COMMERCIAL CLUB

REGULAR MEETING WILL BE HELD THIS EVENING.

The Organization Proposes a "Campaign of Advancement" — Large Number of New Members to Be Installed — Interesting Library Problems Uplift for Discussion — Walla Walla Association Asks Co-operation.

The Commercial Association will meet this evening for its regular meeting, and at this time the newly elected officers will take charge of the organization.

It is the intention of those now at the head of the association, as well as of all the members, to institute a campaign of advancement for the society, to strengthen it in membership and in influence.

New Members. It is the desire, especially of those now in the association, to bring as many of the younger men in the city as possible and with this in view, a canvass has been made with the result that quite a number of the younger men have signified their intention of joining, and their names will be before the meeting this evening. Part of the number are Luke Hawley, W. W. Markham, George Hartman, Jr., Fred Lampkin, Fred

Earl, Win S. Stewart, Henry Harrison, W. H. A. T. Wallace and others. It is not the plan of the association to discard the old plans of the order by making it an entirely social club, but it is their desire to bring in as much new blood as possible, and form a place where the young men of the city will have a place to meet and especially for those who have no home or family in the city, and spend the time in a pleasant and profitable manner.

Relating to the Library.

One matter that will come up at the meeting this evening will be the library question. There are now three plans before the members.

One has already been mentioned: to put the library in the rear part of the present building, in a room especially provided for it, and, with the help of the school board to open it as a reference library for the use of the members of the association and the high school students. The reference books would not be taken from the library, but the fiction would still be under the same rules as at present.

The second plan is to move the library to the school building on the hill, where it could be used by the students in a room provided by the board, but would still be under the supervision of the association and the trustees of the Sturgis fund. This plan, however, has not a great deal of favor.

The third plan is to box the whole collection up and stow it away until such time as the association will have a place to keep it. All of these plans will be talked over and in all probability a committee will be appointed to settle the matter.

Other and routine business will be transacted. One thing which will come up being the request of the Walla Walla association for co-operation in securing the advancement of irrigation.

TO HELP THE COUNTY

WILL UMATILLA BE ADVERTISED AT ST. LOUIS FAIR?

Every County in the United States Expected to Send Circulars to the Different State Headquarters at St. Louis—County Courts and Commercial Associations Expected to Take Active Interest in Gathering Statistics.

The East Oregonian is in receipt of a communication from W. H. Wehrung, superintendent of the Oregon exhibit at the St. Louis fair, asking what efforts are being made by the county court, or commercial associations of Umatilla county toward advertising the county at the fair.

Almost every county in the United States will make more or less of a showing at the fair, and the superintendent, being naturally interested in his own state, makes particular inquiry about the various counties of Oregon which expect to have advertising circulars on exhibit at the Oregon headquarters.

The Lewis and Clark fair following so closely on the heels of the St. Louis exposition, Oregon will be the center of attraction at the St. Louis fair, and every person going to that great event, will be in search of information about "the Oregon country."

So far Umatilla county nor Pendleton have neither one made any move toward having descriptive literature at the St. Louis fair, but the matter will be placed before both the county court and the Commercial Association in hopes of securing favorable action on sending a large amount of valuable descriptive matter there.

At least 50,000 illustrated circulars, bearing on every feature of the wonderful Umatilla county should be sent to St. Louis, to satisfy the hunger for useful information among Eastern people. Other Oregon counties will be represented by tons of literature, and Umatilla county being third in wealth in the state, should have her supply of information there.

The county court is empowered to expend \$2,000 per year in advertising the county, and this fund, with what would be cheerfully subscribed by the Commercial Association and citizens in general, would be sufficient to advertise Umatilla county properly, at St. Louis.

The same general descriptive matter, with later additions at the end of the year 1904, could be used for the Lewis and Clark fair next year, and at the expense of issuing an edition with slight alterations would be comparatively light.

OREGONIANS TO JERUSALEM.

Delegates Start for the World's Sunday School Convention.

R. D. Hamilton of La Grande, joined Miss Edna Allen of Albany, Mrs. F. A. Wiggins and Mrs. Charles A. Parks, of Salem, last night, on their way to the fourth World's Sunday School convention, which meets in the city of Jerusalem on April 18, 19 and 20.

Seven Oregon people will attend this wonderful convention, which will be made up of 800 delegates from every civilized country under the sun, the other three, Mrs. Esther C. Pohl, M. D., Mrs. W. C. Puffer and Miss Ella Budemer of Portland, having gone to New York city several days ago.

The American delegation will leave New York city on Tuesday, March 8, on the North German Lloyd steamer Grosser Kurfurst, on a voyage which consumes 71 days from New York, including side trips and stops. The vessel has been chartered for the delegates.

The American party will be under the direct supervision of H. E. Clark, American vice-consul to Palestine, who has resided in Jerusalem for the past 36 years.

The delegates will travel about 20,000 miles on the trip and the expenses will average \$450 each, to be paid by the organization.

FRANK BAKER AT BOISE.

Oregon Politician May Start Agricultural Paper at Capital City of Idaho.

Frank C. Baker of Portland, chairman of the republican state committee, passed down the O. R. & N. last night from Boise City, where he has been looking over the newspaper field for several days, with the intention of founding an agricultural monthly, or possibly a weekly, of the same general type of the Rural Spirit of Portland.

Mr. Baker has been in the newspaper and farm journal business in Oregon all his life, his father, W. W. Baker, having been the founder of the Rural Spirit.

Believes in Dry-Land Alfalfa. Taasie Stewart of Milton, one of the prominent farmers of that vicinity, was in the city last night on business. He is greatly interested in the dry-land alfalfa experiments being made by the O. R. & N. in different parts of the country, and has offered the company a tract of land on which to try an experiment.

Thoroughbred Spitz. Ernest Tatum went to The Dalles today for a short visit, taking with him a couple of the thoroughbred Spitz puppies which have been attracting so much attention in the window at the Brock & McComas drug store for several days past and which have been bought by R. H. Grant, of The Dalles.

BOLD THIEF ENTERS HOUSE.

Takes Cash and Jewelry From Willow Street Residence.

Thieves entered the residence of Mrs. M. M. Wyrick, a short time before noon today, and took from the bedroom occupied by James Wyrick, \$18 in cash, a gold locket and chain, and escaped, leaving no trace. Mrs. Wyrick was in an adjoining room at the time of the robbery. Two dollars of the money was in nickels and dimes, the church money in the possession of Miss Wyrick. This is the second time the house has been robbed in the past year, the thieves taking all the house linen and thoroughly rifling the house the first time.

CALL FOR REV. VAN NUYS.

Congregational Meeting Made it Formal and Definite.

The meeting last evening at the Presbyterian church called for the purpose of sending a call to the Rev. W. L. Van Nuys, of La Grande, was well attended and enthusiastic. It was decided unanimously that an invitation be sent to Mr. Van Nuys, and a letter was mailed to him last evening. It is almost certain that he will accept the call, though there is strong pressure being brought to bear on him by his friends in La Grande, who are much opposed to his leaving that city. It is the desire of Mr. Van Nuys, however, to come to this city in the interest of the Academy, he wishing to work in harmony with the president of the institution for its upbuilding.

Committees were also appointed to provide for the running expenses of the church for the year commencing April 1.

Took George Bonham Home.

A. R. Grant, sheriff at North Yakima, left last night for his home, having in custody George Bonham, awaiting in that city on the charge of obtaining money under false pretenses. The man was caught in this city and held.

JUST IN TIME.

A motorman in Chicago ran his car onto the approach of an open bridge and stopped it with the fender actually overhanging the gulf below. He wouldn't want to repeat the experiment because the chances are that he'd never again have the same good fortune.

Once in a while some one who has traveled to the very edge of the danger line of stomach disease stops just in time to save his health. But the majority of people go across the line, and slight symptoms of indigestion grow to disease of the stomach, involving the other organs of digestion and nutrition. Indigestion and other forms of stomach "trouble" are perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the whole body by enabling the perfect digestion and assimilation of food.

\$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"I have been suffering for about eight years," writes Mrs. H. Pierce, of Millington, Ky. "I have had several doctors to treat me—some for female weakness and others for stomach trouble, but received no relief. When I wrote you for advice I was nearly able to work, and you advised me what to do. I took nine bottles, five of 'Golden Medical Discovery,' four of 'Favorite Prescription,' and two of the 'Pellagra-Bel' medicines will do all that you claim for them. Believe I would have been in my grave if I had not taken them."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. K. V. Pierce, Buffalo, N. Y.

Ms. O. A. Hill. Last summer I was troubled with rheumatism in both feet. I was disabled from work, but 5 of your pills cured me. I am now as well as I was at 18 years old. I have been in Wisconsin but two months, and with one of your boxes of your pills I have cured three cases. Yours truly, H. D. Strout, Greenleaf, Minn. At Your Druggists.

MAY OPEN LIQUOR STORE.

John Gagen is Looking for a Location and May Return to Pendleton.

John Gagen of Sumpter, is in the city for a visit and will, in all probability, locate here in the near future. Mr. Gagen was formerly a resident of this city, being for a long time the proprietor of the Golden Rule hotel. He is now looking for a location for a family liquor house and has about completed arrangements for a place which, if consummated, will be opened in about a month.

Moved to Umatilla.

Mr. and Mrs. W. C. Thompson and family left this morning for Umatilla where Mr. Thompson is employed by the O. R. & N. in the yards. He has been at work for the company there for some time, and is now removing his family there for their future home.
