### MAKING OUT DIPLOMAS.

**Recognition for Students Who Took Examination for Promotion.**

Superintendent Nowlin is making out the diplomas won by a number of pupils of the public schools throughout the county who took examinations for the completion of the work of the public school course, and wished to step out of the eighth grade into the high schools.

A great many of the pupils of the schools over the county took the examinations, but a comparatively small percentage passed. Many of the applicants failed in grammar, which seemed to be the hard thing on the list. Others failed in arithmetic and various other studies. Those who failed in but two studies will be able to try these examinations again either during the April or May examinations and yet graduate this year. Those to whom diplomas have been issued are:

Milton T. C. Salt, principal—Elmer Hull, Harry Berry, Virna Putman, George McCoy, Lee Nagle, Anna Piper, Maud Bridgewater, Vilas Walker and Florence Miller.

Ukiah, Charles Holway, teacher—Mossie and Zena McEae.

### THE WILY RED MAN.

**Some instances of the Indian's Quickness of Wit.**

Numerous instances of the red man's quickness of wit are related by those who have had dealings with him. A Canadian chief was looking idly on while some Englishmen were hard at work improving property newly acquired from the dusky tribe.

"Why don't you work?" asked the supervisor of the chief.

"Why you no work yourself?" was the rejoinder.

"I work headwork," replied the white man, touching his forehead. "But come here and kill this calf for me, and I'll give you a quarter."

The Indian stood still for a moment, apparently deep in thought, and then he went off to kill the calf.

"Why don't you finish your job?" presently asked the supervisor, seeing the man stand with folded arms over the unskinned, undressed carcass.

"You say you give me quarter to kill calf," was the reply. "Calf dead. Me want quarter."

The white man smiled and handed the Indian an extra coin to go on with the work.

"How is it," asked the Englishman one day after a series of such one sided dealings, "that you so often get the better of me?"

"I work headwork," solemnly replied the man of the woods.

A white trader once succeeded in selling a large quantity of gunpowder to one of this tribe on the assurance that it was a new kind that the white man used for seed and if sown in especially prepared loam would yield an amazing crop. Away went the Indian to sow his powder and in his hope of making money from his fellows was careful not to mention his enterprise. When at last, however, he realized how he had been duped he held his tongue for a year or more until the trickster had completely forgotten the occurrence. Then he went to his hoaxer's store and bought goods on credit amounting to a little more than the price of the planted gunpowder. He had the reputation of a good payer, and his scheme worked easily. When setting day came, the creditor called promptly.

"Right," said the Indian slowly—"right, but my powder not yet sprouted. Me pay you when me reap him."

It is reported that about 600 of the immigrants landed in New York during the last six months have become public charges.

### A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used De Witt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. — Frank Farmer, Bluff City, Ky. in buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box.
