SCHOOL BOND ISSUE

BUSINESS MEN AND SCHOOL BOARD ARE IN CONFERENCE.

Effort Will Be Made to Agree Upon a Site for New Building Prior to an Election—Today is Being Devoted to an Analysis of the Subject—Board Will Meet for Action Tonight.

The school board held a meeting last night and the bond issue was discussed from all sides. It was decided before calling for the issue that the location of the proposed building should be decided upon, and to this end the board today will make a canvass of the different places which have been under discussion.

Several of the business men who have, and do, take an interest in the fate of the public schools, will be invited to make a trip over the city today with the board, and an effort will be made to arrive at some agreement as to a location for the building, and the best general plan to be pursued.

The question as to whether it would be best to build one 16-room building, two eight-room buildings, or one of eight and one of four rooms, will be talked over, and one plan or the other adopted. The board will hold another meeting this

evening, and in all probability will reach some conclusion upon which to base a call.

JAPS NEED HORSES

TEN THOUSAND CAVALRY MOUNTS TO BE BOUGHT.

Eastern Oregon and Washington, and British Columbia Expected to Furnish This Supply—No Restrictions to Be Made on Color—1,000 to 1,100 Pound Horses Wanted.

The Japanese government will buy at least 10,000 cavalry horses in Eastern Oregon, Washington and British Columbia this spring. If this number can be found.

While the agents of the Japanese are working on the quiet, it has been authoritatively learned that the purchase of this consignment of horses will be made early this spring, and already inquiries have been secretly sent out as to the possibility of securing any part of this number from the ranges of this state.

The horses are to be of the same general requirement as those selected for cavalry service by the United States government, except as to color, and no line will be drawn on color. Anything that has four sound legs, a strong back and nerve enough to carry a 120-pound Jap will be acceptable, according to the inquiries made in this city.

As the country has been scoured over thoroughly by the United States government within the last year, horsemen doubt very much that any large proportion of this consignment of cavalry horses will be found in either Eastern Oregon or Washington.

The prices of horses are higher this year by 10 per cent than last year and while it would be possible to secure a large number of 1,000 to 1,100-pound horses without any restriction on color, the regulation cavalry horse, as purchased by the United States government is scarce.

RETURNS FROM FUNERAL.

E. B. McFarland, of Adams, Attended Funeral of Brother, Who Was Drowned in Snake River.

E. B. McFarland, of Adams, returned today from Lewiston, Idaho, where he attended the funeral of his brother, Ephriam McFarland, who was drowned in Snake River, with another brother, Bert McFarland, on November 27, while rescuing machinery from the wrecked steamer in the river, at Mountain Sheep Rapids.

The remains of Ephriam McFarland were found only last Monday, near Lewiston, after having been in the river for almost four months, and the other brother has not yet been found.

Mr. McFarland has written to all the officers of counties bordering on the Snake and Columbia rivers, to be on the lookout for the corpse, when the high water of spring starts, as he thinks the body has been washed down the river and may be found many miles below Lewiston.

Bert McFarland, the brother still missing, was 27 years old, weighed about 160 pounds, and had amalgam fillings in his teeth, with also two Richmond crowns in his upper front teeth. He was a veteran of the Spanish war, having served three years in the 35th regiment, company I.

Any information concerning a corpse of this description would be appreciated by E. B. McFarland, of Adams, Ore.

Their visit is in connection with the case now before the courts in which the Hudson Bay people wish to take water from the Little Walla Walla river above the ditch of the other company, which action has been enjoined by the court.

MOOT COURT.

Fred Anderson Will Be Tried at Assembly Hall Friday Night.

Things will be doing in a criminal way at the assembly hall Friday evening, when a moot court will convene for the trial of Fred Milne, who is accused by Fred Anderson of the larceny of a sweater from the gymnasium.

Glenn Scott will preside as judge, Frank Pierce will act as sheriff, Lester Cronin will be the bailiff, and Elmer Storey the clerk of the court. Will Wyrick, George Strand and Fred Hartman will act as attorneys for the prosecution, while the prisoner will be defended by Dell McCarty, Orville Reeves and Dave Hill.

GOT THREE DAYS.

Had Promised to Stay Sober and Leave Town, But Did Neither.

D. W. Bowman was arrested this morning for being drunk on the streets, and was sentenced to three days in the city jail.

His fine was paid by a friend, and he promised to return to his home at Milton. He said he was about to reform and would leave the city as quick as he could.

This morning he was picked up drunker than before, and will be given a few days to sober up. He is a farmer in the vicinity of Milton, where he owns a good place.
