ICE CREAM SUPPLY

PENDLETON CAN MAKE 400 GALLONS PER DAY.

Largest Plant in the State Outside of Portland, Located in This City, With Capacity of 200 Gallons of Ice Cream Daily—Supply of Cream Will Probably Come From Walla Walla — North Powder a Bidder for Pendleton Trade.

Pendleton has facilities for making about 400 gallons of ice cream per day, and as the ice cream season is approaching, the confectioners are preparing for the supply of cream for this enormous output.

Heretofore the cream used in Pendleton has come from Walla Walla, but the grocers and confectioners had hoped to be able to purchase their supply this year from a home creamery.

Owing to the great demands upon the Walla Walla creamery, and the widening territory supplied by it, it is doubtful if it can supply all its customers promptly, and as the supply of ice cream needed this year, will be larger than ever before, the confectioners are wondering where the cream will come from.

One ice cream plant, in this city, is prepared to make 200 gallons of ice cream per day, the largest single plant of that kind in the state, outside of Portland, while there are several others of a large capacity. Some of the ice cream parlors in the city ship in the manufactured ice cream, but most of them manufacture it at home.

Among the bidders for supplying cream to Pendleton confectioners is North Powder from where several letters have been received recently, soliciting business here.

Owing to the distance and the irregularity of the trains, it is not thought that this creamery will furnish much of the supply, and it is likely that Walla Walla and Spokane will be the principal supply points, as in the past, with occasional orders from local dairymen and nearby points.

Pendleton will supply all the nearby towns with ice cream, this season, arrangements now being made to ship a daily supply from here.

WOMEN HAVE SECRETS.

Thirty Confidential Clerks in Pendleton Who Could Upset the Business World of the City.

In Pendleton are about 30 young women clerks, cashiers, and confidential secretaries, connected with every one of the largest business establishments, who keep priceless secrets, day in and day out, without so much as whispering them to their bosom friends.

Not an important business is conducted in the city, that has not in its employe, in some capacity, a woman cashier, clerk, stenographer, or confidential secretary, who knows the inside facts of the business.

Lawyers, merchants, banks, doctors, and in fact almost every important business in the city trusts its valuable secrets to a bright, intelligent young woman, who must know all the inside details of the business to be able to conduct her part of it.

The old saw about woman's inability to keep a secret is completely overturned, day by day in this and every other city, in the competent active service of the young women who occupy positions of the highest trust.

If one of these young women should tell any part of the great business secrets she possesses, it would upset and demoralize the business she represents. She carries priceless information in her breast, which many a competitor would be glad to know.

NEW SAFE DOOR NEEDED.

Door of O. R. & N. Safe at Weston Twisted by Dynamite.

Weston, March 11.—A new safe door will be necessary for the O. R. & N. office safe in this city, owing to the wreck of the safe by the saboteurs Wednesday morning.

The safe was not damaged aside from twisting the door out of shape. A machinist from Walla Walla worked most of the day yesterday in removing the old door. No trace of the burglars has yet been found.

There have been no suspicious characters here recently.

TURNKEY STILL MISSING.

Frank Sayers of Walla Walla, Has a Reputation for Leaving His Family.

Walla Walla, March 11.—No trace has yet been found of Frank Sayers, the turnkey missing from the penitentiary.

It is now reported that Sayers once left his family, in this way, while residing in Dayton, and his friends think he will return in a short time.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—MISS AGNES MILLER, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has greatly benefited me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—JESSIE C. LINDBECK, 1201 6th Street, Rockford, Ill.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice has restored to health more than one hundred thousand women. Why don't you try it, my sick sisters?

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.
