

MRS. B. A. BLANCHARD

"advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

These Two Women were Cured by Lydia E. Pinkham's Vegetable Compound

READ THEIR LETTERS!

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and a fitful sleep. I dreaded the time to come which would only mean suffering to me.
"Better health was all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy.
"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."
—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.
"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.
"You surely deserve great success, and you have my very best wishes."

Lydia E. Pinkham Med. Co., Lynn, Mass.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant,—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively CURING disease and restoring health and vigor.

Marvellous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it can be relied upon to effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice.

DIFFERENT EYES

Even though similarly troubled must have different glasses. Spectacles fitted to any individual will only suit him or her, therefore a thorough test is necessary in every case. My optical parlor is equipped with every instrument necessary to make an absolutely accurate examination. Prices as low as first class work will permit.

IS UNFAVORABLE TO COMMISSION

GOVERNOR CHAMBERLAIN'S
VIEWS ON RAILWAY BOARD.

In Answer to Inquiry of Walla Walla Union Says Oregon's Experience Was Unsatisfactory—Washington May Consider Such a Board in Next Campaign.

Every acting governor in the United States has been asked by the Walla Walla Union to write his sentiments toward a railway commission and to detail the experience of his state concerning this issue.

This has been done because the railway commission question is a probable issue in the next republican campaign in Washington. It is thought that the experience of other states and the views of the chief executives of those states might to some extent be a criterion.

Following is the reply of Governor Chamberlain of Oregon to the Union's inquiry:

"In reply to your letter permit me to say that the legislature of Oregon in 1889 created a railway commission and defined its powers and duties. This law continued in force until the special session of the legislature in 1898, when it was repealed, so that at this time we have no commission.

Oregon Commission Useless.

"Conditions in Oregon up to the present time have not justified a railway commission, and very little good, if any, was accomplished by it during its existence. The time may come when it would be wise to enact a law having for its object the regulation of railways in this state through the instrumentality of a commission, but in order to make it effective the powers of such a commission must be ample, so that its mandates are not merely expressions of opinion on the part of the commission, but may be summarily enforced.

Same is True Generally.

"With few exceptions, commissions created for the purpose of regulating railway transportation have not accomplished much good. It may be that the laws governing them were defective, but in some cases I fear there have been other reasons than defective laws for making them inefficient. Yours very truly—George E. Chamberlain, governor of Oregon."

EAST OREGONIAN UNKNOWN NUMBER GUESSING CONTEST

Every Subscriber to Have an Opportunity to Guess on a \$100 Rubber Tired Buggy

We Will Give Away, Absolutely Free, a Cushion-Tire now on Exhibition in the Show Window of the A. Kunkel & Co. Implement House, Two Doors South of the East Oregonian Building.

The East Oregonian has purchased from the A. Kunkel Implement Co. a \$100 cushion tire buggy. It is a beauty, strong, serviceable and well finished. For each year's subscription to the Weekly at \$1.50 or for every similar amount paid on the daily or semi-weekly the subscriber is entitled to one guess at an unknown number of three figures, that will be placed in a sealed envelope. This is not a drawing, lottery, or gift enterprise of any kind.

How to Participate.

Each receipt for \$1.50 for the Daily, Weekly or Semi-weekly East Oregonian, to any address, the person to whom the receipt is issued, will be given an opportunity, absolutely without cost, to have a guess at the unknown number, and the person or persons guessing nearest that number will receive as a present and without any compensation whatever, and merely as an expression of good will on the part of the East Oregonian toward its subscribers, the \$100 cushion tired buggy advertised in this paper and on exhibition at A. Kunkel & Co's Implement house two doors south of the East Oregonian building.

For each \$1.50 paid the holder of the receipt will have an opportunity of making one guess. For example if you send \$1.50 for one year's subscription to the Weekly or \$2.00 for one year's subscription to the Semi-weekly you are entitled to one guess. If you pay \$5.00 for one year's subscription you will get three guesses. If you pay \$7.50 for one year's subscription to the Daily delivered by carrier you will get five guesses, or if you pay \$2.75 for six months of the Daily by carrier you are entitled to two guesses.

No commission is allowed to any agent or solicitor for securing subscribers under this offer, and the person so subscribing does it with the understanding that the East Oregonian is accepted as payment in full for the money paid.

Unknown Number — How Prepared. Monday, January 18, the following committee of business men met at the office of the East Oregonian and formed the unknown number that will get the \$100 rubber-tired buggy. The committee consisted of M. A.

Rader, the furniture man, E. T. Wade, the real estate dealer, G. A. Robbins, proprietor of the Owl Tea House, Glenn Winslow the jeweler, and A. Kunkel, the implement man.

Ten numbers from one to naught were cut from a calendar. These numbers were sealed up in 10 different envelopes by the committee. The 10 envelopes were placed in a hat and thoroughly shuffled and shaken. Three members of the committee then took out one envelope each, which were marked one, two, three, in the order in which they were taken out.

These three envelopes were then placed in a larger envelope and sealed and a wax seal placed on the flap and delivered to the chairman of the committee, M. A. Rader, to keep until the day the buggy will be drawn. The remaining seven envelopes containing the other numbers were then burned in the presence of the committee, thus insuring an absolutely unknown number.

Each and every one of the committee was thoroughly satisfied with the absolute fairness of the method of selecting the unknown number, and signed the following statement: "We, the undersigned, were present at the East Oregonian office Monday afternoon, January 18th, and assisted in forming the unknown number according to the plan published, to be used in the East Oregonian guessing contest.

"Under the rules of forming the number, it is impossible for anyone, not even the members of this committee, the publishers of the East Oregonian, or anyone else to know what the number is.

(Signed.) E. T. WADE, A. KUNKEL, M. A. RADER, GLENN WINSLOW, G. A. ROBBINS."

Upon the day when the envelope is to be opened and the buggy awarded to the person guessing nearest to the number, the numbers will be assembled in the order in which the envelopes are marked. It may be as low a number as 012 or as high as 987. As a matter of course, it must be three different figures, as no figure was used twice. Somebody will get a splendid \$100 present when the 975 receipts have been given out. The unknown numbers will be

formed by putting together numbers in the order as one, two, three, on the envelope they are contained. The number will not be used in the guessing contest, hence no one will know what the number is until it is publicly announced to the subscribers.

Limited Competition

The number of receipts for this contest will be limited to a number of guesses possible range of the numbers be and 987, as the unknown number must be composed of a 3 digit number. The unknown cannot be less than 012 nor 987.

To be a perfectly fair contest this contest will be limited to a number of guesses possible range of the numbers be and 987, as the unknown number must be composed of a 3 digit number. The unknown cannot be less than 012 nor 987.

The receipts for the contest will be numbered but the stub will be used for the purpose of identifying the person who is the successful subscriber writing the name on the back of his receipt making his or her own guess. The receipts are all sold the contest will be over and the buggy awarded the buggy.

How the Guesses will be Made. On securing a receipt the person wishing to possess his guess on the back of the receipt in ink or indelible pencil, one guess on each receipt, posting the same in the box provided for that purpose. The office for that purpose is out of town will be allowed their guess in the same way. Send the same to "The East Oregonian" and the "Guessing Contest" box deposited in the box. The receipts in the guessing contest are sold—975 receipts in all. Subscribers can get their receipts after the contest has drawn the buggy which will give the name of the receipt with the name of the buggy.
