LAST WEEK.

Dr. Martin Will Soon Close His Work at Christian Church.
This will be the last week of the revival at the First Christian church. Dr. Martin has proved to be a great instructor on religious subjects. He has the faculty of handling the most abstruse subjects in a way that every one can understand it.
The doctor's thoroughness and scholarship commands the respect of the most educated.
"Science and the Bible" was handled last night in a masterly manner. The speaker proved himself thoroughly conversant with the most advanced science of today.
Seventy-two people have been added to the church membership during the revival and the doctor has done untold good in instructing the members and community along religious lines. The subject tonight will be, "The Day of Small Things." Everybody invited.

NEW LAUNDRY NEARLY READY.

Joe Hoch Will Open Plant With Full Force.
Joe Hoch is a busy man getting his new laundry into shape for the opening. Judging from the encouragement given him by people of the city the laundry will have to start with a full force from the first day and when the force and the machinery are working well together it will be able to turn out a big hotel washing inside of two hours.
Mr. Hoch has a foreman in view who is an Eastern man and while he has not definitely accepted the position, it is almost certain that he will and will be here in a few days to take charge of the plant.

TO PAINT ECHO SCHOOL.

Building Will Be Completed in a Short Time.
C. J. Wilson, of the firm of Wilson & Carnine, left this morning for Echo to look after the contract the firm has for painting the new schoolhouse now being built there. The carpenters are through with their work and the building is ready for the paint, which will be put on at once.

BASEBALL AFFAIRS

NEW ALIGNMENT FOR NORTHWEST LEAGUE.

Proposed to Get Ogden, Pendleton, La Grande and Walla Walla into the Game, and Give the People Fast and Scientific Ball—Pendleton Promoters of the Sport Are Non-committal at Present.

Pendleton is now to be asked to come into the Northwest Baseball League, along with the other progressive cities of the Northwest, and enjoy a season of fast and good baseball

A representative of President Lucas was in the city yesterday, and it is said that Mr. Lucas himself will pay the city a visit in a short time, to see what the trend of opinion is in relation to the scheme to help support a league team here this year.

At present there are Spokane, Butte, Boise and Salt Lake in the league, with Ogden knocking on the door for admittance, and there is where the trouble lies. If the latter city is allowed to come into the family, it will be necessary to adopt another child to make the number even and so keep all the teams busy during the season.

The scheme then, is to promote a combination team between Pendleton, Walla Walla, Baker City and La Grande, or some similar arrangement, so that all of the cities could afford to support one good team for the playing time.

Whether or not it will be thought feasible by the fans of this city to enter into such a proposition is not known, as the idea is too new for them to state. Baseball is an expensive luxury, and to support a team good enough to play in the Northwest League would take some coin, so that the baseball cranks of the city are thinking the matter over before they plunge into the plan.

However, Pendleton has always been one of the first to get into line when baseball is mentioned, and if it does not prove too expensive when the costs are figured up, it is probable that those interested here will be willing to stand their share of the expense, provided the other cities are in on the scheme.

STYLES FOR 1904

MRS. A. M. CLARKE RETURNS FROM NEW YORK.

She Says Ladies' Wears Have Changed Entirely From Last Season—Brown and Navy Blue Will Be Greatly in Evidence—Military Effects is a Thing of the Past.

Mrs. A. M. Clarke at the head of the ladies' ready-to-wear department of the Peoples Warehouse, has returned from New York, where she has been for the past six weeks buying stock for her department. Mrs. Clarke in speaking of the fashions for the coming season, said:

"The styles in ladies' wear has changed entirely, the leading features of the coming season being the Eton and Eton blouse effects, in voils, light weight serges, alligator weaves, etamines and canvas. The colors given most prominence are black and champagne shade, brown and navy blue. In the mixtures nothing but the novelty colors will be worn.

"There will be a little brass worn on the hats this year, but the military effects are a thing of the past in the Eastern markets.

"The Eastern costumers show very little gift in their creations, nothing of the kind having been worn in New York since last fall. Some little has been shown in Chicago and some sent to the West, but it is out of the East altogether.

"In the silk coats and jackets a few loose-back garments are shown by the Eastern makers, but the fashionable wrap of today is the separate Eton and Eton blouse and these are made in voils and taffeta silk with a few peau de sole."

Mrs. Clarke is very glad that her trip is ended and she is able to return to her home in this city for the winter throughout the East is disagreeable and cold.

Faith will break through all forms.
