HARD LUCK STORY.

His horse went dead and his mule went lame, And he lost his cows in a poker game, Then a cyclone came on a summer day, And blew the house where he lived away, And an earthquake came when that was gone, And swallowed the land that the house stood on, Then the tax collector, he came round, And charged him up with the hole in the ground. —J. Adam Bede, member of congress from Minnesota.

DIG UP THE FACTS.

Every citizen of Oregon is a committee of one to dig up and classify industrial statistics for the labor commissioner, whose first report is now being prepared.

There is anything you want in Oregon except reliable statistics.

Innumerable booming pamphlets have been issued, to promote certain interests. Land prices, production, cost of material and other facts given in local publications are given local coloring.

The East wants something authentic concerning Oregon. Oregon is anxious to have the truth known. The plain truth about Oregon is good enough.

The first report of the labor commissioner will be incomplete. It takes time to get state bureaus and complicated and untried legal machinery into working order.

But it should touch lightly and authoritatively upon all the industrial phases of the state. Comparative wages and cost of living, educational statistics, variety of industries, number of people working in each and average earnings of the workers, shall all be touched upon.

All progressive states are mirrored in their official reports. Oregon is now at the threshold of her best era. The world thirsts for good, wholesome facts about the state. The citizens should be proud to aid in classifying the wonders of her industrial features.

Her future growth and development will be so rapid that it will tax the credulity of the world to believe all that is heard. Authentic figures must be at hand to prove what the world will refuse to believe, off-hand.

A sub-bureau of each leading industry should be created and made a part of the labor bureau.

Mining, farming, stockraising, fruitgrowing, manufacturing and shipping should all be represented by a division under the commissioner, with an assistant in each department to handle that special feature.

It will cost money. No progress comes without effort. No advance step is made without the expendi-

ture of strength. But the result will be so gratifying that those who may object to the expense will be overwhelmed with the accomplishments of these bureaus.

The Christian Endeavor Society, now in session in this city, is the greatest church auxiliary organization in the world. It is distributed throughout China, Japan, India, Australia, England, Canada and the United States. It has 3,800,000 members and 64,000 organizations. All the evangelical churches except the M. E. church hold membership and work in its organization. The Methodist and Catholic churches maintain separate auxiliaries—the Methodist has the Epworth League, and the Catholic the Sodality of the Holy Virgin, organizations having a similar aim to that of the Christian Endeavor. The Christian Endeavor is one neutral ground on which the churches join hands and work in the same harness. It is one of the most active, aggressive, healthful, religious societies in the world. Its social features, broad Christian spirit of tolerance and fairness and its pure and elevated purposes make it the foremost evangelizing power in the world today. It meets requirements, reaches individual forces that the churches cannot reach. It brings out the best there is in the young, strong, hopeful, joyous membership, of all the churches and its power for good is measureless. The next national convention will be held in Baltimore on July 5-10, 1905.

News item in Pendleton, February 20: "If it doesn't rain soon it will be necessary to get out the street sprinkler. This balmy sunshine is making dust every day." Nine months of street sprinkling and summer suits, two crops of strawberries, awnings to keep the sunshine out, instead of coal stoves, electric fans instead of overcoats, ice cream every month in the year, children 5 years old that never saw a snowball, not enough frost to give sauer kraut a wintery flavor, as much beer drank in December as in July, no chest protectors from wintry blizzards, no frost bitten noses or ears, no chilblains, no icicles on your whiskers, nor frozen tears on your cheeks—in fact, if it wasn't just simple habit, people wouldn't notice the change of seasons in Umatilla county. Further information on application.

Anarchy is not endorsed by the majority of the citizens of Grant county. At an indignation meeting

The above will cheerfully be paid in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signature of the individual volunteering the testimonial below, and also of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery for purifying the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh, instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

"About a year ago I had a very bad cough and feared it would run into consumption," writes Hon. Geo. W. Lynch, of 27 Mason Street, Worcester, Mass. "When a severe attack of coughing would come on vomiting would set in. Matter accumulated in nose and my tonsils were irritated. After reading of the wonderful cures resulting from Dr. Pierce's Golden Medical Discovery began to use it, with some doubts as to the good it would do me. I am frank to say, but, after I had used one bottle I noticed quite a change for the better. Ordered five more bottles and before I had used them all the cure was complete. There is not now a trace of cough or cold in my system and my health is perfect."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 1000 pages. Send 25 cents in stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

held at Long Creek yesterday, to make inquiries into the destruction of the office of the Ranger by dynamite. \$329 was raised in 10 minutes, as a reward for the criminals. The same meeting petitioned the county court to offer \$400 more for the apprehension of the guilty party. That lawless outrage was conceived and executed by a small minority of the good citizens of Grant county. It does not represent the standard of citizenship there, nor in any other Oregon community. It is a radical growth that will be crushed and suppressed at once by the better class of people. The perpetrator should be searched out and given punishment in keeping with his crime.

Umatilla county sheepmen escaped the wiles of the salt trust agent and will buy stock salt this year of home merchants. The home merchant should show his appreciation by avoiding the oppressive practices of the salt trust.

LOST.

You saw the headstone, low and old, State, where the marble rose in ranks, And not the simplest flower told Of tears or thanks.

Beneath the willow there within The green close by a highway self, She lay unshriven of her sin That was love's debt.

For, carved in letters deeper than The evil in her maiden heart, This record of her trespass ran In rudest art:

"Here lies a mother not a wife, Her name, O stranger, ponder well. The righteous gains eternal life, The sinner, hell."

But Nature, that divines the right, Had crept in moss to hide her shame, Nor left, for unforgiving sight, A letter of her name.

—H. S. Morrison in Smart Set

LAKE BAIKAL.

Lake Baikal, across which the Trans Siberian railroad is running, trains on the ice, is 397 miles long from northeast to southwest and from 13 to 54 miles, across with an area of about 12,500 square miles. This vast reservoir is situated 1,326 feet above sea level in the midst of steep mountain ranges. The lake is frozen over from November to May and is almost perpetually swept by the wind.

CATARRH THIRTY YEARS.

The Remarkable Experience of a Prominent Statesman—Congressman Meekison Gives Pe-ru-na a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State. Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue. He writes:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President The Hartman Sanatorium, Columbus, Ohio.

EXTRA EDITION SHOT TO PIECES

Here in Pendleton At the Corner of Main and Webb Streets

Not an officer to be found who would interfere. Will the citizens of Pendleton stand idly by and see this go on without taking a hand in it? Surely not. What does this all mean anyhow? Well, here is how the trouble began. This may seem to some as cruel and uncalled for, and while there is much we dare not reveal, yet we have this to say: The cause of this terrible slaughter is plain. In the first place our store is to be remodeled and we are overstocked; the front of our store will soon be "shot to pieces" by the carpenters who will need more room for their work, so we must reduce stock. To do this we will make prices that will move the goods. All kinds of Furniture, Carpets and Linoleums must go. We are overstocked especially on Iron Beds, Mattresses, Dressers and Carpets and can give tempting bargains in these. A nice Golden Oak Bedroom Suit, swell top drawers to dresser, French plate glass, only \$19.00 for this handsome three piece suit. And don't fail to see our elegant line of new Carpets and Rugs. They are winners. Some new Folding Go-Carts. Hall Mirrors cheap. A big line of Princess Dressers, regular beauties. Don't miss these offerings. They're yours. Take 'em away
