

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SOMETHING NEW COMING.

Another Version of "Uncle Tom's Cabin" at the Frazer.

That which is described as the biggest and best "Uncle Tom's Cabin" Company traveling, will appear at the Frazer on March 4. It is known from ocean to ocean as Loom W. Washburn's Stetson Uncle Tom's Cabin Company, and is composed of 50 men, women and children, all capable actors, actresses, singers and dancers. As a scenic production, it is said to be better than any other. Among others worthy of special mention are the Ohio river by moonlight, the beautiful Vision scene, and the gorgeous transformation scene at the close. A number of prize Shetland ponies, trick mules and Colonel Sawyer's splendid pack of genuine Siberian bloodhounds are special features. The spectacular street pageant has a great many beautiful Shetland ponies, chariots and handsomely carved tableaus besides other novelties. The parade is led by Washburn's great military band and is worth going a long way to see.

THERE ARE NO FAILURES.

Dr. Garfield, of Victoria, B. C., Tells of Three Hundred Cases Wherein He Recommended the Use of Trib. Dr. James G. Garfield, of Victoria, B. C., when asked, do you endorse TRIB as a cure for the liquor and tobacco habit, said: "I do. I have seen your remedy long before it was sold to you, and can tell you of three hundred people that I have advised to take it. I never knew of a failure to cure where the party taking it was sincere."

GENUINE OSTEOPATH.

Osteopathy is all right if the Osteopath is all right. But, kind reader, don't be deceived by believing that all persons claiming to be Osteopaths are such. Numerous unprincipled, ignorant fakirs who have never been inside of an Osteopathic college are using the good name of Osteopathy to impose upon the public. This is especially true in those states wherein Osteopathy has not been legalized and no examinations or registrations required—(Ohio, Michigan, Minnesota, Wisconsin, California, Montana, Vermont and about twenty other states have enacted regulating laws.)

You would not think of employing the services of a medical doctor who was not educated in some standard college of medicine, and it is equally important or even more so with Osteopathy, where the benefits or cure depend on locating and removing the cause. You can plainly see the necessity of an Osteopath having a thorough knowledge of anatomy, physiology, pathology, surgery and all branches taught in a regular medical school, except materia medica, instead of which he must understand the principles and practice of Osteopathy. To obtain this education the following named schools require an attendance of four terms, five months each, at lectures, recitations and in laboratories:

- American School of Osteopathy, Kirksville, Mo. American College of Osteopathy and Surgery, Chicago, Ill. Massachusetts College of Osteopathy, Boston, Mass. Philadelphia College of Osteopathy, Philadelphia, Pa. Atlantic College of Osteopathy, Wilkesbarre, Pa. Southern School of Osteopathy, Franklin, Ky. S. S. Still College of Osteopathy, Des Moines, Iowa. Pacific College of Osteopathy, Los Angeles, Cal. California College of Osteopathy, San Francisco, Cal. Colorado College of Osteopathy, Denver, Col.

Before consulting with a person claiming to be an Osteopath, satisfy yourself that he is a graduate of one of the above colleges; if you can't get this information otherwise, address a letter of inquiry to Dr. Irene Howard Ellis, Secretary American Osteopathic Association, 144 Huntington Avenue, Boston, Mass., who will cheerfully advise you.

The foregoing information is given in the interest of genuine Osteopathy, and as a defense against the impostors. If you have been so unfortunate as to have fallen into the hands of a pretender and failed to get relief, don't condemn Osteopathy, for treatment by one who is qualified probably would have given the desired results.
