OUTSIDE SCHOOLS

SCHOOLS AT FOSTER, UMATILLA AND ECHO.

New School House at Echo is Built On Plans Once Made for a Pendleton Building — Schools at all the Points Mentioned are Conducted Up-to Date in Every Respect.

Supt. Nowlin has returned from a trip to the schools of Echo, Umatilla and Foster, and finds them in the best of condition.

At Echo the school has two teachers, Miss Francella Duncan being the principal, assisted by Miss Celestina Moorhouse. The condition of the school was found to be very good, the work being carried well in hand by the ladies having it in charge.

The new school house at Echo is nearly ready. The painters are now at work on the building, while the carpenter work has all been finished. This building was built on the plans drawn by Theodore Howard, some seven years ago for this city. At the time it was decided that the city could not afford to build, and the school board of Echo seeing the draft of the building, accepted it as the one needed for the city.

The school at Umatilla conducted by C. G. Morey, is one of the best in the county. Mr. Morey has proven by his work that he is a good instructor and is skilled in the art of managing children.

J. F. Slaughter at Foster, is also conducting a very successful school at that little city. Mr. Nowlin found the school to be well handled and the children to be well graded.
