

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health.

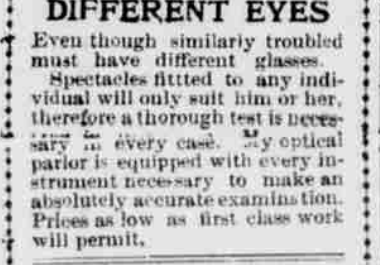

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized.

## TRIAL OF BANDITS

WILL BE EXPEDITED BY CONFESSION OF MARX

Gang Has a Record of Seven Murders and Nearly a Dozen Robberies Inside of Five Months—They Are a Pack of Desperate Degenerates—Conviction is Certain in Every Instance.

Chicago, Jan. 6.—Judge Kersten's court was crowded today when the four young desperadoes—Marx, Neidermeier, Van Dine and Roeski—were arraigned for trial. Motions for a postponement of the case and for separate trials have both been overruled and it is expected that the trial will be concluded within a week.

### How Gang Killed and Robbed.

Never before in Chicago, and perhaps never in all the country, have so many desperate crimes been crowded into so short a time as in the case of Van Dine, Neidermeier, Marx and Roeski. Previous to their last arrest the four youths had a criminal history extending over less than five months, with the exception of small offenses of larceny. In that time they killed seven men, wounded several others, robbed five saloons, a railroad ticket office, the street car bars and attempted to dynamite a train. Five of the murders were committed within two months.

The most desperate crime of the men was the car barn robbery on August 30. Roeski and Marx arranged the details, but Roeski was not an active party to the robbery. Two men were killed and \$2,250 was taken.

Marx, Van Dine and Neidermeier invaded the barns at 3 o'clock in the morning and began shooting without warning. Francis W. Stewart, a student at the Armour Institute, at work at a desk in the cashier's office, was shot through the body and died soon afterward. William B. Edmond, receiving cashier, also was shot, but not mortally. James B. Johnson, a motorman, was killed as he rose from a bench on which he was sleeping.

Some time afterward Marx was arrested on suspicion and in the fracas that followed killed a detective. He made a confession implicating the other three in the numerous hold-ups and murders and a vigorous search for the trio was begun. The three youths were finally located in a dug-out on the sand dunes skirting the southern shore of Lake Michigan, several miles from Chicago. In the desperate battle that resulted in their capture the young bandits killed a detective and a railroad brakeman, seriously wounded several others and were themselves struck with bullets, though not seriously injured.

### SOME REASONS.

Pendleton People Should Follow This Valuable Advice. Because the proof is in Pendleton. You can easily investigate it. Not necessary to experiment. With some untried remedy.

Profit by the experience of a citizen. Mrs. G. W. Brown, who lives at the corner of Turner and B. streets, says: "I was unable to stoop without suffering the most intense pain across the small of my back and through my kidneys. I got my first box of Doan's Kidney Pills at the Brock & McComas Co. drug store. I was so sore and lame that I could not stoop at the sink to wash. Doan's Kidney Pills did away with the trouble. If I did not honestly think that Doan's Kidney Pills acted up to the representations made by them I would not set my name to an endorsement. I know others who have used Doan's Kidney Pills with the same satisfaction."

## ORATORY AT FAIR

FORENSIC CONTESTS TO BE MADE A FEATURE

Idea Originated With President of Cornell University—Will Be Made Inter-Collegiate and Open to the Entire Country—Will Attract Great Attention.

St. Louis, Jan. 6.—Much has been said and written about the inter-collegiate athletic games that are to be a feature of the approaching world's fair, but it has remained for William L. Ransom, president of Cornell university debate council, to suggest that contests of college brains as well as college brawn might be made an interesting feature of the exposition.

Mr. Ransom's idea, which has been favorably received by the exposition directors, is for a grand inter-collegiate debating contest in which the leading colleges and universities of the entire country might be represented. At the present time there are debating leagues composed of groups of colleges, such as Yale, Harvard and Princeton in the East; Wisconsin, Iowa and Minnesota in the Central states and the University of California and Leland Stanford on the Pacific coast.

Mr. Ransom points out that the type of speaking, thinking and debating done in these various sections differs a great deal and he suggests that it would be an interesting presentation for the leaders of the various leagues to meet in St. Louis in a grand contest to determine the national championship. The scheme has been communicated to the heads of the various colleges and awaits their indorsement.

### SEATTLE BUTCHERS' STRIKE.

Shops Violating Agreement by Not Closing Early.

Seattle, Jan. 5.—A half dozen butcher shops opened for business yesterday contrary to the agreement they made with the Butchers' union at the settlement of the Frye-Bruhn strike, and the business agent of the union got busy. He went around and interviewed the proprietors of all the establishments in question and told them to close up under penalty of getting under the ban of the union.

By the settlement of the last strike the proprietors of the butcher shops not only agreed to close on Sundays and holidays but also at 6 o'clock in the evening, except on Saturdays, when they were to remain open until 10 o'clock. The union men claim that several shops are violating the agreement by opening on holidays and not closing up at times until 7 o'clock.

B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says: "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." ### Sickness Among Children.

The schools of the city were reopened on Monday morning and the attendance was greatly reduced, on account of the epidemic of measles. The epidemic commenced just about the time the schools were closed for the Christmas holidays, and since then fully 100 cases have been reported to Health Officer Pilkington. During the past few days the number of cases has not increased materially and it is believed the disease will soon be stamped out. The most rigid quarantine regulations are being enforced. The scarlet fever cases are all convalescent and no danger is anticipated from this source.—Morning Astorian.
