

Pendleton's Most Satisfactory Ready-to-Wear Department

A broad claim, but true. There is an air of refinement, of exclusiveness about the garments shown here that is refreshing. They are artistic from the fact that they come from the continent's best makers. Exclusive, because they are samples principally and only one of a kind, a most desirable condition, appreciated by every woman. Then, too, we own these garments cheaper than they can be made, for after a manufacturer has taken his orders he has no further use for the samples, so to make it short, our buyer gets them in their usual way, very much under price. We pass them to you with only a small profit attached. The spring suits are beautiful creations of the tailor's art. Styles are various, but the Eton jacket seems to have the preference. Now novelty but the staple colors, blues, blacks, greys and browns, are very stylish and handsome, such suits as will be priced in stores at \$30 to \$40, are here for the season's opening at \$10, \$12.50, \$15, \$18, \$20.

JIM JOSHUA WAS DRUNK.

Indian Suicide Had no Trouble With His Wife, But Had Been Drinking Heavily.

Moses Johnson, an educated Umatilla who was in the city today said there had been no trouble between Jim Joshua and his wife, prior to Joshua's suicide a week ago.

Joshua had always been considered a sober man, but on the Saturday night before he committed suicide, he was beastly drunk, and continued his drinking all day Sunday. During Sunday and Sunday night, he drank two large beer bottles full of whisky, and on Monday morning he was yet under the influence of the liquor and could eat no breakfast.

He had carried two old cartridges in a coat pocket for over a month and after eating a light breakfast he took his gun down and went to the tepee. His wife knew he had no cartridges in the house, but did not know of these in his coat pocket and when she heard the shots was startled, and running to the tepee, found him dead. She is a wood woman and there has been no difficulty as reported.

Mr. Wheelwright was born in Ogden, and remembers the city when

PHYSICAL HOUSE-CLEANING

A Thorough Cleansing of the System Now is the Surest Protection Against Spring and Summer Sickness.

No good house keeper ever neglects Spring cleaning. With plenty of soap and water, hard scrubbing and scouring, sunlight and air, she soon gets rid of all rubbish, musty odors, germs and microbes, and the dust and dirt that have accumulated during the long winter months. But when the house has been put in order, and the premises cleared of all old plunder and trash, the great majority of house keepers feel that Spring cleaning is over, and forget that their systems may be in a worse condition than the house, and that the bad feelings, debility, loss of appetite, nervousness and sleeplessness from which they are suffering are due to neglect of the more important and necessary work of Physical house cleaning. A clean house does not insure against disease, but a clean system does. The poisons and humors engendered within the body, the waste matter that is clogging the system and contaminating and vitiating the blood, are far more dangerous to health than the dirt and dust of our homes. In the winter time we give free rein to our appetites, and eat more and oftener than is for our good. We inhale the polluted air of badly ventilated offices and rooms, take little or no exercise, and our bodies become a veritable hot-bed of disease-bearing germs, and our blood is loaded with impurities and poisons of every conceivable kind; and no wonder that Spring time is so often Sick time and finds us in such poor physical condition, with vitality slowly wasting away, our digestion impaired, the liver torpid, and all the bodily organs over-worked and out of repair. Unless our systems are given a thorough cleaning, and the blood purged and purified, the simplest malady may develop into some serious disorder or end in chronic invalidism, and often the pent-up impurities, poisons and humors break out through the skin, and all through the Spring and Summer you are tormented with boils, itchy rashes, sores, bumps and pimples, and all manner of ugly pustular and scaly eruptions.

Physical house cleaning should begin with the blood. It must be purified and strengthened, and when a stream of pure, rich blood is turned into all the nooks and corners of the system, the rubbish and disease-producing poisons are washed out, and the congested channels and avenues of the body are opened, and Physical house cleaning is made thorough and complete. S. S. S. cleanses the blood of taints and poisons and expels the waste and rubbish from the system. It is to the system what soap and water are to the house. Nothing else so quickly removes the stubborn, deeply-rooted poisons and humors that are destroying the purity of the blood and blocking the avenues of health and life.

A course of S. S. S. now will put your system in perfect order and fortify you against the debilitating diseases and aggravating skin troubles that are sure to come if your physical welfare has been neglected.

S. S. S. is not only the best of all blood purifiers, but an unequalled tonic and appetizer. It builds you up, improves the appetite, and aids the digestion and assimilation of food, and keeps the system in a healthy, vigorous condition. S. S. S. is guaranteed purely vegetable, and can be taken by the old, middle-aged and young without danger of any harmful effects. S. S. S. is a blood purifier and tonic combined, a perfect Spring medicine and indispensable in Physical house cleaning. Write us fully about your case. No charge for medical advice.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Women's Headaches

542 1-2 Congress Street. PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelm Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
