AMONG THE EXCHANGES OF THE INLAND EMPIRE

Draws the Line on Razors.

The unfortunate inmates of Washington Insane asylum at Medical Lake are looking forward eggerly for the annual Christmas tree at that institution. It is up to the generous people of Spokane to help risks that event a success. In past years Spokane people have been lav-ish with their gifts. Dr. G. W. Farmer, acting superintendent of the insti-tution, is in the city, and said:

"Gifts of all kinds suitable for the catients are desired. Of course, we went to knives, razors or anything of that kind. But books, magazines, fruit, candy and nearly everything that will give pleasure to an adult will be gratefully received. There are 277 male and 130 female inmates at present."—Spokesman-Review.

To Print Tax Rolls, The Salem Press club is taking an active interest in the movement in favor of the enactment by the state legislature of a law similar to that in force in Illinois, making it obligatory upon the part of assessors to have the assessment roll published before being equalized, and thus give every lax payer an opportunity to examine taxpayer an opportunity to examine it thoroughly. The plan works very successfully in Illinois, and inasmuch as only one line is required for the assessment of the property of each taxpayer, the burden falls lightly up-on all. The passage of the law in Illinois resulted in largely increasing the amount of taxable property on the roll, so that in reality it is an important source of revenue, rather than of expense.—Astorian.

When Oregon Was an Infant,

In looking over a collection of fampapers in possession of the editor the Guard, he finds a bill made out at Oregon City, November 8, 1850, a at Oregon City, November 8, 1859, a little over half a century ago. One item reads, "To 5 barrels of flour, \$80." People now would think \$4 for a \$50-pound sack of flour pretty steep. Probably they did then, too.—Eugene Guard Guard.

Proud School Record.

County Superintendent Myers nounces that he has one of the most remarkable cases of close application to studies in the Walla Walla county

schools that has ever been brought to his attention. The reports of the Seeber school, located two miles east of the city, shows that Beatrice Greg-ory, daughter of Mr. and Mrs. Chas. Gregory, residing in Vaney Home addition, has attended that school seven years. In all of the time the young lady has not been absent one day nor been one minute tardy. Miss Gregory is now in the seventh grade and is said to be one of the best pupils of the school—Walla Walla Statesman.

Bouquets for Assessor.

Assessor Jett deserves the unqualified thanks of the taxpayers of Baker county for his meritorious work in the office of assessor of Baker county. He has collected in poll taxes this year nearly double the amount collected last year. This money goes into the general fund of the county and the amount thus collected goes to liquidate any expenses that the county are the county and the amount thus collected goes to liquidate any expenses that the county sees fit to use it for. did not meet with quite the Mr. Jost he might in collecting from the mines of the county, but under the circumstances he has done wonderfully well and deserves the thanks of the peo-ple.—Baker City Herald,

Ore "Fizzled" Out,

"The \$200 gold ore which gave the Jumbo, near Tonopah, Nev., such a wonderfully attractive surface she i ing, dwindled down to \$20 ore when the ledge was cut at the 50-foot level, said John Bresnahan yesterday. Mo Bresnahan, who is one of Patrick Clark and Major B. C. Kingsbury's experts, has just returned from Tonopab, where he examined the Jum-bo, on which Ciark and Kingsbury joined with Charles M. Schwab, the steel man, in taking a bond.—Spokesman-Review

Pardonable Boast,

According to the new city directory, which is being delivered today by Mr-Fulton, representing the publishers, R. L. Polk & Co., the population of Boise is 12,256. Considering that the names were taken several months since which time there has been a rapid growth of the city, over estimating it to say that Boise contains more than 13,000 people today.-Boise Capital News,

Wheat is quoted at 63 cents with no buyers or sellers. A large amount is yet held in the warehouses of the county, but there is absolutely movement and farmers are willing take the chances on a raise which they feel sure will come. Potatoes are plentiful in Pendleton grocery stores this winter, as the local crop was excellent this year, and patrons are using a better grade of potatoes

in this city than has been on the market for several years.

Poultry and holiday luxuries are beginning to take their regular places on the lists or eatables again, and the Christmas trade promises to be heavy. Feed is not moving very briskly, owing to the "soft" weather, and the bad condition of the roads. Flour for export is always moving in Pendle-ton, but the trade with the local points is not as heavy as usual at this time of year. An excellent grade of hothouse vegetables is seen in the grocery stores and the demand for this kind of stuff is increasing each
