

# Society Women

The Grand-Niece of  
U. S. PRESIDENT JAMES K. POLK  
MRS. IDA ROSER,  
Induced to Relate Her Experience for Benefit of Other Women.

"DEAR MRS. PINKHAM:—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

"The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your Compound cured her; she can hardly believe it herself to-day, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best count.

Yours truly,  
Mrs. Ida L. Rosen, 326 E. 18th Ave., Denver, Col."

## Lydia E. Pinkham's Vegetable Compound

seems to be the universal woman's medicine for the high and low, rich and poor; and why not? The organism of all women is alike, and the society woman is just as susceptible to the ills of womankind as are her less favored sisters, but owing to their inherent distaste for advertised articles will resort to all other methods for a cure first. Yet it is a fact worth recording that Mrs. Pinkham is constantly receiving letters from women of high social position, saying as a last resort and without any faith, they tried Lydia E. Pinkham's Vegetable Compound and were completely cured by it. She actually has thousands of such letters.

**Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to these women. No woman should suffer with such a remedy at hand.**

**SPECIAL ADVICE TO YOUNG WOMEN FREE.**  
From a vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice is very sure to help. If you need such help, write her. She will be glad to answer you confidentially and free of charge.  
Address, Lynn, Mass.

**\$5000**  
FORFEIT if we cannot forthwith produce the original letter and signature of this testimonial, which will prove their absolute genuineness.  
LYDIA E. PINKHAM  
MEDICINE CO.,  
LYNN, MASS.

## SUFFRAGISTS MEET

THIRTY-SIXTH ANNUAL SESSION AT WASHINGTON.

National American Women Suffrage Association to Meet in the Capital City on Feb. 11-17—Many Prominent Speakers to be Present—All the Phases of the Work to be Reviewed.

The 36th annual convention of the National American Woman Suffrage Association, which meets in the National Rifles' Armory hall, Washington, D. C., February 11th to 17th inclusive, will be one of the most interesting ever held by this association.

One afternoon and evening will be devoted to speakers from Colorado who are prominent along the various lines of activity in which they are engaged.

Among them will be Hon. Alva Adams, ex-governor of Colorado; Hon. I. K. Stevens of Denver who will tell of the results of woman suffrage after ten years' experience; Mrs. Helen Loring Grenfell, of Denver, state superintendent of public instruction; Mrs. Mary C. C. Bradford Brighton, president State Federation of Clubs; Mrs. Helen Bedford, Denver, chairman Democratic Central committee; Mrs. Ina Thompson, Denver, chairman Republican Central committee; Mrs. Ellis Meredith, a prominent newspaper writer of Denver; Mrs. Isabella Churchill, prominent club woman of Greeley; Sarah Platt Decker, of the State Board of Charities and Correction, Denver; Mrs. Minerva C. Welch, Denver; Mrs. Catherine Cork, Brighton, Colo.

The other speakers will be Dr. Samuel Barrows, New York City, secretary Prison Reform association; Mrs. Maud Nathan, New York

## HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

F. W. Schmidt, special agent.

City, president National Consumers League.

Charlotte Perkins Gilman, New York City, author and lecturer.  
J. Ellen Foster, Washington, D. C., chairman Woman's National Republican association.

Mrs. Walter Lister of Australia, secretary Victoria National Council of Women.

Mrs. Harriet Stanton Blatch, Ithaca, N. Y. daughter of Elizabeth Cady Stanton.

Mrs. L. Annis Pound, Lansing, Mich.

Mrs. Evelyn H. Belden, Washington, D. C. former president Iowa Suffrage association. Mrs. Annie L. Diggs, who has been studying industrial problems in Europe for the past two years will arrive home in time to speak at this convention.

Rev. Mary A. Safford, of Des Moines, Iowa, will preach the convention sermon on Sunday in the hall.

The first evening will be occupied by the National officers who will each make a brief address and the president will give her annual address.

Rev. Anna H. Shaw will give the closing address on Wednesday evening.

Hotel Headquarters "Shoreham." One and one-third railroad fare.

**An Early Riser.**  
A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases.

Sold by Tallman & Co.

## FOUND MASONIC RELIC.

Old Tablet Belonging Auburn's Lodge Unearthed at Sumpter.

A strange old tablet of absorbing interest to masons was found yesterday in Ike Williamson's yard, and turned over to Frank Jewett, worshipful master of Tom McEwen lodge, says the Sumpter Miner. It is of polished stone, a sort of volcanic ash conglomerate, 12x2x3 1/4 inches, bearing the letters, B. M. L. which unquestionably stand for Blue Mountain Lodge, in the opinion of the masons here.

This tablet has an interesting history. It was the property of the Masonic lodge at Auburn in the early 60's. When that once flourishing placer camp became indeed a "deserted village," this tablet was secured by George Hall, the first sheriff of Baker county, a resident of Auburn and a member of this lodge. Mr. Hall died about five years ago. He resided for several years at Bourne. In some mysterious way the stone disappeared. Later his widow removed to Sumpter, but no trace of the missing tablet was ever discovered, until yesterday it turned up as stated.

## THE STATE'S FISH

TWENTY-NINE MILLION POUNDS OF SALMON.

Salmon Crop For 1903 in Oregon Valued at Over Three Million Dollars—Oregon's Oyster Crop Amounted to 92,960 Pounds.

Salem, Feb. 5.—Master Fish Warden H. G. Van Dusen yesterday afternoon filed his annual report of the condition of the fish industry of the state of Oregon, with the state fish commissioner during the regular monthly meeting. The report covers the year 1903, and deals particularly with the great salmon industry, in which the state of Oregon now leads all others.

It is an elaborate report and covers over 100 pages of typewritten matter. It shows the condition of the fish industry, so far as this state is concerned, from the year the propagation of salmon first began, 1899, up to the present time.

According to this report the total output of salmon from all the hatcheries in the state during the year was 53,531,096, nearly double that of last year, which was 26,593,662, and 51,000,000 more than the first year's product, which was only 2,509,000.

The total salmon product of the Columbia river and of the coast streams for the year is given at 29,925,574, and the estimated value of this product was \$3,012,343. This is an increase over that of the year 1902 of 5,168,377 pounds. The salmon product of the Columbia river alone was 25,376,069, an increase of 4,921,495 pounds over last year, while the product of the coast streams was 4,549,505, or an increase of 1,146,882 pounds.

The following table shows the entire product of each species of fish (other than salmon) caught in the Columbia river and other Oregon waters, during the year 1903:

	No. of lbs.
Sturgeon	26,159
Shad	100,775
Smelt	102,000
Catfish	39,300
Tom-Cod	2,850
Bass	370
Herring	19,650
Flounders	21,500
Perch	21,400
Carp	5,400

Total . . . . . 339,395  
Estimated value, \$16,969.00.

The entire product of shell fish taken in Oregon waters during the year is shown by the following table and also the estimated value of the entire fish product of the state:

	No. of lbs.
Oysters	92,960
Clams	176,410
Crabs	211,600
Crawfish	8,650

Total . . . . . 489,620  
Estimated value, \$14,688.00.

## Summary of Fish Products.

Estimated value of salmon product	\$3,012,343
Estimated value of fish, other than salmon	16,969
Estimated value of shell fish product	14,688

Total . . . . . \$3,044,000

The total number of Royal Chinook salmon turned into and to be turned into the Columbia river by the different hatcheries is given as 79,543,676, of which number Oregon furnished 37,597,585, or more than the state of Washington and the government hatcheries combined, which furnished 9,472,200 and 23,573,891, respectively. While of the other varieties of salmon Oregon propagated 2,988,965, and Washington, 3,546,090, making a total of 6,835,813.

There were 244,137 cases of salmon packed on the Oregon side of the Columbia river, while the number of pounds of fresh, salt and smoked salmon, shipped and consumed locally, amounted to 5,666,826. There were 57,655 cases of salmon packed from the coast streams of Oregon, and 744,015 pounds of fresh, salt and smoked salmon shipped and consumed locally.

## Nearly Forfeits His Life.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orser, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at Tallman & Co.'s Drug Store.

## WISCONSIN FARMERS.

Institute of Two Weeks at Agricultural College.

Madison, Wis., Feb. 5.—There was a large attendance this morning at the opening of the two weeks' farmers' course at the Wisconsin State College of Agriculture. The course has been arranged to continue for two weeks. Besides the regular professors, the college has employed seven experts to assist in live stock judging, land drainage, etc.

Special attention will be paid to stock judging, corn judging and to the study of carcasses of various farm animals slaughtered and cut up by an expert especially for class instruction.

## What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day. Try

# Jell-O,

a delicious and healthful dessert. Prepared in two minutes. No boiling! no baking! add boiling water and set to cool. Flavors:—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers to-day. 7c.

There are many indications of a general drop in ocean freights from Pacific Coast points to all parts of the world.

Drink **CRESCENT CREAM COFFEE** It Is Fine
