOCK SHOW

EXPECTED THAT WILL BE SEEN BY 50,000 PEOPLE

Stockmen from All Over the World Interested—Nearly Every State and Territory Has a Part in the Exhibit—Over Two Thousand Head of Sheep, Cattle and Hogs Are Entered.

Chicago, Nov. 28.—Tonight marks the opening of the fourth annual show of the International Live Stock Exposition company. The promoters of the exhibit expect 500,000 strangers in the eight days of the show.

The show will be a magnet for not only the nation's foremost stock raisers, but the leading live stock men of foreign lands.

Thousands of stock raisers from all sections of the country, from Mexico, Canada, South America and from England, France and Germany are here.

Ever since the close of last year's show the management has been planning for this year's exposition. The show will be held at the Union Stock yards, where 1,100 acres of exposition annexes are in readiness for the event. Dexter Park Pavilion, which is to be used as a main exhibition hall, has a large seating capacity and is well adapted to the purposes for which it was intended. In addition to the pavilion, there is a monster tent which covers a ground area of 450 by 150 feet. Almost every state and territory in the Union will be represented, and each will have a section for itself—the exhibits of each region being grouped so as to afford a general knowledge of that section's progress and importance as a stock-raising country.

Will Show Scientific Methods. The scientific methods of feeding, all that is new and valuable in the dehorning of cattle, the wonderful progress in knowledge pertaining to the general health and comfort of animals of all kinds, methods of breeding, and, above all, the care and reclamation of apparently worked-out lands—these are only a few of the things that are pointed out to the farmer for his benefit. The matter of land reclamation has been pitched to the highest degree of importance in connection with these annual shows of stock, and the department of agriculture, appreciating the great possibilities, has lent its support and approval to the methods pursued.

Eleven of the leading agricultural colleges of the country will be strongly represented at the exposition by large bodies of students as well as professors. The students are chiefly interested in the stock judging competitions in which they will participate. For these competitions there are twelve individual prizes, besides the magnificent John A. Spoor trophy for college teams of five. This trophy is a bronze statue of a bull mounted on a pedestal of Italian marble, and is valued at \$700.

Over 2,500 Head of Stock. In the pavilion will be exhibited the 2,555 head of cattle, sheep and swine entered in the individual contests as well as the immense competition for best carload lots. In the tent will be held the horse fair, which is the evening attraction of the exhibition. It is a new department and one that seems destined to be a rival of the annual Chicago horse show. The exposition management this year increased the number of classes of horses of the coach type, French and German coach horses, Shetland ponies and a number of special classes, in addition to the usual prizes for the heavy draught horses. The total number of entries of horses, cattle, sheep and swine aggregates more than 50,000. For this immense exhibit there are \$75,000 worth of premiums, trophies, cups and special prizes.

Of great interest to the stockmen and agriculturalists who will throng Chicago during the week will be the meetings of the various cattle, horse, sheep and swine breeders' associations. There are also a number of important sales of high bred stock scheduled, which will interest the visitors.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble, I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at Tallman & Co., druggists.

Whitman County Co-Operation, Spokane, Wn., Dec. 5-13, 1903.

For the above occasion the O. R. & N. makes a rate of one and one-third fare for the round trip on the certificate plan. For particulars call on or address W. T. WAMSLEY, Agent.

Olympia Beer—Olympia Beer.

The most popular brand for family use. On draught at Anton Nolte's. He also handles the bottled beer in any quantity desired.

Thomas Makiewicz, a Berlin German, became insane from despondency and grief over the death of his wife. He then took his two little children and threw them in front of a railroad train and then threw himself beneath the wheels. All three were killed.

One man was killed and two others fatally injured by the flying in pieces of a separator in a creamery at Bridgeton, N. J.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff, and, in time, will just as surely cause baldness.

It's microbial infection, nothing more nor less.

Newbro's Herculicide kills the dandruff germ, and causes hair to grow luxuriantly. Herculicide is absolutely free from grease or other injurious substances.

Sold by leading druggists. Send 10c, in stamps for sample to The Herculicide Co., Detroit, Mich.

F. W. Schmidt & Co. special agents.

NEW ATHLETIC RULES.

College Conference Committee Considering Changes.

Chicago, Nov. 28.—Radical changes in the rules governing intercollegiate athletics in the Middle West are being considered at today's meeting of the conference committee.

It is proposed, among other things, that a one-year residence rule be required of graduate students as well as of undergraduates who change from one college to another, and another important suggestion to be considered and acted upon is to the effect that the West be represented on the Eastern rules committee.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

P. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c.

Hall's family Pills are the best.

Bargain if Taken Soon.
