

MOTHER AND CHILD

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

GOLF LINK ECHOES

CLUB OWNS THE GROUNDS AND INTENDS TO BUILD.

Has a Forty-Acre Tract, Which Cost \$1,250, Raised by Sale of Stock—All Its Affairs Are Prosperous, and It is the Intention to Put it Upon a Permanent Basis—Out of Debt and Unpaid Stock is Owned.

The golf season has not opened as yet, but the members of the club are beginning to get out the implements of war and prepare for the campaigns of the spring and summer months.

The club is now the owner of the links on the hill, and will put them in the best possible shape by the time the season is under way. The grass will be kept cut short and everything done for the pleasure of the members.

The links comprise about 40 acres of land, and was bought last fall by the club at a cost of \$1,250. The money was raised by the sale of stock in the club, and there is yet a large amount of the stock that has never been paid. Still the affairs of the club are in good shape and of prosperous promise.

The members of the club, now that they are land owners, are beginning to talk club house, and it is understood that a movement is on foot to raise funds for the erection of a house in the spring in which to rest after the toil of the game. It is not the intention of the members of the club to build a very fine house at this time, but they wish to build a small place where some conveniences may be had, and they think that with a little effort they will be able to have the building erected before the middle of the golfing season.

There will be two classes of members in the club if it is reorganized as hinted at this time. There will be those who hold stock in the club and have an actual interest in the club property. These members will have no more than the nominal dues to pay, for their money will have been invested in the grounds and other property of the club. Besides them will be the other class of members, who will hold no stock, but who will be asked for monthly dues, so fixed that they will pay for the running expenses of the institution. It is hoped between the two classes to put the club on a permanent basis and one that will pay, so the members will be afforded the pleasure of well-kept links, and a house where they can enjoy some of the comforts of life after the games.

NEW BISHOP OF COLUMBUS.

One of the Youngest to Attain Such a Promotion.

Steuenville, O., Feb. 25.—The ceremonies attending the elevation of the Rt. Rev. James J. Hartley to the bishopric of Columbus in the Holy Name church this morning were of a most impressive nature. The church was crowded to its utmost capacity with the most prominent Roman Catholics of Steuenville and vicinity, together with a large delegation from Columbus. The ceremony was conducted by Coadjutor Bishop Moeller of Cincinnati, who was assisted by a number of priests and prelates.

The Rt. Rev. James J. Hartley, the new bishop of Columbus, was born in 1858 in Columbus. He studied theology at the Holy Angels' seminary, Niagara Falls, N. Y., and was ordained a priest 21 years ago by Bishop Watterson. Soon after his ordination he came to Steuenville as assistant at St. Peter's church, and later by his ability and energy started the Church of the Holy Name, of which he has had charge since.

Ohio Y. M. C. A.

Columbus, O., Feb. 25.—Arriving trains today brought scores of delegates from Toledo, Cleveland, Cincinnati, Dayton, Youngstown, Springfield and other cities of the state for the biennial convention of the Young Men's Christian Association of Ohio. The sessions will be formally opened this evening and will continue through Sunday. The large attendance and the interesting program combine to give promise of one of the best conventions ever held by the association in Ohio.

Dreyfus Case in Court.

Paris, Feb. 25.—The retrial of the Dreyfus case was formally begun today before the court of cassation. The trial, which is nothing more than a formality intended to publicly establish the innocence of Captain Dreyfus of the charges which led to his expulsion from the army and his imprisonment on Devil's Island, is expected to satisfy the clamor of the Dreyfusards and to mark the final chapter of the famous case.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine that I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germs, which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt, special agent.

THE FAIR

"THE ROSEMARY" TONIGHT.

Howard Kyle Company Coming to the Frazer This Evening.

Prominent among the plays that never seem to grow old is "Rosemary," the beautiful English romance of the last century in which Howard Kyle and a competent company will appear at the Frazer tonight.

"Rosemary" was first seen in this country a decade of years ago, when John Drew and Maude Adams appeared in the leading parts. Mr. Kyle according to newspaper reports, is attracting great attention throughout the country. The supporting company is said to be an unusually strong one and includes Frederick Webber, George Gaston, Henry Becker, Norman MacDonald, Alfred Conibear, Louis Ellner, Sadie Handy.

Deafness Can Not Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; blue cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's family Pills are the best.

Don't be Imposed Upon

Osteopathy is all right if the Osteopath is all right. But, kind reader, don't be deceived by believing that all persons claiming to be Osteopaths are such. Numerous unprincipled, ignorant fakirs who have never been inside of an Osteopathic college are using the good name of Osteopathy to impose upon the public. This is especially true in those states wherein Osteopathy has not been legalized and no examinations or registrations required—(Ohio, Michigan, Minnesota, Wisconsin, California, Montana, Vermont and about twenty other states have enacted regulating laws.)

You would not think of employing the services of a medical doctor who was not educated in some standard college of medicine, and it is equally important or even more so with Osteopathy, where the benefits or cure depend on locating and removing the cause. You can plainly see the necessity of an Osteopath having a thorough knowledge of anatomy, physiology, pathology, surgery and all branches taught in a regular medical school, except materia medica, instead of which he must understand the principles and practice of Osteopathy. To obtain this education the following named schools require an attendance of four terms, five months each, at lectures, recitations and in laboratories:

- American School of Osteopathy, Kirksville, Mo. American College of Osteopathy and Surgery, Chicago, Ill. Massachusetts College of Osteopathy, Boston, Mass. Philadelphia College of Osteopathy, Philadelphia, Pa. Atlantic College of Osteopathy, Wilkesbarre, Pa. Southern School of Osteopathy, Franklin, Ky. S. S. Still College of Osteopathy, Des Moines, Iowa. Pacific College of Osteopathy, Los Angeles, Cal. California College of Osteopathy, San Francisco, Cal. Colorado College of Osteopathy, Denver, Col.

Before consulting with a person claiming to be an Osteopath, satisfy yourself that he is a graduate of one of the above colleges; if you can't get this information otherwise, address a letter of inquiry to Dr. Irene Howard Ellis, Secretary American Osteopathic Association, 144 Huntington Avenue, Boston, Mass., who will cheerfully advise you.

The foregoing information is given in the interest of genuine Osteopathy, and as a defense against the impostors. If you have been so unfortunate as to have fallen into the hands of a pretender and failed to get relief, don't condemn Osteopathy, for treatment by one who is qualified probably would have given the desired results.
