ASK FOR STREET GRADING.

Residents of Tustin Street to Petition City Council for Relief.

Residents of Tustin street are circulating a petition to be presented to the city council, asking for the grading of that street, between Thompson and Main.

At the present time the east end of Tustin street pitches over a steep hill over which it is impossible to drive a team and the only outlet for the residents of Tustin can use is by way of Thompson street.

The petitioners will ask that this hill be graded down at the junction of Tustin and Main streets, to an easy grade, extending back far enough to make the street passable for teams. The work will include filling in the deep hollow crossed by the high sidewalk between Main and the high school building, the dirt cut from the top of the hill to be used for this purpose.

Several elegant new residences have just been completed in that vicinity and the street is badly needed as it is now necessary for teams to reach these residences by way of Thompson street.

Praiseworthy Fault

One that true economy must endorse

The only complaint we have ever heard about "Revere" Coffee came from a consumer who said it was "too strong." "Too strong" is a highly laudable fault in a Coffee, and one easily remedied by

USING LESS TO THE CUP

"Too strong" is not the same as "too rank." The latter is a fault that often characterizes weak coffee, and nearly always characterizes very cheap grades. "Too strong" simply means that

REVERE COFFEE

will produce more cups of the desired strength than the consumer gives it credit for, and for that reason true economy prompts its purchase. The "per cup" cost of "Revere" coffee at 40c a pound is no more than when a 25c grade is used. The incomparable flavor, rich aroma and satisfying body cost absolutely nothing extra.

WM. GLASSON CHEWS E. F. BEITEL'S FACE.

Row Occurred in the Corner Saloon at Pilot Rock—Glasson Alleges That Beitel Sold Liquor to His Wife—Glasson Will Be Held Under a State Law, Charged With Mayhem.

E. F. Beitel, a councilman of Pilot Rock, had his nose chewed off by William Glasson last night in the corner saloon, run by Burrows Brothers in that strenuous little city.

A feud has existed for some time between the men, which has been kept alive by Glasson. He for a time ran both of the saloons of the city, and tried to keep the fact of his corner on the refreshment business quiet, but at last got into a quarrel with the city council over the license and eventually sold both places to Baker & Ogg, of Pendleton, who now own them.

Beitel is a barkeeper in one of the places, and is a member of the city council. Last night he, in company with several friends, went into the corner saloon and started to shake dice for a few drinks. He lost the first throw and invited Glasson, who was standing near, to have a drink with the rest of the crowd. Glasson refused the offer, stating that he would not drink with Beitel for various reasons. For one thing, he had been a member of the city council when it had raised the license and put him out of business, and for a second offense, Glasson alleged that Beitel had sold whiskey to his wife when he had asked that it be kept from her.

One word led to another until Glasson suddenly threw his arms around Beitel's neck and commenced to chew his nose. The men fell to the floor and were separated by friends, but not before Glasson had bitten a piece out of the left side of his opponent's nose, taken the end off and bit through his lip. When pulled to his feet he kicked the prostrate man in the head and tried to brain him with a billiard cue.

After the fight Glasson went to the office of the justice of the peace and pleaded guilty to the charge of assault and battery and was fined \$10, which he paid. He then went back to the saloon and after taking on a few more, started out for Beitel's ears, as the end of his nose had but whetted his appetite. Beitel had, however, left for Pendleton, and could not be found. He showed up in the sheriff's office this morning with an information from the office of the district attorney, charging Glasson with the crime of mayhem, and the officers at Pilot Rock were asked by phone to hold their man until the sheriff could go after him.

JOSEPH VEY SEEKS TO RECOVER THE SUM NAMED.

Claims the Money Was Loaned by C. B. Wade Who Took a Note and Mortgage as Security Which Vey Now Claims as His Own Property—Asks for an Injunction to Protect His Claim.

Joseph Vey has this morning filed a suit in the office of the county clerk for the recovery of a note for \$12,000 with a mortgage securing it, which he claims the First National Bank of Pendleton is withholding from him. The First National Bank, C. B. Wade and George Darveau are named as the defendants in the suit, and the plaintiff alleges that on April 18, 1899, he had a large sum of money on deposit in the bank, and that on that date C. B. Wade took \$12,000 from the sum and loaned it to George Darveau, taking from him a note for the amount with 8 per cent interest, secured by a mortgage on the St. George hotel. The interest on the note was made payable to C. B. Wade as trustee.

It is further alleged that the defendant, C. B. Wade, has become insolvent and has absconded from the state, and that the note and the mortgage are in the bank, which claims to be the owner and threatens to use them in the regular transaction of business as the property of the bank.

The plaintiff also claims to be the owner of the note and the mortgage securing it, and to be the beneficiary named and intended by the term "trustee" in the papers for the \$12,000, and that therefore the note and the mortgage are of right the property of the plaintiff Vey, and not of the bank.

The plaintiff prays for a temporary injunction restraining the bank from disposing of or transferring the note or the mortgage until after the final settlement of the suit, and that Darveau be restrained from paying any money to the bank until after the settlement of the suit. He also prays that the note and mortgage be surrendered by the bank to him. Balleray & McCourt are the attorneys for the plaintiff.

TO SAVE THE FORT.

Senator Mitchell Wires That He is Co-operating With Washington Senators.

F. B. Clopton this afternoon received a message from Senator Mitchell, at Washington, D. C., in reply to one sent him on behalf of the citizens of the county, to the effect that he was co-operating with the Washington delegation in trying to persuade the war department to retain the government fort at Walla Walla.

The message is as follows: Washington, D. C.—F. B. Clopton: In response to your telegram I wish to say that the department has decided in favor of the removal of the post at Walla Walla. However, Senator Foster, for Senator Ankeny, and himself, has introduced an amendment to the army bill the purpose of which is to try to provide for a law for the retention of the post. I am co-operating with the Washington senators and will do all in my power to secure the incorporation of such a provision in the army bill.

J. H. MITCHELL. The following message was sent by Mr. Clopton to Senator Mitchell: J. H. Mitchell, Washington, D. C.:—Together with all the citizens of Umatilla county, I urge you to use your influence with the department to hold the army post at Walla Walla, its present location is of great advantage to this county. Eastern Oregon is entitled to its protection. (Signed) F. B. CLOPTON.

The work on the new laundry building is progressing as rapidly as the workmen can push it, and it will be but a short time until the machinery will be installed.

The engine and boiler are now on the ground, and as soon as the floor is laid (the workmen commenced on this task this morning) the engine will be set up. The roof of the building will go on in a few days and when the place is under cover the machinery will be set up. The boiler will be set in a boiler house to the rear of the main building, and the steam pipes will lead from it to the engines and washing machines in the basement. Inside of a month it is hoped to have the plant in operation.
