MONSTER RABBIT DRIVE OF SEASON ON JANUARY 10.

O. R. & N. Will Stop No. 1 at Milepost 197, Two Miles West of Fos. ter for Drivers From Pendleton to Get Off and No. 2 Will Stop at Same Place to Pick Them Up-Excursion From Heppner.

Another monster rabbit drive will take place on next Sunday, January 10, and arrangements have been made for Pendleton people to go down on No. 1 in the morning and get off at milepost 197, right at the spot where the drive is to be organized, under the direction of Harry Rodgers, and No. 2, the east-bound evening train, will stop at the same place and pick up those returning home in the evening.

An excursion train is to be from Heppner on that date and it promises to be the big event of the season. The O. R. & N. will sell round trip tickets from this city to milepost 197 and return for \$1, and already every sportsman in the city who can get away has signified his 'c tention to attend

The point where the train will stop for the drivers to get off, is on the Maxwell hill, about two miles west of Foster, and the drive will be organiz-ed there, and cover a large territory between there and the Umatilla river. The cannery company has enlarged the cold storage facilities and can care for any number of hare captured and no matter how many driven on that day, none will be wasted as the company will be on hand to take care of them.

The rabbits are thicker this winter in that vicinity can ever before and although about 6,000 were captured on New Year's day, fully as many more escaped because of the small number of people to drive them to the corral

Returning From Elgin.

Miss Stella Mayfield and Miss Elsie McCully, both of Elgin, were the guests of friends in the city yesterday while returning to Weston from their vacation visit at home.

SEVENTY WERE GRANTED

LAST YEAR IN THIS COURT.

Seventren Actions Are Now Pending -Of the Eighty-seven Petitioners, Sixty-eight Were Women-Desertion is the Most Common Complaint by the Men and Cruelty and Drunkennese by the Women.

Umatilla county is one where there have been in the past some sad couples whose first bright dream of love has passed and who have sought surcease from care and domestic brawl in the soothing potions of the divorce court.

During the year there have been 87 divorce suits filed, of which 17 nee yet unacted upon, and all the rest of list have been granted with the exception of two or three which have either been compromised or dismiss In one case the suit was dismissed because the plaintiff died be fore the case came to trial.

Out of the total of 87 all of the of the small proportion of 19 and in these cases the cause of ac tion is generally alleged to be deser tion, with one or two cases where marital infelicity is charged. In one of these the decree went to the defendant, inasmuch as the prayer of the plaintiff was denied.

the other hand, the complaint of the women is that the men are cruel, fall to provide them with the necessities of life, drink to excess and habitually strike abuse their wives. In all of those cases divorces have been granted. In one case a suit was brought by the wife and dismissed by the court and in a short time the trouble was revived with the husband as the plaintiff. He won his suit, though he had to pay high for his liberty.

Looked at from all sides, the records go to show that it is the men. and not the women, in the great ma jority of cases, who are responsible for the trouble.

The total number of cases filed, to kether with the artion taken upon them is given below

CLEARANCE SALE.

Sullivan & Bond Will Clean Out Splendid Stock.

The firm of Sullivan & though in business but a short time, has made a remarkable showing and has established a trace that keeps growing as the progressive methods

of this store become known.

Sullivan & Bond propose to clean up their stock at the end of each season, and to have no dull months in their business. With this in view, they have manugurated their first grand clean-up sale and have cut the prices on every article in the store. A grand sweeping 20 per cent reduc-tion has been made on every article in the entire stock, and on some lines the cut is as high as 50 per cent, but on nothing has less than 20 per cent been knocked off the regular price. In the large advertisement beaded "We Want Money," are given further particulars regarding the sale, and some prices which give example of what can be saved by purchasing during this sale.

The Sullivan & Bond stock is new, bright and fresh and will always be kept so, because at the end of each season the stock will be cleaned up by special sales of which the one now in progress is a sample. At these sales genuine reductions in prices will be made and economical buyers would do well to make full in-vestigation.
