Bright's Disease and Diabetes News.

San Francisco, Oct. 20, 1903.
To F. W. Schmidt's Pharmacy: Dear Sirs.—As agents for the Fulton Compounds in Pendleton, there are some facts in the Call office in this city that should interest you and the editors of Oregon, as well as newspaper men generally. We copy now from a letter from Clifford House of the Call:

"However improbable may seem the statement that Bright's Disease and Diabetes are now curable in a great majority of all cases, it is well within the province of some of us in the business department of the Call to know that it is true. Mr. Edward Short of this department was given up by his physicians as a victim of Diabetes, and is now perfectly well. The mother of one of the editorial staff has also recovered from Diabetes. This was so conclusive that I told a friend, a well-to-do citizen of Duluth, Minn., who had Bright's Disease, and he too recovered.

We will also add that an ex-supreme judge, with offices in the Call building, is a late recovery. You are authorized to proclaim to the world that the most deadly diseases known, viz.: Bright's Disease and Diabetes, yield to the new diuretics evolved during experiments made upon himself by John J. Fulton of this city in his memorable struggle against the ravages of Bright's Disease.

Yours very truly,
THE JOHN J. FULTON CO.

Suffered Eight Months

I can heartily recommend Acker's Tablets for Dyspepsia and Stomach Troubles. I have been suffering for eight months and tried many remedies without any relief, until I got Acker's Dyspepsia Tablets, which I used only a short time and am now perfectly well. Thanking you for the speedy recovery, I am gratefully yours, Francis I. Cannon, Vancouver, Wash. For sale by F. W. Schmidt & Co.

RAILROAD STATUS

PHYSICAL CONDITION
GENERALLY EXCELLENT

Improvement Has Been Especially Noticeable During Past Five Years—Freight Rates Are High and Well Maintained—Conditions Not at All Parallel With 1893.

New York, Dec. 2.—It is the belief of the leading railroad officials of the country that the next period of depression will cause only few of the railroads of the United States to be forced into the hands of receivers. This belief is based on two grounds. It is pointed out that the physical condition of the railroads throughout the country has attained the highest state, and the companies are now in a condition where they can run with comparatively little extra work for a number of years.

Universal Improvements.

An immense amount of work has been done on the railroads during the last five years in the way of heavier rails, more powerful equipment, better roadbeds and the replacement of wooden bridges by steel structures. These improvements will make need less the early expenditure of a great amount of money to maintain their present condition.

It will permit the railroads to retrench their maintenance expenses without injury to the physical condition of the property. For instance, during the last few years many of the railroads have increased their maintenance of way expenditures from around \$800 to from \$1,000 to \$1,400 a mile. Similar increases have been made in the expenditures on equipment.

These expenditures have not only been sufficient to maintain the property, but have also included a large amount of improvement work. Should the country enter a period of depression the maintenance of way and equipment expenditures can be reduced enormously without injury to the physical condition of the property.

Maintaining Rates.

The second reason why railroad officials believe the railroads will be able to weather a period of depression is based on the better maintenance of freight rates. In 1893, when such a large percentage of the railroads of the country was forced into the hands of receivers, freight rates were in a state of demoralization.

In many sections of the country rates were cut to a point where it was impossible to make a profit. This reckless cutting of rates was one of the principal causes of the failures. Should the country again suffer bad times, such as occurred in 1893, it is admitted by railroad men that there will be some cutting of freight rates. It is not believed, however, that there will be any such demoralization as was witnessed in 1893.

The control of the railroads of the country has become concentrated in the hands of a comparatively few. These interests will use all of their resources to maintain freight rates at figures where a reasonable profit can be made. With operating expenses greatly reduced and rates maintained, it is believed that a majority of the railroads of the country can pass through a depression as severe as that of 1893 without coming under the influence of the courts.

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ballroom—a man's black dress coat literally covered with dandruff. It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Nestlé's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—it keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory, of pleasing odor, and cooling to the scalp. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

PRECEDENT.

"Precedent" Given as Reason for Denying Certain Rights to English Women.

London, Dec. 2.—The house of lords today refused to grant the appeal of Bertha Cave, who applied for admission to the British bar. The reason given is there is no precedent permitting women to practice in the British courts.

BENTLEY & HARTMAN.

"THE HEAD WAITERS."

Laughable Musical Comedy at the Frazer Next Saturday.

The coming of "The Head Waiters" to the Frazer on December 5, should be noted by all lovers of good, clean fun and bright music. "The Head Waiters" is the titular handle of the entertainment, but the name has little bearing on its nature.

Nine out of every 10 patrons of the theater are familiar with the Whitney

offerings, and know that there is a hearty laugh in store. For the benefit of those who are not familiar with the organization, it may be briefly stated that the company is one of the 30 people—about 10 good principals and a large singing chorus usually covers the personnel of the cast.

There is scarcely any dramatic worth and sightliness. The scenery is all new for the present production and the wardrobe is as rich and varied as in the past offerings of this company.

One Hundred Dollars a Box.

Is the value H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Sold by Tallman & Co.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures Constipation and indigestion. Makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. F. W. Schmidt & Co.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.
