She is consulted by the most prominent CULTURED and EDUCATED people everywhere. The most sensitive lady need have no fear in coming to see her.

BIBLE HISTORY OF PALMISTRY

RECORDED IN THE BIBLE:

Book of Job, Chap. XXXVII, 5-7: In the hands of all men God placed some signs that we could thus know their work.
Proverbs, Chap. III, 5-16: Length of days is in her right hand, and in her left riches and honor.
I Samuel, Chap. XXV, 4-18: For what have I done or what evil is in my hand?

As far back as the sacred confines of the Bible we find that belief was manifest in the power of Psychic Palmist to read the lines on the hands to point out and warn you of the uncertainties of tomorrow. It has been important in shaping the lives of the world's greatest individuals, such as Homer, Spenser, Lincoln, Napoleon, Gladstone, Dewey, Chamberlain, Samson and others.

A FEW THINGS SHE TELLS YOU

Love affairs, courtship, marriage, divorce, sales, changes, travels, mining, land and building speculations, and all kinds of investments. All the affairs of life are advised upon with absolute certainty.

Reception Hours: 9 A.M. to 9 P.M.

ABUSE LAND LAWS

LIVELY SCRAP IN THE SENATE OVER REPEAL.

Senator Warren of Wyoming, Stands Up for the Desert Act and Says it Has Benefited His State—Other Senators Claim it Has Been the Instrument of Fraud.

Washington, Feb. 26.—There was quite a little passage at arms the other day in the senate over the operation of some of the land laws, which developed the fact that the land frauds in the West and the mal-eficent effects of the desert act and other land laws have arrested the attention of some of the Eastern statesmen.

Senator Warren of Wyoming was defending the desert act and while he admitted that it may have been abused and evaded, he stated that he knew that it had been a great thing for Wyoming, as he had lived in the West since the passage of this act in 1877.

"Wyoming," he said, "almost owes its very existence to this law." Inquiry develops the fact that while Wyoming is prosperous, from a stockman's point of view, but comparatively little settlement and home-building on the land can be seen, since the last census shows a population of only 92,000 for a state the size of the six New England states added to Indiana.

Answering Senator Warren, Senator Berry of Arkansas, stated that in his judgment there had been millions of acres of public land secured under the law by fraudulent acts of persons who procured men to go upon the land, furnishing them the money, and that they had violated the law in order to get holdings of thousands of acres of land into the hands of a few individuals or wealthy corporations.

"The secretary of the interior," he stated, "says that the frauds which have been perpetrated in some of the Western states under the desert land act, under the timber and stone act, and under the commutation clause of the homestead act, are perfectly appalling.

"The Senator from Montana, Mr. Gibson, who made a report in favor of the repeal of these laws during the last congress, recites case after case where lands have been procured from this government by the means which I have named and where thousands of acres held by single individuals or by corporations, upon which they are grazing sheep and cattle today, and the provisions of the desert land act have never been complied with in a great many hundreds of those cases."

Senator Spooner, Senator Beveridge and a number of other Eastern men are giving considerable attention to the public land question in the West and it is believed that a majority of the senate, at least, would favor a repeal of the land laws, excepting only the original homestead act, and the holding of the remaining public lands for settlers only.

"THE BOSTONIANS."

Best Comic Opera Troupe on the Road at the Frazer.

This is the silver jubilee year of "The Bostonians," and it has been punctuated by magnificent revival of "Robin Hood," if the word revival may appropriately be applied to new performances of an opera that has never been out of public view more than a single season since it was first made known. In any event the people of this city are to be treated to a series of performances of that incomparable work at the Frazer opera house on March 3.

The cast of principals includes Messrs. Henry Clay Barnabee, William H. MacDonald and George P. Frothingham in their original roles of the Sheriff of Nottingham, Little John of Brown October Ale, renown, and Friar Tuck of soap kettle delight, Agnes Cain Brown, a soprano, the freshness, purity, feeling and range of whose voice have already made her famous, will sing "Maid Marian;" the new Will Scarlet is the accomplished basso, Howard Chambers; Robin himself is the well known Canadian tenor, Douglass Ruthven; Campbell Donald, Guy of Gisborne, and Miss Adele Rafter, contralto, Alan-a-Dale.

This is surely one of the happiest combinations for a cast of "Robin Hood" that the opera has ever known, and it should make the engagement in this city a record breaker. Local music lovers will feel a personal interest in assisting, as the French have it, at the celebration of the quarter centennial of The Bostonians.

Deafness Can Not Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
