MARKETS

Quotations on Staples Furnished by Local Merchants and Revised Daily.

Although hay is very scarce in al-most every portion of the county and Eastern Oregon, there has not been any appreciable raise in the price in Pendleton. Bran and mill feed are selling at the same price quoted a month ago, and the scarcity is not being felt in any districts in Umatilia county. Eggs are quoted at 30 and 35 cents today, following the Thanksgiving rush. More country eggs are coming to town and the grocers predict a gradual reduction in the price, until just a short time before Christ-mas, when the increased demand will likely cause a raise of a few cents. 'i ne markets are uneventful.

mon insurance case came up for trial today before Judge Gordon. The suit is that of the Fidelity Trust company. as executor of Robert C. Whayne, against the Provinent Life Insurance society of New York, to enforce the collection of a policy for \$76,000 held

by Mr. Whayne.

Investigating Library Plans.

Walla Walla, Nov. 30.—In order that the city council may have some data to work upon, a number of the prime movers in the library question have been investigating the probable cost of certain pieces of property that may be available for a site for the building. Several desirable locations have been suggested and if the prices of any of them are right it is thought that the council will be writing to agree to the terms asked for by Andrew Carnegie,
