AMONG THE EXCHANGES OF
THE INLAND EMPIRE

More Municipal Ownership.

Mayor F. M. Satoris of Payette,
who came up from that place Sun-
day evening, said yesterday his
town was highly prosperous and the
valley was settling up very rapidly.
The immigration last year was
large, but it was believed the re-
cord would be exceeded considerably
during the present year.

Of the town of Payette, the mayor
said, it had now electric lights and
would soon have waterworks. An
issue of \$20,000 of bonds had been
authorized for a water system, and
the bonds were about to be sold.
The plan was to secure water on the
bench near the city. From the fact
that springs were found there it
was believed that artesian water
could be developed, but, if not, a
pumping plant would be put in, the
water being lifted into a standpipe.
It would probably take about a
year to get the waterworks in opera-
tion.—Boise Capital News.

Good Roads in Yakima.

The county commissioners have
adopted a plan of road building that
will add greatly to the benefit of the
roads of the valley if carried out.
Under the new law of the last leg-
islature the road taxes are handled by
the county commissioners through
three road supervisors.
There is now in the Yakima county
treasury over \$10,000 to be used in
road making.

The plan that is adopted is to
expand the money in making per-
manent improvements and build
good roads radiating from the larger
centers of population. The commis-
sioners have set apart the roads to
be so improved and the different
supervisors will follow their in-
structions.—Goldendale Sentinel.

The Ever Hopeful Optimist.

C. J. Mills, livestock agent of the
O. R. & N. in speaking of the condi-
tions in Eastern Oregon to the Bak-
er City Democrat, says: "Cattle
and livestock are a little slow but

Mr. Mills is confident that another
year will see a change for the bet-
ter even if the Russo-Japanese war
does not raise prices and stimulate
shipments. He believes that ranch-
men will finish their product at
home and hereafter ship beef for
the block instead of feeders and
stockers.

The recent heavy snows in East-
ern Oregon Mr. Mills thinks will
make heavy crops the coming sea-
son. It is expected that there will
be a large immigration to Oregon
this year and that the increase in
irrigated lands will add great
wealth of the community.

To Change the Map.

From the tone of the newspapers
published in Sumpter, Granite and
Prairie City, it is evident that all
of the editors, if not the people of
those sections of Baker and Grant
counties are anxious to have a strip
cut off of Grant county and tacked
on to Baker county for the express
purpose of so arranging Baker coun-
ty that the latter can be divided and
a new county formed with Sumpter
as the county seat. So far as can be
learned there is but one sentiment
in Baker City and that is for the
annexation of that portion of Grant
county, which in the interests of
mining naturally belongs to Baker
county. Baker City business men
and merchants say that after the
annexation takes place and the in-
terests of all are conserved it is
time enough to talk about the di-
vision of Baker county or a removal
of the county seat.—Baker City
Democrat.

City Will Disorganize.

A large number of the residents
of South Boise, it is stated, fail to
agree with the policy of the village
board for making improvements in
the village and during the past few
days have been circulating peti-
tions, if they may be called such,
for the disincorporation of the vil-
lage.—Boise Statesman.

MARKET REVIEWED

EARLY VEGETABLES ARE
COMING INTO THE MARKET.

Eastern War Has Caused Marked
Advance in Rice—Green Grocers
Will Be Doing Big Business in a
Short Time—Eggs Lower and
Poultry Higher—Butter Has a
Tendency to Become Cheaper.

The Japanese troubles have hit
the grocery list, and rice has taken
a jump. Where it has been quoted
at from 10 to 12 1/2 cents, it is now
12 1/2 to 15 cents.

The usual springtime changes are
beginning to be seen in the list al-
ready. Lettuce, onions and rad-
ishes are in the market, a little
scarce of course, but not for long.
Walla Walla spinach is now here,
and next week the Garden City will
add onions and radishes to their
sendings. The same things from the
local hothouses are already to be
had, but by next week the supply
will be large at the prices quoted in
the schedule.

Eggs have taken another drop
and the farmer is now receiving 25
cents for them when fresh from the
ranch. The butter market is also
taking on a springtime look, and
while the prices have not fallen
enough to note, the supply is be-
ginning to come in so fast that in-
side of a few days that product will
also be on the cheap list.

Geese and ducks are practically
out of the market as far as demand
goes, though the prices are still
quoted the same. Chickens on the
other hand, are higher, now bring-
ing the farmer 8 cents a pound for
hens at the stores, and from 4 to 6
cents for roosters. The rest of the
market is the same as has been
noted for some time past.
