

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GENERAL NEWS.

Archbishop Farley has left Rome on his return trip to America.

Jesse Spaulding, one of Chicago's heavy capitalists, is dead, of stomach troubles.

William E. Sewell, late governor of Guam, died March 17 at San Francisco, of an abscess of the liver. He had been in the navy all his life.

President Roosevelt has eight months hard work completely mapped out and cannot see any interim in which he can see the World's Fair.

The following conditions are made for the airship contest at the World's Fair: Distance, 10 miles; average speed, 18 1/2 miles per hour. Prize, \$100,000.

A completed trolley line is in operation between New York and Philadelphia. The trip can now be made by trolley from Philadelphia to Dover, N. H.

"Estimates" and "semi-official" authoritative statements conclusively prove that the garrison at Port Arthur consists of anywhere from 2,500 men to 40,000 men.

Signora Antoinette Sillimbani, an Italian aeronaut, was drowned in the Rio del Plata, near Buenos Ayres, by the collapsing of her balloon at a great height directly over the river.

Seats in Hazard's pavilion at Los Angeles are being sold for the M. E. world's conference, which meets in May. Sixty-nine boxes have been sold for \$7,091. One box sold for \$175.

A true bill has been found by a Kansas grand jury against Senator Chauncey M. Depew, of New York, as a co-defendant, for fencing in government land in Western Kansas and using it as a private range.

PACIFIC NORTHWEST NEWS.

William Jennings, of Fremont, Neb., is wanted in Eugene for adultery, and will be brought back to Oregon for trial.

Hilda Wilien, a servant girl in Astoria, was accidentally shot and killed by the 13-year-old son of Police Commissioner William J. Cook.

Communication with Tillamook has been established by the stage company by way of Sheridan, all other roads being blockaded with snow.

Owing to the hazing of a scholar by the cadet corps of the public schools of North Yakima, the corps has been disbanded by the school board.

Fairmount postoffice, in the suburbs of Eugene, has been discontinued, as the patronage was decreasing so rapidly. The people will now be served by rural delivery.

David Ferguson, a pioneer miner of British Columbia, committed suicide at Saanich, Vancouver Island, Thursday, by cutting his throat with a pen knife, and bleeding to death.

Irwin Mahon, secretary of the National Mining Congress, has taken up his headquarters in Portland and is preparing for the next congress, which will be held in Portland in September.

Sacramento contractors have decided to make that city an open shop town for labor, and consequently discharged all union employees, Thursday, and will hereafter hire whom they please, without dictation from the unions.

WONDERS ORGANIZE

TEAM IS STRONGER THAN EVER BEFORE.

Line-Up Has Been Determined, and the Club Will Put Up Vigorous and Skillful Ball—Outside Teams Have Already Sent Challenges—Standing Will Be Strictly Amateur—Membership Confined to Pendleton.

A team of young men have reorganized the Wonder baseball team, and have been practicing for three weeks. The men have all been lined up for their places, and in a short time will be in trim for some good ball.

The team was a strong one last year, and this season has added some good material, so that it will make a better showing than ever before.

The personnel of the team and the positions are as follows: W. W. Smith, catcher; L. H. Jones and Jerry King, pitchers; Moscow Froome, first base; Roy Alexander, second base; Robert Kruger, third base; Lee Drake, right field; George Castle, center field; Lester Cronin, left field; Fred Hartman, shortstop.

Wasco and Adams have already asked for games, and as soon as the dates can be arranged the fun will commence. The management of the team will also arrange games with Helix, Walla Walla, Athena and other of the teams in the vicinity.

The standing of the team will be strictly amateur, and all of the players will be Pendleton boys. When the schedule is arranged some very good games will be the result. As yet the boys have had no games this season. For some time there was talk of a team being organized by the railroad men who wished to play the Wonders, but the scheme seems to have fallen through.

SUPPORT IS APPRECIATED.

Trustee of Pendleton Academy Expresses Gratitude to Pendleton.

Dr. W. S. Holt, who has been working in the interest of Pendleton academy for the past two days, expresses satisfaction at the hearty support of Pendleton people to the academy.

In speaking of the scope and work of the academy Dr. Holt says: "The Pendleton friends are making hearty response to the directors. On every hand appreciation of the academy is shown."

"It is a great benefit to have such a school at home; young men and women can be prepared for Eastern or Western colleges without being away from home."

"It is well known that such schools cannot and do not depend upon tuitions to meet expenses. Rates of tuition sufficient to pay would prohibit many young people from securing advanced education."

"Colleges and universities everywhere depend upon state aid, which means taxation or upon endowment. Academies in large communities may be self-supporting only by excessive rates of tuition, otherwise they must receive aid from those interested in such advanced and special education as can be provided no where else. Pendleton residents appreciate this fact."

"They are personally interested in the maintenance of a first-class school. Such a school the present management purposes to afford."

"The directors of the academy appreciate the courtesy and good will shown and interest taken in the school."

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He is now sound and well." "Everybody ought to know it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by Tallman & Co., druggists. Price 50c and \$1.00. Trial bottles free."

Coal Prices Drop.

A drop in the price of coal which has been expected for some time was made yesterday. It was only 25 cents per ton, but it was a good starter and a further drop is expected within a few weeks. The drop in the price is the result of a similar drop in the price to the dealers made by the railroads some six weeks ago. At that time the dealers were caught with a large stock on hands and the delay was to give them a chance to work off their stock.—Boise Statesman.

To all of my Friends and Patrons: I take pleasure in introducing to my friends, Drs. L. L. and T. H. White, to whom I have sold my dental business in this city. I thoroughly recommend the Drs. White as first-class dentists in every respect, and will esteem it a favor for any of my patients to place their cases in the hands of the Drs. White.

Respectfully,
E. A. MANN.

Says it's a Pleasure.

Walla Walla, Wash., Sept. 3, 1903. "It is a pleasure for me to be able to recommend TRIB as a liquor and tobacco cure, and as a treatment to cleanse the entire system. F. S. Lewis, ex-champion middleweight champion of the world. Tallman & Co., local agents."

NEW HILL LINE.

Great Northern Has Forestalled the Union Pacific.

New York, March 18.—The report from the Northwest that the Great Northern interests have practically obtained an option on the Bellingham Bay & British Columbia road, the Washington railroad controlled by D. O. Mills and his associates, is confirmed in Wall street. This line has under operation about 50 miles of road in the northern part of Washington, running from New Whatcom to Maple Falls.

Spokane was planned to make a new route to the Pacific coast, and it was generally reported that E. H. Harriman intended to use the line as a North Pacific route, letting the Union Pacific through Spokane to Puget Sound. The practical purchase by the Hill interests removes this possibility.

The fish caught on the Siberian coast formerly went to Japan as a fertilizer. The catch in 1902 as a fertilizer would have brought but \$515,000 but by salting and cutting at the same fish and selling them at the lowest price they brought three times as much.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address BRADFIELD REGULATOR CO., Atlanta, Ga.
