FOR THE ACADEMY

REV. VAN NUYS SPEAKS
OF PENDLETON INSTITUTION.

Says Eastern Oregon People Should Build up Home School—Its Field Should be Widened—Church People Should Take a Pride in Patronizing it in Preference to Outside Schools.

Rev. W. L. Van Nuys, pastor of the Presbyterian church of La Grande, and president of the board of missions of the Eastern Oregon presbytery was in the city, today, on business connected with the Pendleton Academy and the Presbyterian church here.

Mr. Van Nuys is enthusiastic over the prospect and wide field for usefulness before the Pendleton Academy, and assures the people of Pendleton and the patrons of the institution, that the church in Eastern Oregon and the Presbytery, will begin a campaign in the interest of that institution, which will place it at the head of the list of denominational schools in the state.

Heretofore Pendleton Academy has been more or less a Umatilla county and a Pendleton institution. Its circle of activity has been confined to this county, while it is the only Presbyterian school in Eastern Oregon or Eastern Washington.

the interest of the school is now at hand. Mr. Van Nuys thinks, and as president of one of the most important boards in the Eastern Oregon presbytery, he pledges the moral support and personal activity of the church of Eastern Oregon and the presbytery, to the academy.

He thinks the field of the academy should be widened to include all the counties of Eastern Oregon. The moral surroundings of this school under the supervision of the church are of the highest possible standard. The corps of teachers cannot be excelled in the state, and he feels that the members of the Presbyterian church, throughout Eastern Oregon owe it to the people of Pendleton who have built and equipped the academy, to patronize this institution, in preference to Portland or other schools.

Pendleton has done nobly in assisting with the erection and maintenance of this school. The citizens here have more than done their part. Now it remains for the people of Eastern Oregon who are interested in higher education and especially the church people who are directly interested in the welfare of their institution, to render all the moral support and patronage possible to insure a firm and stable foundation for the school.

Snow at The Dalles.

A. B. Galloway, representative of the Blake-McFaul Paper Company, of Portland, arrived in the city this morning from Portland. He says there is about one foot of snow in The Dalles, and the weather is very cold. At Umatilla there is a slight fall of snow, but west of The Dalles at Hood River, there is no trace of snow, nor is there any at Echo. A streak of snow extending from the Cascades to Umatilla fell on Sunday and Sunday night.

IN CIRCUIT COURT

JURY FOUND SENATOR
MITCHELL WAS GUILTY.

Perry Hunter Will Be Tried on Charge Double Larceny Tomorrow—Case of Connerly vs. Ell Is Being Tried Today, Being a Suit to Recover Damages to a Team—Other Cases Set for February 17 and 19.

The circuit court has been grinding most of the day on the case of William Connerly vs. Joe Ell. It is an action for money, brought by the plaintiff to secure damage alleged to be due for injury done to a team of driving mares, which he let to the defendant during the latter part of the summer. It is alleged that the horses were overdriven and underfed so that they were practically worthless when returned to the barn. The plaintiff asks \$275 in damage money, together with the costs and disbursements of the action. The case is being heard before a jury consisting of J. H. Price, William Duff, J. B. Mumford, Robert Still, Tivis H. McBroom, Douglass Belts, A. Hopson, G. M. Gross, E. A. Dudley, H. B. Lee, J. H. Parkes and John McGinn.

The case of Eleanor Payant vs. Adalard Payant and William McBride has been set for February 17. On February 18 the cases of Mary E. Past vs. T. S. Hutt and J. G. Meyers vs. Mary English, an appeal from the justice court, will be heard, while the case of F. N. McChandlers vs. Samuel Warner will be heard on the 19th.

Two Sentences.

Senator Mitchell, the Indian who was tried yesterday for stealing a horse and saddle from J. S. Holmes in this city, was found guilty by the jury after being out a few minutes and will be sentenced by the court before the close of this session.

Perry Hunter, who was held on the double charge of larceny from a warehouse, and of the theft of three mares and two colts, was arraigned and pleaded not guilty. His trial is set for tomorrow morning.

TAX ROLL WORK.

Busy Time in the Sheriff's Office Receiving and Estimating.

The office force of the sheriff's office is busy with the tax roll, both in taking in taxes over the counter, and in making out the statements asked for by those living out of the city.

This morning a letter was received from N. A. Davis, of Milton, asking that the statements of taxes owed by 500 persons whose names were included in the latter, be sent to him. It will take the clerks some time to make the statements, owing to the rush of other work in the office.

In a short time, when the people begin to rush into the office in order to get their payments made before the rebate clause in the law is void, a man will be appointed to work during the night on the statements from the out-of-the-way districts. This action is made necessary from the fact that during the daytime the men have not time to use the books for other purposes than those lined up at the counter.

WILL LEAVE LONG CREEK.

Editor of the Ranger Has Been Threatened With Death if He Remains in the City.

C. E. Coe, editor of the Long Creek Ranger, whose office was blown up with dynamite on February 7, has received letters threatening his life, and that of his family's if he persists in publishing the paper in his residence as was his intention, after the office was destroyed. He has been warned to leave the county on peril of death, and will settle up his affairs and move away. He will make every effort to locate the persons who destroyed his office, and serious trouble is expected before the matter is entirely settled.

The trouble is thought to have extended to the settlers, who take sides in the difficulties, and a genuine feud is being nurtured in the interior of Grant county. Officials expect to hear of a killing every day, as many prominent citizens of the county are identified with the controversy, which resulted in the destruction of the ranger office.

HAVE INCORPORATED.

W. J. Clarke Hardware Company, With Stock of \$15,000.

Articles of incorporation have been filed in the office of the secretary of state at Salem, organizing the hardware firm of W. J. Clarke & Company. The capital stock is placed at \$15,000, and the incorporators are given as W. J. Clarke, W. A. Johnston and K. C. Clarke.

The incorporation of the business is simply a matter of policy on the part of the management, which will not be changed in the least by the action.

TWO FUNNY ANSWERS.

Came as Definition of "Quorum" and "Initiative and Referendum."

It is often the case that funny answers are given in school examinations. Let the teachers' examination just closed furnished a couple of laughs. It was asked in civil government that a definition be given of the word "quorum," and one of the teachers wrote, "A quorum is

that condition of equilibrium where the opposites balance."

Another teacher said, in answer to a request to give her idea of the "initiative and referendum," that the "initiative is the beginning or preliminaries of anything and referendum is the closing or ending of a thing."
