STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children?

How anxious women ought to be to give their children the blessing of a good constitution!

Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by **Lydia E. Pinkham's Vegetable Compound** more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

Lydia E. Pinkham's Vegetable Compound.

The Medicine that has Cured the Ills of a Million Women is **Lydia E. Pinkham's Vegetable Compound.**

Read These Two Remarkable Cures.

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using **Lydia E. Pinkham's Vegetable Compound** advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish, tired feeling disappeared, and I became strong and well.

"Within a year after, I became the mother of a strong, healthy child, the joy of out home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, MRS. ANNA POTTS, 510 Park Ave., Hot Springs, Ark."

"DEAR MRS. PINKHAM:—I was married for five years, and gave birth to two premature children. After that I took **Lydia E. Pinkham's Vegetable Compound,** and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, MRS. MAE P. WIDARRY, Flat 31, The Norman, Milwaukee, Wis." Sec. Northshore Oratorical Society.

U. S. WANTS COOKS

EVER PRESENT NEED AT INDIAN SCHOOLS.

Age, Physical Condition and Ability to Do Good Cooking the Basis of the Examination—No Educational Test is Made—Salaries From Four Hundred to Six Hundred Per Annum.

Washington, D. C., March 18.—The American housewife is not the only one who has difficulty in obtaining a good cook. Uncle Sam is worried over the same problem. A number of cooks are needed in the Indian service and the government is offering inducements to secure competent knights of the gridiron. The civil service commission will hold an examination tomorrow, and as an inducement to applicants it says:

"In view of the difficulties which the commission has experienced in securing eligibles for the position of cook, it is desired that all persons who are qualified will apply for this position. No educational test will be given and it will not be necessary for applicants to appear at any place for examination."

There are 19 Indian schools where dyspepsia is said to run riot because of a lack of competent cooks. At Navajo, N. M., and Carlisle, Pa., salaries of $600 a year are offered. Three of the schools offer $540; six offer $500; five offer $480 and three offer $400.

The requirements are that applicants must be 20 years of age or more, and in the certification of cooks age will count for 20, physical condition 20, and ability to properly broil beefsteak and turn out a variety of hash that will stand investigation, will count 60 points out of a possible 100.

NEGRO HANGED.

Murdered a Woman and Her Child January 30.

Roanoke, Va., March 18.—The negro, Henry Williams, whose capture and trial were attended by many sensational features, including the calling out of 18 companies of militia to prevent mob violence, was hanged today.

On January 30 last, Williams assaulted Mrs. George J. Shields and her 3-year-old daughter with a hatchet, razor and pocket knife and left them for dead. After hacking and fracturing the skulls of his victims with a hatchet, Williams cut Mrs. Shields' throat from ear to ear with a razor and locked her in a clothes closet. He escaped to the coal fields, where he was captured a few days later. He confessed to the crime and was rushed across the state of Virginia on a special train to Richmond. He was brought here for trial on a special train, under escort of more than 1,000 soldiers, and a heavy guard was maintained about the court house during the trial.

When present plans are carried out, Pearl Harbor (Honolulu) will be one of the finest island naval depots and harbors in the world.

TAMMANY WORSTED.

Murphy Loses in a Contest With David B. Hill.

New York, March 18.—The Tammany Tiger, or rather the autocratic leader of Tammany Hall, Charles F. Murphy, has fought a fierce battle with David B. Hill, who was considered a sort of political "has been," and to the surprise of the Tammany faction and the amusement of the opposition faction, has come out second best.

The issue in the fight was, nominally, a question of preference. Murphy for some reasons of his own, favors Cleveland for the presidential nomination on the democratic national ticket, while Hill is a supporter of Parker. Incidentally, however, other questions, not of a national character, were involved in the contest and, to those acquainted with all the inside facts, it was nothing more or less than a tug of war between two opposing factions among the democrats in New York.

It is safe to say, that Murphy never, not even for a single moment, expected to be defeated. He had his plans all arranged in the most beautiful fashion. He fully expected to be able to control Kings county and, with its help, the democracy of the whole state. But, that was where he made a mistake. Senator Patrick K. McCarren, the leader of the Kings county democracy refused point blank to become the tool of Tammany and sided with Hill in his support of Parker.

Murphy was a trifle too sure of his power, and tried to intimidate McCarren by threatening to depose him as leader of the Kings county democracy, but the senator stuck to his decision and fearlessly accepted Murphy's challenge. It became a war to the knife and Tammany was worsted.

Boise Needs Water.

Boise, March 18.—The members of the fire and water committee of the common council met with Mayor Hawley last evening and further considered the matter of securing a permanent water system for the city in accordance with the recommendations of the mayor in a special message to the council several weeks ago. The subject was gone over at considerable length and the various plans and ideas presented by numerous people at a former meeting was considered at length.
