### PAUL GILMORE TONIGHT.

#### "Mummy and the Humming Bird" at the Frazer This Evening.

Edward Everett Hale once said, "Bet on the country, because one of its mottoes is 'Get the Best.'" This "get the best" principle is just as applicable to a play as to a senator or a president. American people know and understand this innately, and therein lies the answer to the phenomenal popular success — and popular means at once financial and artistic—of "The Mummy and the Humming Bird," the attraction to be seen at the Frazer tonight with Paul Gilmore in the leading role of Lord Jack Lumley.

It is a good play because its component parts for the four cardinal principles which make greatness in a play: laughter, tears, thrills, applause. To continue with Mr. Hale: "We must see that the country has good water, good air, good wood, good coal, good men, good women, good newspapers, good books and good plays."

The good Lord and many enterprising men have seen to it that we have all these; and Mr. Jules Murry in particular has seen to it that we have good plays; for in presenting Mr. Paul Gilmore as the dear Mummy in "The Mummy and the Humming Bird," he is presenting one of the best heroic comedy actors on the American stage in the best modern comedy of the present day. "The Mummy and the Humming Bird" is as full of wit as an egg is of meat.

## EAST OREGONIAN UNKNOWN NUMBER GUESSING CONTEST

### Every Subscriber to Have an Opportunity to Guess on a \$100 Rubber Tired Buggy

We Will Give Away, Absolutely Free, a Cushion-Tire Buggy, now on Exhibition in the Show Window of the A. Kunkel & Co. Implement House, Two Doors South of the East Oregonian Building.

The East Oregonian has purchased from the A. Kunkel Implement Co. a \$100 cushion tire buggy. It is a beauty, strong, servicable and well finished. For each year's subscription to the Weekly at \$1.50 or for every similar amount paid on the daily or semi-weekly the subscriber is entitled to one guess at an unknown number of three figures, that will be placed in a sealed envelope. This is not a drawing, lottery, or gift enterprise of any kind.

#### How to Participate

Each receipt for \$1.50 for the Daily, Weekly or Semi-weekly East Oregonian, to any address, the person to whom the receipt is issued, will be given an opportunity, absolutely without cost, to have a guess at the unknown number, and the person or persons guessing nearest that number will receive as a present and without any compensation whatever, and merely as an expression of good will on the part of the East Oregonian toward its subscribers, the \$100 cushion tire buggy advertised in this paper and on exhibition at A. Kunkel & Co's. Implement house two doors south of the East Oregonian building.

For each \$1.50 paid the holder of the receipt will have an opportunity of making one guess. For example if you send \$1.50 for one year's subscription the Weekly or \$2.00 for one year's subscription to the Semi-weekly you are entitled to one guess. If you pay \$5.00 for one year's subscription by mail to the Daily you will get three guesses. If you pay \$7.50 for one year's subscription to the Daily delivered by carrier you will get five guesses, or if you pay \$3.75 for six months of the Daily by carrier you are entitled to two guesses.

No commission is allowed to any agent or solicitor for securing subscribers under this offer, and the person so subscribing does it with the understanding that the East Oregonian is accepted as payment in full for the money paid. **Unknown Number — How Prepared.** Monday, January 18, the following committee of business men met at the office of the East Oregonian and formed the unknown number that will get the \$100 rubber-tired buggy. The committee consisted of M. A.

Rader, the furniture man, E. T. Wade, the real estate dealer, G. A. Robbins, proprietor of the Owl Tea House, Glenn Winslow the jeweler, and A. Kunkel, the implement man.

Ten numbers from one to naught were cut from a calendar. These numbers were sealed up in 10 different envelopes by the committee. The 10 envelopes were placed in a hat and thoroughly shuffled and shaken. Three members of the committee then took out one envelope each, which were marked one, two, three, in the order in which they were taken out.

Each and every one of the committee was thoroughly satisfied with the absolute fairness of the method of selecting the unknown number, and signed the following statement: "We, the undersigned, were present at the East Oregonian office Monday afternoon, January the 18th, and assisted in forming the unknown number according to the plan published, to be used in the East Oregonian guessing contest.

"Under the rules of forming the number, it is impossible for anyone, not even the members of this committee, the publishers of the East Oregonian, or anyone else to know what the number is. (Signed) E. T. WADE, A. KUNKEL, M. A. RADER, GLENN WINSLOW, G. A. ROBBINS."

Upon the day when the envelope is to be opened and the buggy awarded to the person guessing nearest to the number, the numbers will be assembled in the order in which the envelopes are marked. It may be as low a number as 012 or as high as 987. As a matter of course, it must be three different figures, as no figure was used twice. Somebody will get a splendid \$100 present when the 975 receipts have been given out. The unknown numbers will be

formed by putting together the three numbers in the order as marked, one, two, three, on the envelopes on which they are contained. The unknown number will not be assembled until the guessing contest is completed, hence no one will know what it is to be until it is publicly announced to subscribers.

#### Limited Competition.

The number of receipts issued in this contest will be limited to the number of guesses possible in the range of the numbers between 012 and 987, as the unknown number must be composed of a figure within those limits. The unknown number cannot be less than 012 nor more than 987.

To be a perfectly fair and legitimate guessing contest the number to be guessed at must be and remain absolutely unknown. There must be no chance for the East Oregonian, the committee, or any subscriber to know the number and this plan will insure that result.

The receipts for this guessing contest will be numbered in duplicate, but the stub will be only for the purpose of identifying the subscriber who is the successful guesser—each subscriber writing the guess number on the back of his receipt—each one making his or her own guess at the unknown number. As soon as the receipts are all sold the guessing contest will be over and the nearest number awarded the buggy.

#### How the Guesses are Made.

On securing a receipt for \$1.50 the person wishing to guess will write his guess on the back of the receipt in ink or admissible pencil, writing only one guess on each receipt, and depositing the same in the sealed ballot box provided at the East Oregonian office for that purpose. Subscribers out of town will be allowed to make their guess in the same manner, and send the same in a sealed envelope plainly marked "East Oregonian Guessing Contest," and they will be deposited in the box. The seals on the box will not be broken until all the receipts in the guessing contest are sold—975 receipts in all. Subscribers can now get their guessing coupons. Subscribers by mail can send in their money and with the receipt a guessing coupon will be mailed to them. Old subscribers are entitled to guesses on renewals as well as new subscribers.
