ALEXANDER'S DEPARTMENT STORE

BEARING DOWN PAINS

3647 Indiana Avenue, CHICAGO, ILL., Sept. 27, 1902.
I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around at all, do my work I would not try patent medicines as I had no faith in them. About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me, told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Wine of Cardui brings certain relief to women suffering any symmetrical weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not worry month if you take this medicine. The periodical discharge becomes painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately at your own home. Secure a \$1.00 bottle of Wine of Cardui from your druggist.

A WOMAN TO BE PRETTY

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG TESTIMONY.

This is Pendleton Testimony and Will Stand Investigation.

If you should doubt the following and wish to investigate, you haven't to go to some other state in the Union to prove it. It's not a long story published in Pendleton newspapers about a resident of Kalamazoo, Mich., or Tampa, Fla. Its about a resident of Pendleton and given in his own words. No stronger proof can be had.

H. A. Thompson, retired, who lives on Stonewall Jackson street, says: "My kidneys troubled me by spells for 10 years, and at such times with a steady dull aching across my back. I used large quantities of various kinds of medicines said to be good for it, but they never benefited me enough so that I could notice it. Finally I got a box of Doan's Kidney Pills at the Brock & McComas Co. drug store and I found them to be just what I needed. They went right to the spot and not only relieved my backache, but cured it permanently. I will be only too pleased to tell others about the merits of this remedy."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no other.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly it doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any symptoms are felt. The blood is the first point of attack, and the poisonous acids that cause the aches and pains are then distributed through the circulation to different parts of the system, and settle in joints, muscles and nerves; and when the system is in this condition it needs only some exciting cause like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acrid matter in the joints and muscles. Some people are almost helpless from the first, while others have occasional spells or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form. It grows worse as we grow older, and frequently stiffens the joints, draws the muscles out of shape and breaks down the nervous system. A disease that originates in the blood, as Rheumatism does, cannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medicine accomplishes this in so short a time as S.S.S., which not only neutralizes the acids and counteracts the poisons, but builds up the general health at the same time.

RHEUMATISM IN ELBOWS, WRISTS AND KNEES. Urbana, Ohio, Aug. 25, 1903. Last winter I had a severe attack of Rheumatism. It started in the right elbow, and from there to my wrists; the right wrist was the worst. It became swollen and extremely painful. My left knee joint was the next place to be attacked. It became swollen and of course painful. The next point to be affected was the hip and ankle, which gave me much trouble. I was barely able to get about for some time. I was under treatment of a physician for a while, but getting no better I began S. S. S., and after taking it for some time I was entirely relieved of the Rheumatism. All swelling and soreness disappeared. I consider S. S. S. an excellent remedy for Rheumatism and all troubles having their origin in the blood.
