DISTRICT CONVENTION.

Knights of Pythias Are Undecided as to Location of the Next. Arrangements are being made for the regular annual district convention of the Knights of Pythias, and plans are well under way for a successful time. As yet no place has been decided upon for holding the convention, as it seems to be hard for the towns of the interior to find accommodations for the number of people who will wish to attend. It was thought that the meetings would be held at Weston this year, but it has been found that there is not hall room enough in the city to accommodate the 200 or 300 persons who will attend, and so it is thought that the meeting will be held in this city some time during the last of January or the first of February. No definite plans have yet been made for the convention outside of general discussion.

DR. C. J. WHITTAKER MARRIED.

Prominent Pendleton Dentist Weds Miss Glenada Griffith of Portland, Last Tuesday. Word reached the city yesterday that Dr. C. J. Whittaker, for many years past one of the prominent and highly respected dentists of this city, was married in Portland last Tuesday to Miss Glenada Griffith, of that city. Dr. Whittaker has been absent from the city for several weeks and his wedding is somewhat of a surprise to his host of friends here. He will probably remove to Willamette valley and locate permanently. Dr. Whittaker was divorced from a first wife who still resides in this city, about one year ago. His many friends extend hearty congratulations to him, and regret to know that he intends to leave Pendleton.

Marriage License.

A marriage license was issued this morning to Thomas L. Price and Miss Lizzie Pierce. The prospective groom is a well known young farmer residing to the north of Adams, where the couple will live after the ceremony.

The direction of the steps wavering and following every changing impulse of the mind inevitably betrays uncertainty, hesitation and indecision.

OVER 700 PERISH IN THEATRE FIRE

(Concluded.)

All the streets around the scene of the catastrophe, giving way to traffic and pedestrians only through the active efforts of the police.

The Iroquois stands to outward gaze intact, with all the glamor of new construction. Its marbled columns and sculptured figures of tragedy and comedy are not even blackened with the death-dealing smoke. The grand entrance with its marble staircase and terraces is still beautiful and intact, but inside not a vestige of anything inflammable is left.

Chaotic Condition.

The situation is still confronted by a chaos that will take days to straighten out. The police and coroners today, after 24 hours continuous toil, admitted their inability to compile a correct list of the dead, injured and missing. Their revised statement reduced the number of dead from 591 to 551. The missing are placed at 290, probably.

Among the unidentified and injured are 300 of whom the physicians report probably 100 are fatally hurt. Newspaper reports compiled at the various morgues and hospitals up to noon state the very lowest dead being 564, and the highest 576.

Coroner's Jury at Work.

Coroner Trager impaneled a jury early this morning and conducted them into numerous morgues, where each body was viewed separately. Several times the men were compelled to cease their labors, overcome by emotion. The spectacle of burned children affected them most. Two jurors were unable to go farther than the first morgue, where they were excused and other men substituted.

The jury's unpleasant task will probably occupy it until midnight, by which time the last victims will probably have been seen. As soon as this is done, hearing the evidence will be begun. The investigation will be complete. The witnesses will be required to say why the doors of the children's galleries were not left open so every means of exit could be used. Also, why the asbestos curtain failed to work, and whether or not the several building laws were complied with. All information now shows that had the asbestos curtain worked the loss of life would have been small.

Danger From Falling Walls.

The rear and side walls of the stage are in danger of falling. Architects today warned the firemen that the rear of the building might collapse at any moment and crush to death all in that portion.

William Dee, a wealthy contractor, whose two children, Edward, aged 6, and Louise, aged 2, and their nurse, are missing, chartered a special train from Mecca, Ind. Today he found the nurse and Louise, the latter being picked up crying in the streets in front of the theater. The nurse, badly injured, was in a hospital. The boy is missing.

Origin of Fire.

The fire is now attributed to an explosion of gas tanks used in making lime lights. It spread death-dealing fumes over the top galleries, and many died from the poisonous inhalation.

Many members of the company were found dead in the flies and upper dressing rooms from the same cause. In almost every case those brought out were dead or so seriously injured they died within a few minutes.

From President Roosevelt.

Mayor Harrison this morning received the following from President Roosevelt: "In common with all our people throughout the land, I extend through you to the people of Chicago, the deepest sympathy in the catastrophe which has befallen them."

From London's Mayor.

London, Dec. 31.—The lord mayor today sent to Minister Choate the following: "The citizens of London offer the deepest sympathy and sincere condolence to the American people for the awful loss of life through the fire at Chicago."

CASE WAS DISMISSED.

Assault and Battery Charge From a Lodging House.

The time of the city recorder and attorney was taken up this morning in the case of the city of Pendleton vs. M. E. Dillingback, and after a long time spent in hearing the testimony on both sides, the case was dismissed with no costs charged.

The complaining witness, Mrs. Elizabeth Sullivan, who conducts a lodging house on Cottonwood street, charged defendant with attempting to jump a board bill and with assault and battery, alleging that she had tried to remove her belongings from the house while there was an arrears in her rent, and that when an attempt was made to stop her from so doing, Mrs. Dillingback struck her several hard blows on the head and had her son Claude flush the fight.

After a good deal of time spent by the court it was found that the defendant had offered to pay the bill, which amounted to 70 cents, and that she in fact did pay it. The veracity of the testimony was also of a shaky quality, considering which the court dismissed the case.

SALVATION ARMY WORK.

Statement of the Holiday Benevolence of the Army.

The Salvation Army wish to extend thanks to the people of Pendleton through these columns, for the generous manner in which they responded to the appeal for funds and clothing for worthy poor. It is also their desire to make known the way

in which the various donations have been used.

There were \$51 donated for Christmas purposes. Of this, \$21 was spent for a tree, presents for children and in providing poor families with necessities. Nine dollars were spent in part payment for a carpet for the quarters of the army. There are \$10 left on hand which will be used to relieve the suffering of the needy.

Of the clothing given for the poor, there has been 403 garments distributed. Included in this list are 25 pairs of shoes, 20 hats, overcoats, bedding, underclothing, dresses and all kinds of wearing apparel and also some provisions.

APPROACHING MARRIAGE.

Pendleton Girl and Prineville Business Man Will Wed.

Friends and relatives in the city have received the announcement of the approaching marriage of Miss Lillian Mae Garfield, the second daughter of Dr. H. S. Garfield of this city, to Mr. Carey W. Foster of Prineville. The ceremony will be solemnized at the home of the bride in Weston, on the evening of the 31st of this month, and the couple will leave for a wedding trip to Portland and other valley points, after which they will return to Prineville, where they will be at home to their friends after January 10.

Miss Garfield is well known in this city, having lived here during several years of her young girlhood. The groom to be is a prominent young business man of Prineville and is wealthy.

A COLOMBIAN HERO.

Alban, Governor of Panama, Takes Revenge on a Usurer.

Two sisters came to Governor Alban of Panama to seek the release of their brother from prison.

"Bring me \$400," he answered them, "and he can go free."

The girls sold all their jewelry, but could raise only \$300. "I must have the full \$400," he insisted. The girls borrowed the other \$100 of a usurer and returned with the money.

"Ah, I thought you could get it," he remarked. "How did you do it?" They showed him the receipts for the jewelry; they showed him the contract with the usurer.

"What!" he exclaimed. "Ten per cent a month?" He sent at once for the usurer.

"You took the jewels of these girls, giving them only \$300, and then you charge them 10 per cent a month on the other \$100? Bring those jewels to me. Bring also their contract to pay." When the usurer came back, Alban gave the jewels to the sisters, tore up the papers, sent the money-lender back to his pawn shop, wrote a full pardon for the brother of the girls, and—kept the \$400 as punishment to the usurer.

In spite of his rotten dealings, Alban was a brave man. He was killed in a naval battle in Panama bay.—New York Post.

Mark Palzer, an American, is under arrest in Berlin, charged with forging a \$10,000 check which he cashed in Paris.

ALASKAN CURIOS.

Four Carloads of Totem Poles and Canoes Go to St. Louis.

Considerable interest was awakened yesterday afternoon at the Great Northern railway yards by the arrival from Alaska of four carloads of totem poles and a number of Indian canoes, which are being transported by the government to the Louisiana Purchase exposition as an exhibit from the Northwest Territory, says the Spokane Press.

There are a score of poles, measuring from 30 to 60 feet in length, and their worn, weather-stained condition bespeaks a long exposure to the elements. The canoes are typical of the Indians of southeastern Alaska, hewn from cedar logs, scooped hollow and having high, swan-neck prows.
