

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

DIRECT PRIMARIES

ONLY TEN DAYS LEFT
IN WHICH TO PETITION.

Below is Given the Full Text of the Petition, Which Must Be Circulated, Signed and in the Hands of the Secretary of State by February 6—An Absolutely Non-Partisan Movement.

To those to whom may be presented our initiative petition for the submission of our proposed bill for a direct primary nominating elections law:

Our bill proposing a direct primary nomination law is based on the following theory:

Under our form of government political parties are useful and necessary at the present time. The publicly known and avowed members of a political party have the right to the exclusive management of all its business. It is the duty of the state to protect them in such management, and in making their party nominations from any interference by any person who is not known to be a member of the party.

The voters of the principal political parties should nominate their candidates for public office at a primary nominating election provided by law and held by the regular boards of judges and clerks of election. Every political party is entitled to the sole and exclusive use of every word of its party name. Each political party should have its separate ballot at the nominating election, to be furnished by the government, and on which the names of all its candidates for nomination should be printed. The ballot should be secret, and the election conducted in secret.

The circulars and petitions asking for the submission of a direct primary nomination amendment to the constitution of Oregon, at the coming general election in June, have arrived in the city and should be circulated immediately in order to get the amendment on the official ballot.

The petitions must be in the hands of the secretary of state by February 6 and but little time remains for their circulation. In order to hurry the matter along friends of the measure should rush the petitions for a few days. Following is the circular letter accompanying the petitions:

In the same manner as a regular general election. Candidates for the legislature should promise to vote for the people's choice for United States senator.

Every practicable facility should be allowed for the nomination of candidates by the smaller political parties and by independents.

This bill follows the principles of the Australian ballot law in Oregon as closely as possible, and does not in any way interfere with the action of the voters at the regular general election.

It has been in preparation for several months. Among the lawyers who have either taken an active part in the preparation of this bill, or have approved it after careful consideration, are Hon. T. A. McMe-
Bride, C. E. S. Wood, E. C. Bron-
augh, S. B. Huston, Charles E. Lock-
wood, Judge Alfred F. Sears, Thos.
G. Greene, R. W. Montague, V. R.
Hyde, F. T. Griffith, R. C. Wright, C.
B. Moores and W. S. U'Ren. It is
one more step in the effort to abolish
the rule of the "Boss" and establish
the rule of the People.

We believe the bill has had as careful and thorough consideration and preparation as it would be possible for any committee of the legislature to give a similar measure. Its principal provisions have been taken from similar laws that are in successful operation in other states.

With this brief explanation we respectfully request the voters of Oregon to sign our initiative petition for its submission at the coming June election.

Respectfully submitted,
The Direct Primary Nominations
League of Oregon,
Attest, W. S. U'Ren, Oregon City,
Secretary.
By A. L. Mills, of Portland,
President.

Bright's Disease and
Diabetes News.

San Francisco, Nov. 2.—To the Editor of the East Oregonian.

Dear Sir:—For many years an editor myself, I address you by request and as a simple duty. A great discovery has been made in this city. It is fraught with so much importance and yet is so hard to believe, that those who are personally cognizant should add the weight of their influence, be it great or small.

I not only know by contact with many of the beneficiaries but was myself rescued from Bright's Disease by it. The cure has been found and the difficulty in believing it is costing many lives. It is astounding how far our prejudices carry us. But the great fact is here, and acceptance means recovery.

After my own unexpected release I wouldn't let my friends rest and several took the treatment and recovered. One was Charles F. Wacker, the Sixth street merchant. He had Diabetes and thought he was going to die. He got well and passed for a \$5,000 policy.

I say to you as a brother that those of your friends who have Diabetes or Bright's Disease, and everyone knows of some, that they can recover, I will be glad as one of many survivors out here to give you further information.

Yours &c.,

Chas. H. Engelke.
