

The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

Write a sample bottle. Home of Swamp-Root. We mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

"PERSONAL HABITS"

DR. MARTIN'S LECTURE AT CHRISTIAN CHURCH.

Living Topics Near to Every Home Handled in an Eloquent and Able Manner — Bad Habits Were Unmercifully Grilled — Will Lecture on "Future Recognition" Next Sunday.

The Christian church was filled to the doors yesterday afternoon by those who went to hear the remarkable lecture on "Personal Habits" by Dr. S. M. Martin, the evangelist.

Both men and women were admitted to this lecture. On two previous Sundays Dr. Martin had lectured to men and women separately, but on this occasion had volumes good, cheering, spirited advice for both in common.

Dr. Martin took up "Personal Habits" and scored them down the entire line, grilling the bad and lauding the good in an able manner.

"Lying," "profanity," "dress," "intemperance," "tobacco," "gambling," and habits of personal uncleanness were vividly portrayed in their littleness and viciousness and the lecture was filled with wit, sarcasm, and eloquent arraignment of incorrect habits and customs in both men and women.

Dr. Martin is a dramatic speaker. His lectures are thrilling and electrifying, so vivid are his comparisons and so pointed are his climaxes. With few words, filled with glowing thoughts and vitalized with a magnetic personality, his addresses carry conviction to the listener. He puts the truth before the audience so simply yet in such an unanswerable manner, that men and women must embrace his highly practical theories of religion and morals.

In concluding one of the most interesting lectures ever listened to in Pendleton, Dr. Martin summed up the Christian character in a dozen words and repeated his definition with the audience several times.

He said: "A Christian is a person of correct habits, inspired by a faith in Christ." That embraced the entire creed over which volumes and libraries have been written. He impressed his definition on the audience by causing it to be repeated in concert several times.

Such a lecture should be repeated in every Pendleton church once each month, to keep the cardinal points of right living constantly in the minds of the people.

Clean habits, pure language, unselfish actions, regards for the rights and comforts of others, temperance, truth, reverence for God and for the aged, respect for wife and husband and respect for moral, physical and sanitary laws were the cardinal points discussed, and they were discussed as is seldom heard.

On Sunday Dr. Martin will lecture to both men and women on "Future Recognition."

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine that I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Tallman & Co.

BAKER COUNTY HANGINGS.

Pleasant Armstrong Not the First to "Stretch Hemp."

While Pleasant Armstrong was the first man ever legally hanged in Baker county, it was not Baker county's first hanging, by any means.

One of the most noted early day "hemp parties" in Baker county was in 1866, when three horse thieves were overtaken in what is now called "Thief Valley," 18 miles southeast of Union, and hanged to a cottonwood tree on Powder river.

These "rustlers" had stolen all the stock belonging to an immigrant train camped in Powder river valley. The immigrants had been set "a foot" by the thieves, but the old pioneers residing in the vicinity took up the chase, captured the stock and left the thieves hanging on what is now J. F. Mitchell's farm in Thief Valley.

That was before Union county was cut off from Baker and is on the southern border of what is now Union county on the banks of Powder river.

MIGRATORY PRINT SHOP.

Will be Stored on the Farm "Till the Spirit Moves."

J. Nat Hudson is in town today, shipping his printing plant to his farm near Baker City, where he will store it until such time as it may be needed, when he will move it to such place as it will do the most good, says the Sumpter Reporter.

If politics should this year get so torrid that the wet blanket of truth widely disseminated should be needed, he will have the stuff necessary to spring an independent paper at a moment's notice. Should some aspiring town take a fancy to the county seat, he will have the machinery necessary to move the same for a stipulated price.

MALARIA

Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease.

S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.
