JAP SCHOLAR
TALKS OF WAR

SAYS RUSSIA HAS REPEAT-
EDLY BROKEN FAITH.

Actions of Czar in the Orient
Have Been Unfair and Dishonest—
Japan is Justified in Making War,
and Will Enter the Contest With
Hopes of Being Supported by Civil-
ized Nations in Her Contest for
Justice.

Mr. S. Yoshio, late of Stanford
university and manager of the Orient-
al Trading company, is in Spokane
for the purpose of organizing a
branch office of that company. Other
branch offices are already estab-
lished at Kallspeil and Harvard, with
headquarters at Seattle. The company
supplies the railroads with Japa-
nese laborers, of whom nearly 5,000
are already working for the Great
Northern and Northern Pacific roads.

Mr. Yoshio is well known as a
political economist and author. When
seen yesterday by a Press man the
little gentleman was very pleased to
express himself concerning the trouble
brewing over the Orient. He said:
"Whatever it was that prompted
the Russian emperor to advocate the
peace conference at The Hague, cer-
tainly it is that the Russian policy is
disturbing the entire world, involv-
ing every power. The integrity of
the mammoth empire is about to be
snattered, perhaps swallowed up."

"We denounce the Russian art of
diplomacy. In the art of modern di-
plomacy a negotiation between bona
fide nations means the rights of
each are to be respected. In the
eyes of Russian diplomats no inter-
est but their own are recognized.
That their policy has no discrimina-
tion between right and wrong is
clearly shown by hundreds of in-
stances like the following: In 1860,
when China was won out by the sup-
pression of rebellions and invaded by
the armies of England and France,
Russia took the capital of Peking and
abrogated the treaty. Shortly after
this event a proposal whereby Rus-
sia should hold the monopoly in the
opening of the mines and the con-
struction of railroads in northern
China, was made in the presence of
the envoys of England, the United
States, Germany, France, Japan, It-
aly and Austria—but by them was
nullified.

"Treaty after treaty was made and
defeated until Russia was compelled
to seek more subtle indirection. We
welcomed the treaty to evacuate
Manchuria at a fixed date, but all the
world knows that Russia will not
keep her word.

"The first evacuation was to be
October 8, 1902; the second, April 8,
1903; the third, October 8, same year.
The first was made, but when the
date of the second came around, in-
stead of the departure of the Cos-
sacks, Russia was engaged in forti-
fying strategic points. The date of
the third evacuation has long since
passed. Russia has broken her word.
There is not a country on the Rus-
sian border that has not suffered from
Russian treachery—Poland, Turkey,
Bulgaria, Persia, Afghanistan, East
India was coveted, Central Asia sub-
jugated, and finally comes the desert
practiced on Japan.

"Manchuria has a population of 5,
000,000. It is this race that produced
the great Jinkis Khan, whose name
has been a terror to all Europe and
Asia. If Russia gained a sway over
this hellish race it would be easy
to raise 500,000 terrible warriors and
sweep triumphantly from north to
south. In that case England would
get a slice of territory with Wel-
Hi-Wel as its center; Germany would
grasp an extensive district along
Klyon Chas Bay; France would claim
the southern portion; Amoi would go
to Uncle Sam and Japan would take
the coast territory opposite Formosa
Island. For the sake of peace Japan
has donated its war equipments. Jap-
an demands the keeping of the treaty,
and the immediate evacuation of
Manchuria. Japan has given Russia
two weeks in which to consider and
choose peace or war.

"Do I entertain any doubts regard-
ing the issue? No! Japan's cause is
just; her ground is firm; she occu-
pies a triumphant position; has a
better class of warships, more experi-
ence in maneuvering them. Even
without the help of England we feel
confident. It would not be a difficult
thing for Japanese spies, in the dis-
guise of Chinamen, to burn bridges
and destroy railroads over which the
Russian army is compelled to travel.
We are anxious for war. If Russia
yields to our declaration, it may
mean a misfortune to the world's wel-
fare. Sooner or later a war must
come."

Mr. Yoshio's stay in Spokane
may be limited because his interests
in Japan may at any moment occur
in his departure.

AGAINST WHISKY HABIT.

Southern Pacific Installs an Active
Crusade Against Tippling Em-
ployees.

The Southern Pacific railroad is
drawing the lines tighter and tighter
on the employes in the matter of
drinking intoxicating liquors.

On December 24 Superintendent L.
R. Fields issued a bulletin warning
all employes that the safety of the
people and the welfare of the compa-
ny's business demanded that the rules
in this respect be more strictly en-
forced, and that any employe found
drinking while on duty or while going
to his duty would be summarily dis-
charged.

"This is going to get a lot of the
boys," said a Southern Pacific brake-
man last evening. "There are a large
number of them who are taking a

Freight rates on the chief commodi-
ties shipped from the East will be
materially advanced January 18, the
advance being made by a general
agreement among all transcontinental
lines and by the organization known
as the Transcontinental Freight as-
sociation.

The new rates will affect not only
the Pacific coast, but will affect it
from Vancouver, B. C., to San Diego,
Cal. The increased rates will be made
on shipments from New York and
common points, from Chicago and
common points, from Omaha and Mis-
souri river points and from the St.
Louis territory.

BIG WAGE CUT TODAY.

Dismal New Year for One Hundred
and Fifty Thousand Men.

Pittsburg, Pa., Jan. 1.—The tens of
thousands of employes of the United
States Steel corporation working in
the concern's mills and offices in
Pennsylvania, New York, Ohio, Illi-
nois, Wisconsin and other states
doubtless have little inclination for
celebrating the New Year.

Over 150,000 men, or about 90 per
cent of all the employes of the cor-
poration, go to work today at a less
wage than they have been receiving
heretofore. The remaining 10 per
cent represent the employes belong-
ing to the Amalgamated Association of
Iron, Steel and Tin workers. The
existing agreement between the cor-
poration and the association prevents
the wages of these men being re-
duced before the agreement expires, next
July.

The reduction ranges from 5 to 30
per cent and will mean a saving of
more than \$1,000,000 yearly to the
corporation.

MONEY TO BURN.

Maine is Out of Debt and Has \$500,-
000 in the Treasury.

Augusta, Me., Jan. 1.—The state of
Maine begins the new year with a
cash balance on hand amounting to
nearly a half million dollars, the
largest in the history of the common-
wealth. As a further cause of rejoic-
ing, there is no floating debt, the
state having rid itself of all tempo-
rary embarrassments.

Two years ago, as a result of the
Spanish war and a reduction in the
state tax rate, there was a floating
debt of several hundred thousand
thousand dollars, but this has all
been wiped out. A large amount of
money is still owing on civil war
debts, but this, too, is being steadily
and mathematically whittled down.

Dedication of Muncie's Library.

Muncie, Ind., Jan. 1.—Instead of
having elaborate dedicatory services,
as at first planned, Muncie's new \$75,

ened with a public reception this af-
ternoon, attended by the city officials
and a number of visiting librarians.
Andrew Carnegie contributed \$50,000
toward the construction of the lib-
rary, which is one of the finest and
best equipped buildings of the kind
in Indiana.

FLOWER CARNIVAL.

Rose Tournament in California Town
Today.

Pasadena, Cal., Jan. 1.—Nearly 25,
000 people took part in or witnessed
today's flower carnival, or tourna-
ment of roses, which has been the
crowning feature of the midwinter
season in Pasadena for the last 12
years.

The affair was in every way a bril-
liant success. The procession was
over a mile long. It was composed of
floats, tallyhoes, carriages, equestrians
and carriages, all decorated with a
profusion of roses, carnations, chrys-
anthemums and other blossoms. At
the end of the route the equipages
which excelled in the various divi-
sions were awarded handsome prizes.
Besides the people of Pasadena, the
participants in the day's festivities
included large parties from Santa
Barbara, Los Angeles, Monterey and
other points.

PROHIBITION IN TEXAS.

Nearly the Entire State Does With-
out Liquor as a Beverage.

Austin, Tex., Jan. 1.—Beginning to-
day, Texas virtually takes rank
among the prohibition states of the
Union. The anti-saloon movement
was begun several years ago, but it
was not until the last summer that
its success became assured.

In three months more than 200
counties "went dry" as a result of a
vote of the people. The saloon ele-
ment put up a bitter fight, both at the
polls and in the courts, but it was
worsened everywhere with the result
that the Lone Star state begins the
new year as a teetotaler.

Walla Walla, Jan. 1.—News that a
single fare rate had been granted by
the Northern Pacific from all points
in Oregon and Washington to the Na-
tional Livestock convention at Port-
land was received yesterday by Grant
Copeland, secretary of the newly or-
ganized Washington Livestock asso-
ciation. A similar rate will probably
be granted by the O. R. & N. No
specification regarding attendance
was made in the letter received by
Mr. Copeland.

ONE WAY OUT.

A Resident of Pendleton Shows the
Way.

Only one way to cure a bad back.
Liniments and plasters may relieve
it.

They won't cure it.
Backache means sick kidneys.
Doan's Kidney Pills cure all kidney
ills.

Pendleton people prove this.
Read a case of it:

Mrs. J. Brynk, who lives on Star
street, says: "Doan's Kidney Pills are
a grand medicine, as I know from ex-
perience, and I have no hesitation in
saying that any sufferer from back-
ache or other kidney troubles who
will give them a fair trial, will be more
than well satisfied with the results.
I suffered from three or four years
with sharp pains in my back which
became acute when I attempted to
bend over, or to lift anything. Es-
sides, I had rheumatism or lumbago
in my left arm so bad that I could not
raise it above my shoulder without
assistance from my left hand. I saw
Doan's Kidney Pills advertised and
got a box at the Brock & McComas
Co. drug store. When I had used
three boxes the backache had van-
ished and with it the rheumatic pains
through my arms."

For sale by all dealers. Price 25
cents per box. Foster-Milburn Co.,
Buffalo, N. Y., sole agents for the
United States.
Remember the name—DOAN'S—
and take no other.
