UNIFORM TURF RULES.

Effort Will Be Made to Rule Out Wind Shields.

New York, Jan. 5.—The question of permitting harness horse records made with wind shields and with the aid of advance runners, also the legality of Cresceus' work at Wichita, Kan., is likely to be settled at a conference of committees of the American Trotting association, the American Trotting Register, and the National Trotting association, in session today at the Murray Hill hotel.

Various changes looking to a stricter uniformity in turf rules will be discussed by the committee and their recommendations will be acted upon at the next meetings of the several trotting associations.

NO FIGHT ON UNIONISM.

Mormon Church Issues an Official Note to Labor.

Salt Lake, Jan. 5.—The first president of the Mormon church today sent a telegram to President Gompers, of the American Federation of Labor, denying the charge that the church had taken a stand against organized labor. The message, which is signed by President Joseph H. Smith, and his advisers in the first presidency, John R. Winder and Anthon H. Lund, is as follows:

"As report having been circulated that the Mormon church has used its influence against organized labor, and has endeavored to fill the places of union strikers with non-union men, we hereby emphatically deny that the church over which we preside has taken any such step or issued any instructions on this matter. The whole story originated in a false newspaper report."

The charges referred to arose from the reading at the regular tabernacle services last Sunday of a notice by President George Q. Cannon, of the Salt Lake Stake, that men were wanted in the Utah coal mines to fill the places of strikers. President Cannon says the notice was handed him by a coal company official and read with other notices, as is the custom. No question of church influence, he said, was directly or indirectly connected with the reading of the notice.

SEATTLE WAKES UP.

Becomes Alarmed Over the Condition of Theaters.

The Iroquois theater catastrophe, Chicago, will probably bring about a reformation in the matter of providing proper fire safeguards in Seattle play houses says the Seattle Star.

Ralph Cook, chief of the fire department, is going to draft an ordinance making it compulsory for the theaters to keep firemen stationed in readiness for conflagrations in amusement places. As soon as possible he, together with other officers of the fire department, including Fire Marshal Kellogg, will make an investigation of the 10-cent theaters to discover by what means life can be made more safe in some of those veritable death traps.

In addition, a committee appointed by the city council to draft a new set of building ordinances, will take into special consideration the problem of regulating the construction of theaters to insure the safety of the inmates.

This committee consists of City Engineer Thomson, an architect selected by the Washington Chapter of Architects and a contractor selected by the Master Builders' association. The committee was appointed primarily to revise the present archaic building laws, which are so poorly constructed that loopholes are left through which builders are able to construct flimsy and inflammable buildings.

City Engineer Thomson says that the trouble lies not so much with the architects and builders as to the owners, who are over-desirous to construct buildings cheaply at the expense of safety and reasonable durability.

EXTRA GOOD SHOW.

Some Novelties, and From Beginning to End Excellent.

The entertainment given by the Edison Novelty and Specialty Company at the Park theater last night afforded a couple of the best hours of amusement that has been offered to the citizens of Pendleton for some time. It was either funny, or otherwise good from the first to the last, and the audience was more than repaid for the time spent in attending.

Happy Hooligan in his monologue and with his musical specialties, is a mirth provoker who can not be resisted, and people laughed last night who have not been seen to smile since they took the pledge on New Year's eve.

The moving pictures and the illustrated songs and dancing were all better than has been put on that stage in the past, and is well worth the time and money spent in hearing and seeing them.

This evening the specialties will be changed, so that even those who attended last night will be able to find something new in the event of their going to the theater tonight.

CLEANING

House is one of the duties that a weak woman looks forward to with dread. As a rule, she knows that she must pay for the over-strain with days or weeks of womanly suffering.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures the womanly diseases which undermine the general health. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I took two bottles of your 'Favorite Prescription' and two of the 'Golden Medical Discovery' and am feeling well," writes Mrs. Dan McKenzie, of Lorway Mines, Cape Breton Co., Nova Scotia. "I had uterine trouble, also pain in the side and headache. After taking your medicine I was cured. You may publish this or use it in any way you think best, as I cannot speak too highly of Dr. Pierce and his medicine."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

PHEASANT LAW NOT VALID.

In Hurry to Finish Work Clerk of the House Made a Mistake in Counting Votes.

The bill introduced by Representative Edwards, of Lane county, prohibiting the killing of or having in one's possession Chinese pheasants, except for breeding purposes, until October, 1906, failed to become a law.

In the hurry of the work the reading clerk inadvertently announced that 31 votes had been cast for the bill, when in reality there were but 30.

The check marks made by the clerk opposite the names of the representatives, and filed in the office of the secretary of state, show beyond a doubt that the bill lacked one vote of the required number of votes, hence the bill is not a law as has been reported in various papers throughout the state.

The senate and governor, acting on the house report, duly passed and approved the bill. The above mentioned discovery, however, invalidates the whole measure and the law, therefore, remains the same as in the past.

When an irresistible force meets an immovable body the result is a millionaire alderman.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."

MRS. C. W. BURGES, Iranistan Ave., Bridgeport, Conn., Feb. 21, 1898.

Mrs. Burges writes Feb. 28, 1903: "My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old and has thick hair and a clean scalp."

Instant relief and refreshing sleep for skin-tortured babies and rest for tired, worried mothers in warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, purest of emollients and greatest of skin cures, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, permanent and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted and pimply skin and scalp humours, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies and the best physicians fail.

Sold throughout the world. Cuticura Resolvent, 25c. (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.
