COUNTY TREASURY

BI-MONTHLY REPORT OF CASH AND EXPENDITURES.

County is Now Owing \$1,396.54 Interest—During This Period Over Fifteen Thousand Dollars Cash Was Paid, and Ten Thousand Dollars in Warrants is Yet Out—County Expects to Be Out of Debt in Two Years.

County Treasurer E. J. Somerville has prepared his bi-monthly report, which shows the county to be in good condition financially.

The amount on hand at the time of the last report, October 31, was \$46,874.97. The amount on hand on the last of December was \$13,395.74. During the two months \$15,583.89 worth of warrants were paid, and there are now out and called \$10,000 more in warrants, which have not as yet been brought in.

The interest owing by the county was \$1,396.54.

There is now in the general fund \$10,159.23, out of which the \$10,000 called warrants will come, so that there will be no more called until after the taxes have been paid, for there are not enough funds now on hand to warrant the call. If the receipts of the county are good and nothing arises that will require more script to be issued, the county will be able to be out of debt inside of two years, at the rate at which the warrants have been called in during the immediate past.

During the two months just passed the treasurer has sent \$18,620 to the state treasury, as the last payment on Umatilla county's state tax for this year.

There is now \$1,325.36 in the county school fund, and \$927.89 in the district fund. The amount of script now out against the county is \$132,435.08.

A Society Woman Must

Devote the most thoughtful attention to her personal appearance.

Nature does her best to make all women attractive so do not oppose nature. Make the most of your natural charms and above all try to beautify and preserve your crowning glory.

THE OTHER NAME

Attractiveness is the other name for beautiful hair, which every woman may have. It requires great care and perseverance in the treatment, but the wonderfully pleasing results that follow fully justify the trouble. To say nothing of the future when the hair will retain its abundance and glossiness, even to a ripe old age. Like a plant, the hair must have plenty of air and sunshine. The roots must be entirely free from disease breeding germs, for if the dandruff microbe has entered the hair follicles all the sunshine in the world is of no avail. The hair will appear lifeless, dull and lusterless, followed by itching of the scalp, and finally falling hair. The first treatment is to destroy the dandruff microbe, at once, with Newbro's Herpicide. The halting and beautifying influence of this wonderful compound is little short of marvelous; clear and pure as the mountain snow, it cools the fevered scalp, destroys the enemy of hair growth, and sends the blood tingling to the hair roots, where nature's restoration must begin. As a delightful hair dressing Newbro's Herpicide easily leads the world, especially among fastidious and discriminating people. Its purity and freedom from oil, grease, or sediment imparts to the hair the most charming distinctiveness, while its antiseptic action makes it the equal of sunshine in its life-giving properties. Try it; a single trial is convincing.

THE MAN IN THE CASE

No woman should be satisfied to stop with the preservation of her own hair, while a brother, father, husband or son is losing his. Whirling through the vortex of business strife, thoughtful and considerate of all but himself, frequently exposed to "infected" hair brushes, and wearing a hat that could not be improved upon as a microbe incubator, this person certainly needs the thoughtful care of someone, if baldness is prevented. Try a course of Newbro's Herpicide; it has benefited thousands, and if the first application is not satisfactory we will refund your money direct.

R. F. A. SEXTON, the well known architect, of Seattle, Wash., writes as follows: "I had dandruff ever since I can remember, and two years ago, when your Herpicide was first introduced, since that time I have not been troubled in the least, and as mine was a very bad case, I take pleasure in recommending Herpicide to others similarly affected." Sign'd, R. F. A. SEXTON.

WARNING

The success of Newbro's Herpicide has caused the market to be flooded with so-called dandruff and hair destroyers. Don't expect satisfactory results from something the druggist associated you was just as good. Consistent druggists never recommend substitutes. Application of Herpicide at principal barber shops. Price 2.00 at leading drug stores, or direct from THE HERPICIDE CO., Detroit, Mich.

OLD SETTLER DEAD

MRS. MARY DAVENPORT PASSED AWAY, AGED 70.

Had Lived in Oregon Forty-five Years and in This Vicinity Thirty-nine Years—Is Survived by Six Children—Funeral This Afternoon and Interment at Walla Walla.

Mrs. Mary Davenport died at the residence of her daughter, Mrs. Lee Moorhouse, yesterday afternoon at 2:30 o'clock, from an extended illness. The direct cause of her death was heart failure, induced by the feeble condition caused by her long illness.

On Thursday morning at 5 o'clock Mrs. Davenport was stricken with an attack of paralysis and it was then that the family first realized that her illness was of a necessarily fatal nature. Since that time she has gradually grown weaker until the final trouble released her from her pain.

The deceased was born in Ohio December 23, 1833, where she spent the early years of her girlhood. In 1855 she was married to her first husband, William Willis, in Iowa, and after three years residence in that state they came by way of the Isthmus of Panama to Salem, where they resided until 1864, when they came to Eastern Oregon. Mr. Willis died at Milton in February, 1882, and six years later his widow married Samuel B. Davenport, a well known resident of this section. Mr. Davenport died in Walla Walla in 1899.

Mrs. Davenport is survived by six children, Mrs. Lee Moorhouse, of this city; J. W. Willis, of Ferdinand, Idaho; Dr. A. L. Willis, of Walla Walla; Dr. Park Weed Willis, of Seattle; Frank S. Willis, of Gibbon, Or., and Harry M. Willis, of White Salmon, Wash.

The funeral was conducted this afternoon at 4 o'clock from the residence of Major Moorhouse, the services being in charge of Rev. W. E. Potwine, of the Church of the Redeemer, in the morning the remains will be taken to Walla Walla, where they will be interred in the Walla Walla cemetery after private services at 1:30 o'clock in the afternoon.

The pallbearers who will accompany the remains to the O. R. & N. depot are Lot Livermore, A. W. Nye, Charles Hamilton, R. Alexander, Walter Bowman and Will Moore.

The remains will be accompanied to Walla Walla by Mr. and Mrs. Lee Moorhouse and family, of this city, Dr. and Mrs. P. W. Willis and family, of Seattle, Dr. A. L. Willis, of Walla Walla, and Frank Willis, of Gibbon.

If you are troubled with impure blood, indicated by sores, pimples, headaches, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure Scrofulous or Syphilitic poisons and all blood diseases. 50c. and \$1.00 F. W. Schmidt & Co.

NEW HIGH SCHOOL TEACHER.

Miss Bentley, of Salem, Succeeds Miss Nellie Naylor, Resigned.

Miss Ferne F. Bentley, of Salem, reached the city this morning and will on Monday take charge of the room in the high school left vacant by the resignation of Miss Nellie Naylor, of Portland who returned to her home some time ago.

Miss Bentley is an experienced teacher from the valley and has had the best of success in her work, so that the board is to be congratulated upon having secured her services for the remainder of the year. She is a graduate of Willamette University, and has had several years' experience in the best schools of Salem and other valley points.
