Death of an Aged Couple.

Mrs. H. H. Curtis received a letter from her father, John Craten of California, announcing the news of the death of his aged parents. Woodmen of World Notice.

Pendleton Camp No. 41, will have installation of officers Saturday evening, January 9. All members are earnestly requested to be present.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

RESTORED TO HEALTH.

Remarkable Cure of Lady After Trying Several Physicians.

Medical Lake Salts Mfg. Co., Spokane, Wash.

Gentlemen—I had been ill for two or three years, and my physicians seemed unable to give me any relief. I continually grew worse until I was almost helpless, being unable to walk or even raise my arms above my head, and was reduced to 89 pounds in weight. At this time I decided to visit Medical Lake. Arriving at that place, my friends thought I would not possibly live for more than a week or two, but thanks to the curative properties in the water I immediately began to get stronger, and after a few months' stay there, taking daily baths, I was restored to a weight of 119 pounds and have enjoyed good health ever since.

"Human Hearts" Coming.

"Human Hearts" will be presented this season with an entirely new scenic equipment. Mr. W. E. Nankoville, at great expense, had photographic views for the new scenes taken in the hills of Arkansas, in the locality where the scenes of the play are laid, so as to have the production as true to life as possible. These photographs were turned over to the scenic artist and the result has been most satisfactory. Mr. Nankoville also commissioned the photographer to pick up anything in the way of properties that might lend local color to any of the scenes. The artist acquired an anvil and bellows from the village blacksmith shop that were once used by the prototype of Tom Logan, the hero of the play.

"Human Hearts," in all its scenic splendor, will be seen at the Frazer January 25.

Moki Tea Positively Cures Sick Headache, Indigestion and Constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. For sale by F. W. Schmidt & Co.

Schubert Female Quartet.

The San Francisco Call of December 9th, 1896, says: "The entertainment by the Schubert Symphony Club and Lady Quartette at the Y. M. C. A. last night was a most enjoyable affair, and the audience testified their appreciation of the good things in the program by frequent demands for a repetition."

Special attention is given to their enclosures by the Schuberts, and, although their program is an extensive one, it rarely represents one-half of the work performed by this favorite company each evening.

This Quartet at the Frazer January 11, for one night.
