SURE INDICATIONS OF BAD BLOO

OLD SORES, ULCERS, ABSCESSES The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the sys-tem might prove disastrous. S. S. New Castle, Pa., July 39, 1908.

Three years ago a common boil appeared on the calf of my limb. Not yielding to simple home remedies, I consulted a physician, who prescribed a positice, flax seed, supposedly. By some fearful mistake I was given corrosive sublimate, and arter having it on for a few minutes I could endure the pain ne longer, so took off the application and found that my limb from the calf to the ankle was in an awful condition. I time when the could not make was in an awful condition. I time who teld ms I had been poisoned. By limb from the calf to the ankle was one solid inflamed sore. I was advised to begin S. S. This, of course, caused a back set, but having confidence in the ability of S. S. YOUNG WIFEHOOD

Bosron, Mass., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.
