**TO CUTIGURA**

The World Is Cuticura's Field, Used Wherever Civilization Has Penetrated.

"I desire to give my voluntary testimony to the beneficial effects of your Cuticura Remedies. I have suffered for some time from an excess of uric acid in the blood; and since the middle of last year, from a severe attack of Eczema, chiefly on the scalp, face, ears and neck and on one limb. I was for several months under professional treatments, but the remedies prescribed were of no avail, and I was gradually becoming worse, my face was dreadfully disfigured and I lost nearly all my hair. At last, my wife prevailed upon me to try the Cuticura Remedies and I gave them a thorough trial with the most satisfactory results. The disease soon began to disappear and my hair commenced to grow again. A fresh growth of hair is covering my head, and my limb (although not yet quite cured) is gradually improving. My wife thinks so highly of your remedies that she has been purchasing them in order to make presents to other persons suffering from similar complaints, and, as President of the Bible Women's Society, has told the Bible women to report if any case should come under their notice when a poor person is so afflicted, so that your remedies may be resorted to."

COUNTERFEITER AND FORGER IS RELEASED.

Said to Be the Most Dangerous Man in His Class in America — Once Forged \$204,000 United States Bonds — Is 81 Years Old — His Counterfeits Better Work Than the Originals—Has Caused the Government Great Expense and Trouble.

Trenton, N. J., Jan. 25. — Early tomorrow morning the gates of New Jersey's state prison will open for the release of William E. Brockway, who in the words of the United States authorities, is "the most dangerous counterfeiter and forger who ever operated in America." Brockway has completed his term of ten years' imprisonment, minus the time allowed for good behavior and plus thirty days which he was required to serve in lieu of the \$1,000 fine imposed on him.

Brockway is not only a remarkable man, but he has given the secret service detectives of the Washington government more sleepless nights than all the other counterfeit money manufacturers in the country. The secret of his so-called success has been his ability to make genuine bank notes and bonds seem counterfeit when compared with his marvelous work. It is said that when United States treasury notes and Brockway's counterfeits were handed to an expert for examination he threw out the genuine notes for counterfeit and pronounced Brockway's money genuine. This is why the man was considered so great a menace to the finances of the government. When arrested and tried in court he managed his case with consummate skill and counsel for the government called it "great luck" when he was convicted at all.

**Had Some Art Training.**  
Brockway was born in Connecticut in 1822 and his first work was in the studio of Professor Morse, then a portrait painter, and later the discoverer of telegraphy. Here Brockway learned something of art. His career as a forger and counterfeiter began in 1850, it is said. He was arrested by the government in 1880 for the forging of \$204,000 United States 6 per cent \$1,000 bonds. For this he was sentenced to thirty years in prison, but upon his surrendering all his counterfeiting tools and giving valuable information concerning similar swindles sentence was suspended.

He was arrested again in 1883 for forging Morris and Essex railroad bonds and sentenced to five years in state prison. The suspended sentence was for some reason not enforced against him.

Brockway lived for many years under the name of Spencer in Brooklyn, and his wife, son and daughter. He passed as a sea captain, and his absences from home were accounted for as "voyages." The family were ardent church workers and Brockway himself frequently attended church services. He was supposed to be an eminently respectable member of society until he had trouble with his wife. Soon after he was arrested for crossing the Wall street "dead line," and his real character was disclosed.

The details of the arrest at Hoboken of Brockway and his alleged accomplices have been widely published. The detectives found \$200,000 in Canadian notes, with only the reverse side printed; \$200,000 in United States gold certificates, nearly finished, and fibre paper prepared for printing \$400,000 more. It is said that the counterfeits were backed by some of the wealthiest and cleverest criminals in the country.

But the authorities do not apprehend any further trouble from the "dean of counterfeiters." He is now 81 years old, and leaves prison broken in health and spirit. It is his intention to pass the remainder of his days with relatives in northern New Jersey.

**TO SCALE MT. HOOD.**  
Electric Road May Be Built to the Very Summit of the Mountain by Portland Firm.

A company of Portland capitalists has secured title to the land on which is located the falls of the Sandy, high up on the sides of Mount Hood, and will place an enormous electric plant in position there for the purpose of operating an electric road "to the top of the old mountain."

The falls have a drop of 20 feet and an inexhaustible power could be obtained by harnessing them. The grade to the top of the mountain is one of the easiest mountain ascents in the country, as a smooth rail would enable electric cars to make the climb, while the Pease's Peak road is so steep that a cog rail in the center of the track is necessary to permit the engines to carry their own weight up the steep grade.

The movement will be promoted as rapidly as possible.

**EAST OREGONIAN UNKNOWN NUMBER GUESSING CONTEST**

**Every Subscriber to Have an Opportunity to Guess on a \$100 Rubber Tired Buggy**

**As an Expression of Our Good Will Toward Subscribers and to Increase our Subscription List**

**We Will Give Away, Absolutely Free, a Cushion-Tire Buggy now on Exhibition in the Show Window of the A. Kunkel & Co. Implement House, Two Doors South of the East Oregonian Building.**

The East Oregonian has purchased from the A. Kunkel Implement Co. a \$100 cushion tire buggy. It is a beauty, strong, servicable and well finished. For each year's subscription to the Weekly at \$1.50 or for every similar amount paid on the daily or semi-weekly the subscriber is entitled to one guess at an unknown number of three figures, that will be placed in a sealed envelope. This is not a drawing, lottery, or gift enterprise of any kind.

**How to Participate.**  
Each receipt for \$1.50 for the Daily, Weekly or Semi-weekly East Oregonian, to any address, the person to whom the receipt is issued, will be given an opportunity, absolutely without cost, to have a guess at the unknown number, and the person or persons guessing nearest that number will receive as a present and without any compensation whatever, and merely as an expression of good will on the part of the East Oregonian toward its subscribers, the \$100 cushion tired buggy advertised in this paper and on exhibition at A. Kunkel & Co's. Implement house two doors south of the East Oregonian building.

For each \$1.50 paid the holder of the receipt will have an opportunity of making one guess. For example if you send \$1.50 for one year's subscription to the Weekly or \$2.00 for one year's subscription to the Semi-weekly you are entitled to one guess. If you pay \$5.00 for one year's subscription to the Daily you will get three guesses. If you pay \$7.50 for one year's subscription to the Daily delivered by carrier you will get five guesses, or if you pay \$3.75 for six months of the Daily by carrier you are entitled to two guesses.

No commission is allowed to any agent or solicitor for securing subscribers under this offer, and the person so subscribing does it with the understanding that the East Oregonian is accepted as payment in full for the money paid.

**Unknown Number — How Prepared.**  
Monday, January 18, the following committee of business men met at the office of the East Oregonian and formed the unknown number that will get the \$100 rubber-tired buggy. The committee consisted of M. A.

Rader, the furniture man, E. T. Wade, the real estate dealer, G. A. Robbins, proprietor of the Owl Tea House, Glenn Winslow the jeweler, and A. Kunkel, the implement man.

Ten numbers from one to naught were cut from a calendar. These numbers were sealed up in 10 different envelopes by the committee. The 10 envelopes were placed in a hat and thoroughly shuffled and shaken. Three members of the committee then took out one envelope each, which were marked one, two, three, in the order in which they were taken out.

These three envelopes were then placed in a larger envelope and sealed and a wax seal placed on the flap and delivered to the chairman of the committee, M. A. Rader to keep until the day the buggy will be drawn. The remaining seven envelopes containing the other numbers were then burned in the presence of the committee, thus insuring an absolutely unknown number.

Each and every one of the committee was thoroughly satisfied with the absolute fairness of the method of selecting the unknown number, and signed the following statement:

"We, the undersigned, were present at the East Oregonian office Monday afternoon, January 18th, and assisted in forming the unknown number according to the plan published, to be used in the East Oregonian guessing contest.

"Under the rules of forming the number, it is impossible for anyone, not even the members of this committee, the publishers of the East Oregonian, or anyone else to know what the number is.

(Signed.)

E. T. WADE,  
A. KUNKEL,  
M. A. RADER,  
GLENN WINSLOW,  
G. A. ROBBINS."

Upon the day when the envelope is to be opened and the buggy awarded to the person guessing nearest to the number, the numbers will be assembled in the order in which the envelopes are marked. It may be as low a number as 012 or as high as 987. As a matter of course, it must be three different figures, as no figure was used twice. Somebody will get a splendid \$100 present when the 975 receipts have been given out. The unknown numbers will be

formed by putting together numbers in the order as marked two, three, on the envelopes they are contained. The number will not be assembled the guessing contest is hence no one will know what the number is until it is publicly announced.

**Limited Competition.**  
The number of receipts for this contest will be limited to a number of guesses possible range of the numbers between 987 and the unknown number must be composed of a few those limits. The unknown number cannot be less than 012 nor more than 987.

To be a perfectly fair and accurate guessing contest the number to be guessed at must be absolutely unknown. There is no chance for the East Oregonian committee, or any subscriber, to know the number and thus insure that result.

The receipts for this contest will be numbered in this stub will be only for the purpose of identifying the person who is the successful guesser. The subscriber writing the number on the back of his receipt, making his or her own guess, unknown number. As soon as the receipts are all sold the guesser's list will be over and the number awarded the buggy.

**How the Guesses are Made.**  
On securing a receipt for this person wishing to guess his guess on the back of the receipt in ink or indelible pencil, one guess on each receipt, the receipts in the guessing box provided at the East Oregonian office for that purpose, out of town will be allowed to send the same in a sealed plain marked "Guessing Contest," and deposited in the guessing box. The receipts in the guessing box are sold—975 receipts in all. Subscribers can get their receipts at any time after the contest has begun and draws the number which will give the buggy. The unknown numbers will be
