GOOD SHOES CHEAP

TUNG BOUND OVER

IN DEFAULT OF BAIL HE IS IN THE COUNTY JAIL.

Interesting Developments Reached During His Preliminary Hearing—Ten Years Since Opium or Any of Its Variations Have Been Legally Sold in This County.

The Chinaman who has been recorded in police circles during the past few days by the names Tung, Toon and One Lung, was arraigned this morning at 10 o'clock and given his preliminary hearing on the charge of having opium in his possession contrary to the laws. The case was prosecuted by Dan Smythe, who appeared in the place of District Attorney T. G. Halley and the Chinaman was defended by John McCourt.

The Mongol alias was bound over to the circuit court in the sum of \$250, which he was unable to furnish and is now in the county jail, where he will stay until court meets on the 15th instant.

One Lung, the name under which the man was indicted, was held primarily by the evidence of Jerrold Tuttle, of the firm of Brock & McComas, who is an expert on opium. He testified that the stuff found in the possession of the prisoner was a mixture with about 80 per cent of

F. & S. Cough Syrup

Will stop that Cough and Cure that Cold. It is Sure to reach THE RIGHT SPOT.

TALLMAN & CO. Leading Druggists

pure opium, and this testimony, in connection with that of several other witnesses who were present when the man was arrested, was sufficient in the opinion of the judge to hold him to the higher court.

One interesting thing was brought out at the trial this morning, and that is the laxity of the druggists and others concerning the law governing the handling of opium. It is provided in the statutes that any person in the state who wishes to handle opium in any form shall first obtain of the county clerk of the county in which he resides and does business, a license authorizing him to handle the drug and further provides for the keeping of the prescriptions issued, so that they can be inspected by the officers at any time. It is further provided that no person in the county other than a regularly licensed physician or druggist is authorized to keep the drug, either for sale or gift.

By the records at the county clerk's office it is shown that the last license issued to any one in this city for the sale of opium, was given to William Dial, March 18, 1893, and the last license issued in the county was given to G. A. R. McGrew, of Weston, May 11, 1894. It is thus nearly 10 years since a person in the county has had a license to handle opium, cocaine or any of the variations of the drug on the market.

Guardian Appointed.

Helen Whittemore has been appointed the guardian of Clyde Whittemore, Dorris Whittemore and Eunice Whittemore by Judge Hartman. The children are orphans of James P. Whittemore, deceased, and the guardian is the mother.

The people of Arizona are protesting vigorously and unanimously against the scheme of being admitted as a part of a state of which New Mexico would be the controlling part.

MAY LEASE BOWMAN

PACIFIC HOTEL COMPANY LOOKING TOWARD THIS CITY

Extensive and Wealthy Concern Has Its Eyes on Bowman's Elegant New Hotel Building—Would Run a First-Class House—Pendleton Has Three of the Best Hotels in the West—But Needs Another.

The Pacific Hotel Company, one of the largest hotel concerns in the West, has its eyes on the Bowman building, in this city.

While the company has not made application to Mr. Bowman to lease the building, a representative of the company was seen on the O. R. & N. train yesterday, and said that this would probably be done soon.

The Pacific Hotel Company has charge of the hotel privileges along the Union Pacific lines and formerly operated the Pacific Hotel at Huntington, and is one of the most extensive and successful eating house concerns in the West.

It has a line of eating and rooming houses from Omaha westward along the entire line of the Harriman system, and has a trade among the traveling public that is fixed and permanent, and which it would hope would follow it to Pendleton.

It makes a specialty of catering to commercial men, and operates its houses on the most progressive and modern plans, and has many patrons among the commercial fraternity, which patronize no other hotels, where the Pacific company has a house.

It is a wealthy concern and would equip the Bowman in an elegant manner and would lease the entire building, it is said, having its own bar, news stand, dining room, lunch counter, sample rooms, and all the modern conveniences of a first-class hotel.

Pendleton has now three of the best hotels on the Harriman system between Omaha and Portland, and their accommodations are taxed with the slightest crowd in the city. There is room here for just such another as the Bowman promises to be, and even this addition to the hotel accommodations will only be adequate for a very few years, judging from the growth of the city in the last three years.

PLENTY OF FEED.

Range Good and Stock in Fine Condition—Outlook Excellent.

Charles Cunningham has returned from a trip to his sheep ranges in the Pilot Rock country, and reports the outlook as very promising for a good season. Not only is the range good, but the warm weather and lack of storm is putting the stock into the best of condition, and giving them strength to put into their fleeces and increase so that all of the sheepmen are looking forward with pleasant anticipations to the lambing and shearing days.

The feed question is now one of the past, as far as the scarcity side of it is concerned. In the first of the winter and at the beginning of fall many of the farmers of the Butte Creek country refused \$9 a ton for the hay they had stacked, in anticipation of a hard winter and the chance of selling at a larger profit, and now that the season is so far advanced, the ranges in such good condition, and the danger of a long cold spell so remote, they are beginning to offer their more than \$9 hay for \$6 and can find but little or no demand for it at that figure. The sheepmen believe there is no need for a stock of hay now, and will not buy more than they already have on hand, and some of them will sell part of that.

NINETY-NINE YEAR LEASE.

is in This Case the Equivalent of a Warranty Deed.

W. H. Boyd and wife and L. A. Esteb and wife of Echo, for the consideration of \$25 gave a lease to Toy Sam Wo Lung, also one of the progressive citizens of the rabbit city, to lot 5, in block 2 of the Koontz addition.

There is nothing strange about the transaction except the length of the lease, which is for 99 years. The instrument is virtually a deed, made so for the reason that Chinamen cannot hold land in fee simple in this country until they have been naturalized.

HELD FOR ASSAULT.

Claimed That James Rattigan Drew an Ax on Divorced Wife.

James Rattigan, who was wanted by the sheriff the latter part of the week for an attempt to assault with a dangerous weapon, was caught by Deputy Sheriff Blakley and brought to the county jail. An information has been filed against him in the circuit court charging him with attempting to assault his divorced wife with an ax, and he will be held until court convenes, on the 15th of the month.

STOCK IN GOOD CONDITION.

Camas Prairie Cattle Are in Good Condition and Feed is Plentiful.

H. D. Connell, of Camas Prairie, is in the city today, having come in for supplies and to bring in a few head of fat cattle for the market. Mr. Connell fed about 15 head of cows and steers this winter, as the market was so dull in the fall that

he did not care to sell at the prices offered then.

His steers brought 3 cents per pound and his dry cows 2 1/2 cents, and he looks for still greater advances in the price of cattle this spring. A great many stock cattle have been sold out of the Camas Prairie country this winter and the number held over is much less than usual. The range is being eaten out year by year, and it will soon be necessary for stockmen to own their own pastures in order to hold any amount of stock.

HOG SHIPMENT.

B. F. McElroy Received Five Cents Per Pound From a Sound Buyer.

J. C. Lonergan yesterday evening shipped a carload of hogs to the Seattle market over the W. & C. R. The stock had been bought of B. F. McElroy, a farmer living near the city, and the price paid was 5 cents a pound.

The hog market is about the same that it has been for some time, and there is no immediate change in sight, for the demand is not greater than it was and the source of supply is the same. The farmers are not feeding their hogs to a great degree for selling purposes, though here and there a man is throwing the best of his seed wheat into them for an early market.

SUIT TO RECOVER.

Alleges Debt on Account of Labor and Team Work.

The case of Henry Wade vs. Henry Shoemaker and Fred Shoemaker was before the court of the justice of the peace all day yesterday. It is a case in which the plaintiff wishes to recover \$110.80, alleged to be due as a balance on account for work and teams furnished by the plaintiff to the defendants. H. J. Bean is the attorney for the plaintiff, and R. J. Slater for the defense.

"Shull House" Sold.

Sara F. Hale and husband have sold to Mary Gillette for \$3,147, lot 10 in block B of the South Pendleton addition. This is what is known as the Shull house, and is in the block just southwest of the court house.

Dying With Pneumonia.

Word has reached the city that Frank Romogoux, a prominent farmer of Alkali, and one of the pioneers of the county, is dying at his home with pneumonia. He has been sick but a short time.

Portland is supposed to be defeated with an incendiary, or several of them.

INSIDE INFORMATION.

Why Some Men Appear Thin and Neat While Others Look as Though Their Clothes Had Passed Through Wringers.

Every suit of clothes you buy looks new and shiny when you first buy it, whether it cost \$5 or \$50.00. But the true value of the suit is not in the fabric, but in the way it is made. The value of fine tailoring is not in the outside. It is hidden in the unseen interior. When an honest coat is built the tailor builds what might be termed a framework, shapes it to what an ideal of his customer's form should be, then puts the cloth on the outside.

This interior framework, if it is to hold its shape must be built from high class materials—best French Elastic Canvas, Irish Linen stays and tape, Finest Lamb's Wool Padding, Imported Nicholas Horse Hair Cloth—speaking about Hair Cloth—this material is made in quantities ranging from 30 to 50 layers to the inch. The cost is in proportion. Good tailors use only the best.

In building the interior framework the good tailor takes care of thousands of small hand stitches. This gives durability. The poor tailor takes only hundreds of long stitches which answer the purpose for a few weeks only. Then the drizzled out slovenly coat. You can't imagine what pains Fred Kauffman, the American Tailor, Chicago, U.S.A., takes in this work. His coats retain their shape forever. He has the reputation of building the finest garments leaving Chicago—has had it for over twenty years. We show his samples right here, over five hundred of them. We will take your measure scientifically and guarantee to please you or no sale. The price? Why that's the best part of it—\$25.00 to \$35.00; Trousers from \$10.00 to \$15.00, and the famous FRED KAUFFMAN Quality at that.

SULLIVAN & BOND

"LOVE'S TRIUMPH."

Tonight's Topic at Christian Church—Large Audiences Every Night.

Dr. Martin discussed the subject of "Hell" last night to the largest mid-week audience ever assembled at the First Christian church. Dr. Martin was very weak from the effects of his recent illness, but had his usual pleasing and forceful delivery. The splendid audiences that gather each evening attest Mr. Martin's ability as a public speaker. On account of a severe cold, Miss Springer was not able to be at the service last night. Her solo was missed very much. It is thought that she will be sufficiently recovered to sing again tonight.

The meetings continue—services each evening at 7:30. Subject tonight, "Love's Triumph." All are cordially invited.

COMING EVENTS.

REVERE COFFEE NOT GOOD, NOT HERE **GOLD MEDAL BUTTER**

The Renown of Grocery Excellence

Is built on a tripod of Quality, Prices and service.

While we do not claim to sell all groceries, at all times at lower prices than any other store, we do claim and DO meet all honest competition.

It is a common practice to offer a few items at cost or less, as a "bait" to attract a customer, and then is the opportunity to overcharge on other goods. That practice has never been followed at this store. It is a common practice to sell groceries of inferior grade for goods of good quality under pretense they are worth more money. That is not done here. There are other kinds of unfair if not dishonest, kinds of competition we do not try to meet. But when it is a matter of reliable groceries, honest weight, good service and fair treatment all round,

Then we are right in the Fight.
