"RICHARD CARVEL" TONIGHT

Andrew Robson Will Make His Second Appearance in This City.

Strong in a manly beauty, vigorous and impetuous in his acting, the sterling young star of romance, Andrew Robson, will be welcomed most heartily on the occasion of his appearance here as Richard Carvel tonight.

Of winning personality, both in form and feature, and a grace of carriage seldom found in men of the magnificent physical build of Mr. Robson, this superb actor last season easily established himself as a prime favorite.

He is admirably fitted for Mr. Churchill's hero, Richard Carvel, and

his characterization of this brave and tender lover of the Colonial period is not easily forgotten. The role has brought him lasting fame and a pecuniary return thoroughly deserved.

This season affords positively the last opportunity of seeing Mr. Robson in this character, as it is his purpose to retire the play, even in the height of its success, for at least two seasons, and appear next year in a new romantic role, the creation of an eminent French dramatist, M. Leon Jacques Dupree, reviving Richard Carvel only in the event that M. Dupree's role proves a failure. Mr. Robson is accompanied by the same fine cast of players, and the beautiful stage pictures, which won so much commendation on his previous visit.

REMARKABLE SHOW

PHYSICAL CULTURE
IN ALL ITS PHASES

Different Systems of Physical Culture Will Have Object Lessons—Women's Events and Fasting Exhibits Will Receive Much Attention—Three and Seven Day Fasts Closing With Feats of Strength.

New York, Dec. 26.—Physical culture in all its different phases is to be brought more prominently before the attention of the public than ever before by the physical culture exhibition to be held in Madison Square Garden next week, the final arrangements for which were completed today.

In many respects this will be a novel exhibit, for nothing on exactly the same lines has been attempted in this country before. While there will be a number of the regular athletic events, such as are seen at all indoor competitions, as running and jumping, there will also be contests in every other department of strength—fasting exercises, exhibitions in different systems of physical culture education, demonstrations in the use

Events by Women.

One of the novel and interesting features will be the women's athletic competitions, which will be held on Thursday afternoon on the running track in the Garden. An unusually ambitious program has been provided and there will doubtless be as much curiosity to see the fair sprinters themselves as to learn the records they will be able to establish.

The Amateur Athletic association has given its sanction to the purely athletic events, and in the men's competitions many of the prominent short and long distance runners of the East have entered. The men's events will be held Wednesday afternoon and Thursday evening. In the first series the events will be 200-yard run, five-mile run and throwing the 56-pound weight for height.

Fasting Athletes.

Two other novel events will be for fasting or starving athletes. There will probably be very little spectacular interest in the contest before the real test of strength at the end of the starving period begins, but elaborate statistics will be given of the daily loss of flesh of each aspirant for fasting honors, together with the announcement of his condition.

The object is to show that a properly conducted method of fasting will not injure one's bodily health or vigor and it is also hoped to demonstrate that these fasting competitors will be able to perform athletic exercises nearly as well as those who have eaten their regular amount of food each day. One of these fasting events will be for three days, and at the close all who have been starving for that length of time will enter a goat-skin-bag race.

In the other event the contestants will starve, or try to, up to their ability for seven days, and at the close they will show what they can do with the 56-pound weight, in the 50-yard dash, the 220-yard run and the one-mile run. Physical culture wrestling is another interesting event on the program which is expected to attract much attention.

Colusa county, California, this year had the largest grain crop harvested there since 1880. It was the largest yield of any county in the United States compared with the number of square miles.

YOU MAY BE CURED

544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley
Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. If you think special directions are needed in your case, address, giving symptoms, Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

of expectation could be easily turned into an hour of vexation by having a dull carver to wrestle with. Your Xmas feast would be one of annoyance unless you have a set of our fine Sheffield steel carvers, with good stag handles, that will disjoint a turkey and carve it in wafer slices in a hurry. Our fine stock of table cutlery for Xmas gifts are useful and will be appreciated by the housewife.
