AMONG THE EXCHANGES OF THE INLAND EMPIRE

Coyotes Are Increasing. William Parker, deputy stock inspector for Baker county, in speaking of the stock business in his county, said to the Blue Mountain Eagle this week: 'The repeal of the scalp bounty law has worked a great hardship upon the stock raisers of this part of Oregon. The coyotes have already increased perceptibly and are becoming very bold. I noticed the other day 37 of them in one field, and they have killed 19 pigs and innumerable chickens that I know of upon one ranch alone. If something is not done, these pests will soon overrun the whole country. In the opinion of myself and other stockmen the repeal of the bounty act was a mistake. 'I start out in a few days to make a detailed inspection of the flocks and herds in Baker county. I expect to find the most of them in healthy condition all through the county. The mild weather up to the present time has lengthened out the season and I believe there is now a plentiful supply of hay to carry all stock through the winter in good shape.'

Celestial Wins Automobile. Wee Chung, a resident of Walla Walla, was the happiest Chinaman in Walla Walla today. In searching through his pockets he discovered that he held the winning ticket for the automobile given away by the Whitehouse Clothing company New Year's day. Chung immediately made his way to the store and with a happy smile playing over his wide Mongolian features informed the management of his win. Chung was asked what he was going to do with the machine. 'Oh, I no want it. I sell it. How much you give?' he carefully inquired. A bystander in a spirit of fun offered him \$400, but Chung showed his Oriental wisdom and scornfully refused the offer. 'I sell 'em for \$800. Think that heap cheap.'—Walla Walla Statesman.

Apples Frozen in the Orchard. Over 2,000 bushels of apples were frozen at the big orchard of D. B. Rinehart, the owner being unable to gather and store them in his cellar before the cold weather came in November. A larger number of teams came in from Harney county after fruit this fall, infact a larger number than came during previous years. Owing to a shortage of fruit elsewhere, the most of these teams came to Mr. Rinehart for fruit. To load them as promptly as they desired, it took most of his employes off from the work of gathering and storing fruit in the cellars, hence when the freezing weather of November came, fully 2,000 bushels of choice apples had not been gathered in. Mr. Rinehart had a very large crop of fruit during the past season, and as it was gathered and cared for between 6,000 to 8,000 bushels of apples. He has the largest orchard in the county and when an ordinary crop is grown he could supply with fruit almost half of Grant county.—Grant County News.

Walla Walla Butter Output. The four creameries operating in Walla Walla county this year produced 204,400 pounds of butter. A very large amount of butter is made at what is known as 'individual creameries,' or by farmers having individual separators and who make their butter according to the latest improved scientific methods. Making the butter in this way permits any farmer to have his butter marked with the state brand of the 'Washington Creamery Butter,' provided it is made by the correct methods.—Walla Walla Union.

Converted into Beer. Columbia county barley is rapidly being shipped to tidewater, every day a large number of carloads go out. On the O. R. & N. since Sunday last over 35 carloads have gone out, mostly to Albina, which is doubtless for export. Yesterday a train of empty cars went up the Turner branch for loading. These will doubtless go to the sound. The firms who do most of the shipping are Corbett Bros., Kerr, Gifford & Co., the Portland Mill company and C. J. Broughton. It has been estimated that about half of last season's crop has been sold. Most of the grain shipped so far has been stored on the Turner line, though some has been taken from the warehouses in this city and at Longs.—Dayton Courier-Press.

The Trust Will Have Its Way. A jury of 12 good Spokane men will be asked to decide which is better for the city—a \$200,000 business structure, hotel and street railway depot or a Salvation Army barracks, auditorium and army hotel. The Coeur d'Alene & Spokane Railway company, limited, is to institute proceedings in the superior court to condemn for depot purposes the First avenue property bought by the Salvation Army as a site for a proposed army structure. It was about six

MARKET REVIEWED

WHEAT GOES UP AT THE PROSPECT OF WAR. Chicago Market Situation Feverish and Disturbed—Prospect of Russo-Japanese Clash Causes Sharp Advances in Price of All the Cereals—May Pork Also Advances. Chicago, Jan. 4.—The greatest excitement in months in the wheat market was experienced today in sensational responses to the news from the far East. The market closed an hour earlier than usual, and the curtailment of working time became an auxiliary factor in the speculative excitement. The effect on prices was marked. May wheat closing with a net gain of 3/4 over Thursday's close and July at an advance of 3/4@2 1/2. The drop in British consuls was the spark which, flung in the midst of pessimistic advices from European capitals, set the speculative tinder afire. The market became so big that it was almost impossible to keep track of it. The general public interested in the cereal made an effort to cover, and naturally found very little on the market even at the advance. At the height of the excitement May touched 87 1/2, and, although at this price shorts secured large quantities, the close was only 1/4 lower than the top at 87 1/2. July, from its bottom price of 80c, rose by leaps and bounds to 82 1/2, and closed 3/4 @ 3/8 over Thursday's close at 82 1/2 @ 82 3/4. The corn market also advanced sharply in sympathy, and oats also, although in a less degree. Provisions also were affected. May pork leading the advance with a gain of 57 1/2. Close: January, 83 1/2; May, 87 1/2; July, 82 1/2 @ 82 3/4; September, 80c. Corn—January, 43 1/2; May, 47 1/2 @ 47 3/4; July, 47 1/2 @ 47 3/4; September, 42 1/2. Oats—January, 36 1/2; May, 38 1/2; July, 36 1/2.
