

# AMONG THE EXCHANGES OF THE INLAND EMPIRE

**Boise Wants Pure Drinks.**  
Pure Food Inspector McPherson has issued the following notice to those who operate soda fountains and sell ice cream and soft drinks, calling attention to the fact that no deleterious coloring matter will be permitted to be used in such products the coming summer:  
Boise, Ida., March 1, 1904.—To all manufacturers of soft drinks, ice cream, etc., and dealers in soda fountain products: You are hereby notified that the use of coal tar colors or other mineral dyes or the use of preservatives, such as formaldehyde, salicylic acid or any other deleterious substance, will be considered a violation of the Idaho dairy and pure food law.  
A vegetable coloring matter that is a food in itself may be used, provided it is so stated on the label of the package containing the same, or on a card hung up at the place of sale, in order that the consumer may be fully advised as to the coloring matter so used.—Boise Statesman.

**No Hope for Posterity.**  
Our friend John Van Horn is the victim of a sad misfortune, says the Fossil Journal. It will be remembered that when he returned from his old home in Missouri last fall John brought home with him a pair of "possums," with the intention of raising a sufficient number of "possums" to supply all the Missourians in this part of the country, from whom he booked some 17 or 18 advance orders. But, alas! John was so long away from the old state that he forgot to say "Show me," and last week, to his intense chagrin, he made the accidental discovery that both of his "possums" are females, with no present hope of posterity. When the Missourians who have placed orders get wind of this mishap they will be real mad, and John is preparing to go out to his ranch until the storm blows over.

**Spring has Struck Walla Walla.**  
The powdered gold of the Oregon grape blossoms and the lavender

will sweet pea will be seen within a short time. Later the lavender violet in the swamps, the white prairie violet and the purple wood violets along the lake shores will all awaken from their winter sleep. Then the dogwood and the spirea will come and summer will be ushered in with goldenrod, daisies, tiger lilies, lupines and wild columbines.  
With the rapidly lengthening days and the softening air, with the tingle of quickening blood as it courses through one's veins, with the bright sunshine which drives away the clouds but for a brief period, it is evident that the earth will soon be in its youthful garments again, and every living thing will rejoice.—Walla Walla Union.

**Will Irrigate Payette Valley.**  
The state land board has given unqualified indorsement to the proposed reclamation by the government of all lands in the Boise and Payette valleys which are susceptible of irrigation.  
At a meeting of the board held yesterday the question was discussed at some length, especially as to its bearing upon the interests of the state. The members of the board were unanimous in the belief that great benefit would result to the state through the project and it was their desire that the committee of land owners should be given every assistance in the work of organization.—Boise Capital News.

**Dog Poisoner at Work.**  
Fifteen dogs found dead in Union one morning, as the result of poisoned meat being scattered about town. The arts of the dog poisoner are always reprehensible and have for so long a time been condemned that it seems useless to say more at this time.  
The majority of the dogs killed were not valuable, but we understand that some valuable dogs were in the lot.  
An effort is being made to ascertain who put out the poison, but it is hardly likely that the individual will be found.—Union Republican.

student of history and the Scriptures.

Among the places to be visited are Madeira, Gibraltar, Northern Africa, Malta, Greece, Turkey, Asia Minor, Syria, the Holy Land, Egypt, Italy and the Riviera. In addition a number of side trips have been arranged for those who wish to take them. Herbert E. Clark, at present United States Vice-Consul at Jerusalem and a resident of Palestine for 36 years, will personally accompany and direct the trip. At Jerusalem the members of the party will be cared for in hotels, convents and the homes of American residents.  
Three days, April 18, 19 and 20, will be given up to the World's Sunday School convention, held in tents just outside the city walls. In addition to the numerous places of interest within the walls of Jerusalem, the visitors will be taken on numerous excursions through the valleys and towns round about the Holy City. Special meetings will be held at such places as Bethany, the Mount of Olives and the Bethlehem hills. Trips will also be made to the Dead Sea, Mizpah, St. John's birthplace, Hebron, etc.  
Throughout the trip across the Atlantic and through the Mediterranean services will be conducted on board the ship every Sunday. An important part will be the Sunday school session for the study of the lesson of the day. Dr. Wm. B. Chamberlain, professor of sacred music in the Chicago theological seminary, has prepared a selection of hymns and music suitable to the subjects to be presented at the convention and commemorative of the scenes visited and the historic events suggested in addition to numbers appropriate to general worship and the Sabbath day services, to the missionary and other interests brought to the attention of the tourists, and to the home land.  
The chief promoters of this Twentieth Century crusade are all business men who find leisure to devote much attention to Sunday school work. Foremost among the number are E. K. Warren, a wealthy manufacturer of Three Oaks, Mich., who is chairman of the executive committee of the World's Sunday school congress; W. N. Hartshorn, a Boston publisher who is treasurer of the central executive committee, and W. J. Semelroth, of St. Louis, who is secretary of the committee.

**Do You Want Strength?**  
If you want to increase your strength you must add to not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Tallman & Co.

**Notice.**  
All persons knowing themselves indebted to W. T. Boynton will kindly call and settle at once, as I need the money. W. T. BOYNTON.

Carl Muhlbach, a wealthy New York manufacturer, and Lena Taschenbach were found in the former's apartments dead, both shot through the head.

**OFF TO HOLY LAND**  
EIGHT HUNDRED FIFTY PILGRIMS ON ONE SHIP.

Delegates From Every Part of the United States and Canada to the World's Sunday School Congress—Greatest Religious Crusade Since the Middle Ages—Chief Promoters of Present Movement are Wealthy Men.

New York, March 8. — When the big steamer Grosser Kurfurst of the North German Lloyd line puffed and snorted her way out of her berth in Hoboken today and turned her nose seaward there was a great waving of hats and handkerchiefs from the large crowd assembled on the dock to bid bon voyage to the 850 pilgrims bound for the Holy Land. The ship carries the American delegates to the World's Sunday School Congress, which is to be held in Jerusalem next month. Nearly every state and territory of the union is represented among the 850 passengers and a number of Canadian Sunday School workers are also among the party. The pilgrimage is the most notable of its kind since the crusades of the middle ages, the two being comparable in numbers and enthusiasm, though not in purpose. The most elaborate arrangements have been made for the trip and the itinerary is all that could be desired by the
