

HANNA A SLY OLD FOX

BELIEVED YET TO HAVE AN EYE ON THE PRESIDENCY

For Twenty-Five Years Has Been a Leading Business Man and is No Spring Chicken in Politics—Can't Release His Claims on Leadership and is Waiting a Ripe Opportunity.

Washington, Dec. 23.—The readers of the Denver Post have been told before that there is a purpose on the part of many astute Republican leaders to try to prevent the nomination of Mr. Roosevelt in the next Republican national convention.

The superficial reader will be inclined to doubt this statement, but it is absolutely true, nevertheless, that when the members of the Republican national committee recently assembled in Washington and asserted almost unanimously that they were in favor of the nomination of Mr. Roosevelt they were insincere.

It is not the purpose of the large majority of the members of the Republican national committee to sincerely support Mr. Roosevelt.

It is not the purpose of Senator Hanna to support Mr. Roosevelt. It is because of his purpose not to support Mr. Roosevelt that Senator Hanna purposes to withdraw not only from the leadership of the national committee, but from the national committee itself.

One of Mr. Hanna's closest political friends from Ohio said this morning: "James G. Blaine made the mistake of his life when he remained in the cabinet and yet sought the nomination over Benjamin Harrison. Mark Hanna will not make that mistake. Retiring from the chairmanship of the committee and from membership of it he can be a presidential candidate whenever he chooses to be and with perfect consistency."

"It is usually supposed that Mark Hanna is a comparatively new man in politics. Ohio men, however, know that for 25 years past he has been actively engaged in furthering the interests of the Republican party."

"When Garfield was apparently doomed to certain defeat in 1880 he went to the front, and, for the sake of the business of the country, induced General Grant and Senator Conkling to go into the campaign in his behalf. If they had not done so Garfield could not have been elected, and they would not have got to the front if Mark Hanna had not had the sagacity and push to bring him to the fore."

The best posted politicians in Washington believe that the reason Mark Hanna is not yet a candidate

is that he deems it premature; but that, when the time arrives for having his candidacy pushed, according to his judgment, it will be pushed with a vim and snap of Napoleonic determination."

ITALIANS ATTACK FOREMAN.

Leavenworth Railroad Man Has Experience Equal to Boltons' With Greeks.

Everett, Wash., Dec. 23.—A dispatch from Leavenworth, received late last night, at the Great Northern offices here, tells of an attack made yesterday afternoon on a Great Northern foreman by angry Italian laborers. The dispatch says:

"M. Florence, extra gang foreman of a gang of 25 Italians, which has just been laid off, is surrounded in the depot here by a gang of very angry Italians who say that if he dares to step outside of the depot he will get a few bullets put through him."

"The Italians were promised transportation to St. Paul and they have torn down all their bunks out of the outfit cars, thinking they would go on this afternoon's train. The transportation did not show up, however, and they have no place to sleep and no money to buy food with."

"They were promised that their money would be given them today and that has not shown up either. The sheriff has been called to the depot and will do what he can to protect Florence, but it is feared that if he attempts to leave the depot there will be trouble."

"The Italians are highly excited, and if something is not done soon they may break into the depot or take a shot at him through the window."

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues.
