RIDGE AND VICINITY

H. M. AND N. A. ROBERSON
ARE NOW ON SNAKE RIVER

Something Doing in the Hide Line—
J. E. Smith Company Is Feeding
sheep in Illinois—W. J. Fahr-
wald's Health Is Improving—H. T.
Connell Sold Bees in Pendleton.

Ridge, Jan. 1.—John Browne, Pen-
dleton's hide dealer, passed through
here Monday. He had come up But-
ter creek and had nearly two wagon
loads of hides and pelts, mostly the
latter.

T. P. Edwards has gone to Marton-
town, Ill., to the bedside of his aged
father, who is very low. His brother,
M. G. Edwards, has been in the East
for nearly three months, looking after
the sheep interests of J. E. Smith
Live Stock company, which has a
number on feed near Chicago. He is
also visiting relatives.

J. H. Roberson says he received a
letter a few days ago from his sons,
H. M. and N. A. Roberson, stating
that they had moved from Wallawa
county, where they moved from here
about a year ago. They are now at
the Eureka mines on the Snake river,
where they are working and also
feeding their cattle. They are well
pleased with their present location
except that they fear a closedown,
due to the wrecking and loss of a
boatload of supplies a short time ago
on the Snake.

J. T. Ogle has been undergoing a
slight attack of tonsillitis of late.

The Alba masquerade ball was
largely attended from Ridge as well
as Gurdane and Butter creek. A fine
time was reported by all.

W. O. and J. Cockram of Oakland,
Ore., are spending the winter visiting
with their uncle, H. W. Waltaker.

W. J. Fahrwald is still improving
in health, and has hopes of recovery.
Many of our people attended the
Xmas tree at the Gurdane church and
a fine time is reported by all.

Miss Laura McAfee, of Nye, is
spending a few weeks in Pendleton.
Some feeding of stock is being
done in this neighborhood.

H. T. Connell, of Alba, passed
through here a few days ago on his
way home from delivering some beef
in Pendleton. Mr. Connell says he
has been feeding since early in No-
vember.

NIP IT IN THE BUD.

First Appearance of Dandruff a Fore-
runner of Future Baldness.

That such is the case has been con-
clusively proven by scientific research.
Prof. Unna, the noted European skin
specialist, declares that dandruff is the
burrowing out of the scalp, caused
by parasites destroying the vitality in
the hair bulb. The hair becomes lifeless,
and, in time, falls out. This can be pre-
vented.

Newb's Herpicide kills this dandruff
germ, and restores the hair to its natural
softness and abundance.

Herpicide is now used by thousands of
people—all satisfied that it is the most
wonderful hair preparation on the mar-
ket to-day.

Sold by leading druggists. Send 10c. in
stamps for sample to The Herpicide Co.,
Detroit, Mich.

classes angrily contend, and false re-
ligious dream of new conquests."

The program sets aside Sunday for
