**COSTUME ENTERTAINMENT.**

Conducted by the Ladies' Basket Ball Team.

Tomorrow evening the ladies of the high school basket ball team will entertain their friends and the patrons of the school at the assembly hall with a reception and program. Refreshments will also be served.

The ladies have been working hard on their program for some time, and great pains have been taken to make it a success. They will receive in Japanese costume, and in fact the whole affair will have an Oriental air both unique and interesting.

The program consists of instrumental and literary selections with a number of specially prepared Japanese choruses. These latter have been carefully drilled and will be something out of the ordinary. The high school orchestra and an imported pianist will also help to make the entertainment a success.

**PARVENU DEBATERS.**

Program for interesting event at the Business College.

The Parvenu Debating Society of the Modern School of Commerce, will hold its regular meeting tomorrow afternoon at 3:30 o'clock, in the assembly room at the school, on Court street, at which time an interesting program will be rendered. The society, though young and of comparatively few members, is full of enthusiasm, and the meetings are

## COUNCIL MEETING

SUBJECTS OF GREAT IMPORTANCE CAME UP.

**North Side Main Street Grade Again Before the Council—Drastic Measures in Relation to the Poll Tax—Condition of Surroundings of Intake Can Be Greatly Improved—Mr. Kline Wants to Know.**

Liquor licenses were granted to William Bogard and August Stangier.

The street committee opened an old sore with their recommendation that the grade of Main street between Jackson and Washington be changed and the residents and property owners along the block be forced to place the street on grade. The matter was laid over to the next meeting. This question was a bone of contention in the council about a year ago, and not being able to settle it, the council referred the grading to the residents, with instructions to grade the street as they pleased. Some of them have not pleased to do anything, hence the present trouble. It is the opinion of several of the present council that the city should enforce the ordinance now on the books, make the grade and charge the cost to the abutting property, and this may yet be done.

**Relating to Poll Tax.**

The new administration will see that the people pay their poll taxes this year, and the marshal is not to run after them to get the money. An ordinance was passed last night amending the one now on the books. By its provisions those subject to the tax must come to the office of the city marshal before the first of April in each year and pay their poll tax, and in the event of their neglect so to do, the marshal shall attach sufficient of their property and sell it, to raise the amount of the tax. This new ordinance will be enforced to the letter.

**Mr. Kline Wants to Know.**

H. A. Kline, a saloonkeeper, wishes to know "why it is that all of the drug stores can sell liquor to all corners and pay no license, while the saloons all had to do so?" The question was referred to the committee on licenses, which will endeavor to find the reason and report at the next meeting of the council.

The appointment of H. A. Thompson as a night policeman, was confirmed.

**Condition of Park Grounds.**

Mr. Clopton was present, and addressed the council on the condition of the land bought by the city some time ago, and which is situated near the intake of the water system. He reports that a barn full of horses stands close to the new intake, and is offensive. This will be torn down, and the lumber used in making a shed for the city pound. The matter of clearing up this land was referred to the city marshal and the street committee.

**Source of Pollution.**

J. T. Brown, the superintendent of the water works, reported having made a trip up the river. There are as many as 200 hogs a short distance above the intake of the water works, and all of the drainage runs into the river. The pens are very filthy and a menace to the health of the city. The subject was referred to the committee on health and police, and they will require the pens to be moved and the places to be cleaned up.

**WHITMAN GLEE CLUB.**

Strong Combination Will Be in Pendleton February 25.

Word has been received by Rev. Jonathan Edwards, who is managing the coming of the Whitman Glee Club, which will appear in the Baptist church the evening of February 25, that the club will bring with it when it comes to the city, Professor Pennell, the director of the conservatory of music at Whitman College. He will sing baritone. Professor Fisher, the head of the violin department of the college, and Miss Grace Jones, the head of the piano department, will accompany the club. With these additions to the program, the public will have a musical treat of rare quality.

**GREAT LECTURE.**

Dr. Martin Will Speak Tonight on "Spiritualism."

Dr. Martin gives his famous lecture on "Spiritualism" tonight at the First Christian church. The doctor is an able platform speaker and is said to be one of the best informed men on Spiritualism in America. Every man, woman and child in Pendleton should hear this lecture. You will be interested, instructed and benefited. Tonight, 7:30 o'clock.

**Rev. Holt is in Town.**

Rev. W. S. Holt, of Portland, is in the city for a short visit with friends of the Presbyterian church. Mr. Holt is the synodical missionary for this state, and will be in Eastern Oregon for some time. He leaves either tonight or in the morning for La Grande, but will return to attend the Christian Endeavor convention, on his way home to Portland.

A big fight is being made to prove illegal the issue of \$18,000,000 in bonds for the improvement of the city of San Francisco. Action is brought by injunction demanded by heavy taxpayers. Fraud is not claimed.

**SOME SCRAP IRON.**

This is All That is Left of Beilke's New Hack.

Robert Beilke, one of the prominent residents of the Coombs Canyon country, was in the city today for a short time on business. Mr. Beilke brought with him the irons of a new hack which was caught in the flood which swept down the canyon a couple of days after the Heppner flood.

The hack was a strong one and had never been used, except to drive to the ranch from the implement house in the city where it was bought. When the flood struck it the vehicle was standing in the shed and every spoke was broken out and swept away while the felloes and hubs were left in the vicinity of the shed. The tongue was broken out and was never found, while the bed of the hack was ground up fine. The springs, axles and tires were practically all that was left of the new hack, and these were brought to the Nagle shop to be used as old iron.

**INLAND EMPIRE LEAGUE.**

**Baker City Wants Eastern Oregon Towns to Organize a Rattling Baseball League.**

Already the fan is at work in Baker City and talk of a baseball league with Baker City, La Grande and Pendleton as the chief members, is rife.

Prominent baseball leaders of that city are agitating an early organization, in order to get some good players and arrange some interesting events for the early season.

With this in view, the Baker City people will confer with Pendleton and La Grande, soon, in regard to organizing a league, to be exclusively Eastern Oregon timber, and to begin early to have a spirited baseball season for 1904.

**R. C. Judson's Reports.**

A large supply of the reports of Col. R. C. Judson, industrial agent of the O. R. and N., have been received at this office from General Freight Agent Miller, and will be distributed free to the farmers and stockmen calling for them. The report deals with dry land alfalfa, corn raising, feeding experiments, livestock sales and other vital topics on which the O. R. and N. has been making experiments in Eastern Oregon and Washington during the past five years. It is one of the most interesting bulletins ever issued in Oregon.

**Machinery for New Laundry.**

Teamsters have been busy today unloading the machinery for the new laundry on Cottonwood street, and it will be put in place as fast as possible.

### Brides

Are always "beautiful" and always "happy" according to the society reporters, and in this case the report is mostly true. There may be unhappy brides in fiction, but there are few in real life. But how hard it is to look upon many of the wives we know, and believe that they were once beautiful and happy. Pain, the result of womanly disease, has marred beauty and undermined happiness.

**\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.**

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Profluvius, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I have thought for some time I would write you and tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having any health again. Could not sit up all day, and was so weak I could not walk one quarter of a mile. I noted a great improvement in my health before the first bottle was used. Was suffering with almost every pain that a woman is subject to; had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

If you are looking for a perfect laxative try Dr. Pierce's Pleasant Pellets.

**DEMOCRATS WILL MEET.**

State Central Committee Will Hold a Meeting in Portland on Feb. 22.

A meeting of the democratic state central committee will be held in Portland on next Monday, February 22, for the purpose of calling the state convention and arranging for the coming campaign.

It is the intention of the committee to call the state convention some time later than the date of the republican state convention, on April 14, in order to take advantage of the weak points in their state ticket, if there be any, in nominating the democratic candidates.

Colonel E. D. Boyd, who is confined to his room with serious illness at the present time, is the state committeeman from Umatilla county, and if he is unable to attend, will appoint a proxy to go to the convention, in order that Umatilla county may be represented.

The remarkable echo at Eagle's Nest on the banks of Killarney, Ireland, repeats a bugle call 109 times, each clear and distinct.
