## Pendleton's Most Satisfactory Ready-to-Wear Department

A broad claim, but true. There is an air of refinement, of exclusiveness about the garments shown here that is refreshing. They are artistic from the fact that they come from the continent's best makers. Exclusive, because they are samples principally and Only one of a kind, a most desirable condition, appreciated by every woman. Then, too, we own these garments cheaper than they can be made, for after a manufacturer has taken his orders he has no further use for the samples, so to make it short, our buyer gets them in their usual way, very much under price. We pass them to you with only a small profit attached. The spring suits are beautiful creations of the tailor's art. Styles are various, but the Eton jacket seems to have the preference. Now novelty sultings in rather light colors are here and are greatly admired, but the staple colors, blues, blacks, greys and browns, are very stylish and handsome, such suits as will be priced in stores at \$30 to \$40, are here for the season's opening at \$10, \$12.50, \$15, \$18,

Not in the memory of the oldes settler has there been such a good outlook for a rousing crop of wheat in Umatilla county, as at present.

## **WONDERFUL CURE** OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced.

#### **EIGHT DOCTORS**

And Many Remedies Failed to do a Cent's Worth of Good.

"About five years ago I was troubled with sore hands, so sore that when I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad doctors, but none of them seemed to do
me any good, as my hands were as bad
when I got through doctoring as when
I first began. I also tried many remedies, but none of them ever did me one
cent's worth of good. I was discouraged and heart-sore. I would feel so
bad mornings when I got up, to think
I had to go to work and stand the pain
for ten hours, and I often felt like giving up my position. Before I started
to work mornings I would have to
wrap every finger up separately, so
as to try and keep them soft and then
wear gloves over the rags to keep
the grease from getting on my work.
At night I would have to wear gloves
in bed. In fact, I had to wear gloves
all the time. But thanks to Cuticurs,
the greatest of all great skin cures.
After doctoring for three years, and
spending much money, a 50c. box of
Cuticurs Cintment ended all my sufferings. It's been two years since I used
any and I don't know what sore hands
are now, and never lost a day's work
while using Cuticurs Cintment."

A LONG "BEAT."

From Rock Springs to Pendleton in a Box Car.

One man beat the railroad com pany this week, and had a fine long ride with dining car privileges, at no cost to himself

The Woolen Mills ordered a car of coal from Rock Creek, Wyoming which arrived this morning, and Fred Judd went out to see that it was of the quality ordered, and found the car sealed. He thought, when he was examining the seal, that he heard some one in the car crying for him to open the door, but not being sure that the car was his, phoned to the office of the company

When the door was opened a man sprang from the car, and, running down the track, disappeared before the astonished Pendletonite could re-cover his sight. In the car were found a blanket and the litter of several days' journey. The tourist had evidently prepared for the journey, for he had laid in a supply of canned goods and a cask of water before al-lowing himself to be sealed up in his palace car.
