"I live for those who love me,
Whose hearts are kind and true;
For the heaven that smiles above me,
And awaits my spirit, too;
For all humanities that bind me,
For the task that God assigned me,
For the bright hopes left behind me,
And the good that I can do.
I live to hold communion
With all that is divine;
To feel there is a union
Twixt nature's heart and mine;
To profit by affliction,
Reap truth from fields of fiction,
Grow wiser from conviction,
And fulfill each grand design."
—Father J. L. O'Neill.

A PLEA FOR THE NEEDY.

The Spokane Press prints the following scathing arraignment of business and social conditions in that city:

"Young men coming to Spokane this winter find it difficult to get work. Farm hands and country people have flocked to town. Many are their trials. It is not on account of the inability of young men to fill requirements.

"Often the sons of rich men are placed in the big houses to 'learn the business.' Salaries range from \$35 to \$40 a month. Many of these young fellows have no qualifications other than that they are rich men's sons. That these rich chaps should fill positions to the exclusion of men with families, needs correction.

"Ability, stability, clean living, energy, should be the qualifications; yet daily young men fully up to these requirements meet with disappointment because some young man to whom money is not the object is willing to work for low wages.

"Then, there is the disgraceful practice of hiring women at half price to do man's work. Can a girl live on \$3 or \$4 a week simply because she works for that sum? Some men try to justify this species of white slavery. No business is successful that gets profits by under paying.

"We have severe laws against Chinese cheap labor, but how about white American girls in Spokane, working for a sum that will not pay care fare and room rent? The American girl is self-reliant, bright, adaptable and intelligent. In business she is to be trusted beyond men.

"Did you ever hear of an absconding woman cashier? Did you ever hear of a woman laying off on Monday because of drunkenness Saturday night? Did you ever hear of a woman employe wasting her time playing the races, or fooling away

her employer's money? If a woman does a man's work she should have a man's pay."

A REMARKABLE YEAR.

The year 1903 has taught some wholesome lessons to the people of the United States. Never before in its history has there been a year similar to that of 1903. Prominent industrial stocks depreciated from 50 to 100 per cent and still the real prosperity of the country continues.

Those concerns which were floated at greatly inflated valuation depreciated to a point somewhere near their normal value, and altogether the investing class lost heavily as a result of buying stocks, promising returns in many cases as to give rise to a suspicion that the investment was unsound; still the great industries of the country which were founded on a conservative and business-like basis, continue to prosper.

With all of the enormous shrinkage in stock values, it is noticeable that there have been comparatively few failures among large firms doing business on conservative lines. It has been the middle class that has lost heavily. It was their money that helped to boom such concerns as United States Steel and the United States Shipbuilding Company—these being two notable examples of that class of so-called securities.

The increasing influence of the afternoon paper and the corresponding decrease of the advantage so long held by its morning contemporary is one of the notable facts of current periodical history. All over the country the afternoon papers are forging ahead. The fact that they are the family papers increases their value to advertisers, and that they are read in the family circle in the evening, when all are at leisure, insures to them a more careful perusal than is accorded the morning journals. The facilities for rapid work, improved mediums for news-gathering and the fact that limited time spurs their makers to activity, insures spicier and more readable results. The afternoon papers of the Pacific Coast have an especial advantage in that they are several hours behind the Eastern part of our country. This means that the telegraph service covers the news of the world for the day, and that the morning papers are largely a "rehash."

There are already 60,000 claims for pensions filed for injuries in the

Just a little too far and the woman who reaches over the cliff for the coveted flower goes crashing down into the abyss below. Just a little too far and the woman, who, day by day, neglects to cure the womanly diseases which weaken her is prostrated upon a bed of sickness. No woman should trifle with the diseases peculiar to her sex. Neglect to-day means a worse condition to-morrow.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of diseases peculiarly womanly. It establishes regularity, dries encumbering drains, heals inflammation and ulceration and cures female weakness.

"My wife, Mrs. Mary Estes, has been taking your medicine and received great benefit from it," writes Mr. Geo. W. Hates of Spring Grove, Va. "Was troubled with female weakness, heavy, bearing-down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and my wife commenced taking 'Favorite Prescription.' Took ten bottles and is in better health than before in a long time. We shall always recommend Dr. Pierce's Favorite Prescription to all who are thus afflicted."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

war with Spain, which covered a period of three months. If the war had continued a year there is no telling how many ex-soldiers would be fighting to get their names on the cash book. This is just what leads the industrious people of a country who do the earning and the paying to want as few heroes as possible.

NOT ALL A SONG.

About six months ago Boyce's Weekly, published by a millionaire, started to lead the working people into the promised land. It started out big—eight and ten pages were issued. Vice President Duncan and Mitchell, Treasurer Lannon, President Clark, of the Railway Conductors, and others were weekly contributors to its editorial columns and told the working man what to do to be happy. But, alas! there's a limit to even a millionaire's pocketbook, and now the Weekly has been merged with Mr. Boyce's sensational Saturday Blade, and labor receives consideration on just one page. Conducting a labor paper is not one long, sweet song. It means hard work and some severe jolts.—Cleveland Citizen.

ABOUT THAT COAT

You wear a coat. Why? To keep the cold out? No; to keep the warmth in. What of the body that has no warmth—the thin, poor body that lacks the healthy flesh and fat it needs?

For such we say that Scott's Emulsion provides the right kind of a coat. Why? Because Scott's Emulsion builds firm, solid flesh and supplies just enough fat to fill nature's requirements—no more. That means bodily warmth.

Bright's Disease and Diabetes News.

To the People of Pendleton:

As San Francisco druggists personally acquainted with the facts we are asked to certify to you the curability of chronic Bright's Disease and Diabetes, and however unreasonable it may seem to you, yet such is the fact. Up to a year ago we never heard of a genuine case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people here have recovered and every one of us whose names are appended hereto have either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high, for there are very few failures. Yours, etc.,

THE DOMESTIC STEAM LAUNDRY

"He that bloweth not his own horn the same shall not be blown"

When Dinner's Ready

THE FARMER'S WIFE BLOWS THE HORN TO SUMMON HER HUSBAND TO THE MIDDAY MEAL.

...IT BRINGS HIM.

WHEN THE MERCHANT HAS PREPARED A FEAST OF GOOD THINGS FOR WHICH PLENTY OF PEOPLE ARE HUNGRY, HE, TOO SHOULD TOOT A HORN TO CALL THEM TO HIS BANQUET OF BARGAINS.

BUT THE HORN MUST BE BLOWN WHERE THE MULTITUDE WILL HEAR IT OR NOBODY WILL COME TO THE FEAST.

BECAUSE NOBODY WILL KNOW ANYTHING ABOUT IT, EVEN THOUGH IT MAY BE THE MOST TEMPTING REPAST EVER SPREAD.

THE ADVERTISING HORN VIGOROUSLY BLOWN IN THE COLUMNS OF A LIVE, WIDE AWAKE, UP TO DATE NEWSY NEWSPAPER THAT GOES AMONG THE CLASS OF PEOPLE HE WANTS FOR PATRONS, WILL BRING HIM A VOLUME OF TRADE FAR BEYOND HIS MOST SANGUINE EXPECTATIONS.

THE VERY BEST ADVERTISING MEDIUM FOR PENDLETON MERCHANTS IS THE EAST OREGONIAN BECAUSE THROUGH IT THEY CAN SEND THEIR MESSAGE DIRECT EVERY EVENING TO THE MAJORITY OF THE PROSPEROUS HOMES OF PENDLETON MOST OF WHOM WANT TO BUY SOMETHING

LET THE BUSINESS MAN SHOW THESE PEOPLE THE ADVANTAGE OF BUYING HIS GOODS, AND HE WILL HAVE NO TROUBLE IN SECURING THEIR PATRONAGE.

A LITTLE JUDICIOUS BLOWING OF THE HORN WILL DO THE BUSINESS.
